SOULS IN THE GREAT MACHINE SEAN MCMULLEN

"Sean McMullen is one of the rare ones who can combine high technology, daring visions of future societies, and strong characters into high-rate science fiction."
—Ben Bova

Praise for Sean McMullen's Greatwinter Series

"Gives a new twist to the old SF theme of power and knowledge, and the power that can be gained by those with secret knowledge of the workings of the world. This is a powerful beginning, and promises to be a splendid, and splendidly imaginative, series."
—Paul J. McAuley

"A comprehensively imagined future... McMullen's knowledge and love of his country shows through his work. Vivid imagery... creates both history and believability. His world of Greatwinter's both tangible present and beautifully imagined."
—The New York Review of Science Fiction

"Completely satisfying... a complex and appealing world... McMullen joins my short list of authors who can write all the multiverse stories they like as long as they can keep delivering that bewitching magic, and we that make their worlds a pleasure to read."
