Love and Soulmates Albert David Griffith, 2010-04-02 You wish to have love and to be happy This book represents an attempt to give you love and happiness by showing you a view of what love really is and how peace freedom and security surely come with it To help you to be happy the book with your cooperation tries to sneak certain very desirable concepts past your conscious mind and into your subconscious mind The sneaking is necessary because love peace freedom and security can only be known in nonintellectual ways You cannot think your way into them It would be like your trying to learn how an orange tastes by reading about it when you know that the best way to learn that taste is simply to taste an orange In the same way you cannot learn about love by reading about it You have to taste it Here we try to help you to taste love As part of that try we describe what soulmates truly are because the most satisfying of all relationships is the soulmate relationship So what would happen if you found your soulmate Please help us to help you to be happy
