Below it, there are green plants with pink and yellow flowers. The background is a soft-focus green, suggesting a natural outdoor setting. What's That Sound, Blue? Susan Hood, 2002 Young readers can lift the big flaps in this jumbo board book to help Blue find out what's making sounds Readers can press the duck to make it squeak turn the wheel to make it click and more in this oversized interactive board book that is sure to keep little hands busy Full color illustrations **Ex-Cinema** Akira Lippit, 2012-09-30 What does it mean for film and video to be experimental In this collection of essays framed by the concept of meaning from outside and no longer Akira Mizuta Lippit explores the aesthetic technical and theoretical reverberations of avant garde film and video *Ex Cinema* is a sustained reflection on the ways in which experimental media artists move outside the conventions of mainstream cinema and initiate a dialogue on the meaning of cinema itself *Blue Note Records* Richard Cook, 2003 *Blue Note Records* is arguably the single most recognizable record label in the history of recorded music To millions of jazz fans around the world *Blue Note* is more than a business more than a back catalogue of extraordinary music even more than an exciting sound and a distinctive look It is the heart of jazz It is Miles Davis Thelonious Monk Bud Powell Sonny Rollins Horace Silver Kenny Burrell and the ubiquitous Art Blakey's *Jazz Messengers* all making their most significant early recordings under the auspices of the *Blue Note* genius *Blue Note Records The Biography* chronicles the life of the most famous and influential jazz label of them all Here is the detailed history of the label from the beginning days in 1939 when two German immigrants Alfred Lion and Francis Wolff began recording and releasing the hot jazz that they loved It's all here from the development to the rise fall and rebirth From Sidney Bechet to Norah Jones Richard Cook examines life behind the scenes and a parallel analysis of all the major records released throughout *Blue Note*'s history The pioneering label of jazz's golden age *Blue Note Records* is still a conspicuous arbiter of style that continues to have influence Richard Cook captures the subtle art of Rudy van Gelder's distinctive oft imitated recording techniques Francis Wolff's invaluable jazz photography and Reid Miles' cool trend setting album designs which together set the standard that became and continues to be the classic symbol of the best in jazz **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved

Blue Note Preaching in a Post-Soul World Otis Moss III, 2015-11-10 Can preaching recover a Blues sensibility and dare speak with authority in the midst of tragedy America is living stormy Monday but the pulpit is preaching happy Sunday The world is experiencing the Blues and pulpiteers are dispensing excessive doses of non prescribed prosaic sermons with severe ecclesiastical and theological side effects from chapter 1 Uniquely gifted preacher Otis Moss III helps preachers effectively communicate hope in a desperate and difficult world in this new work based on his 2014 Yale Lyman Beecher Lectures Moss challenges preachers to preach with a *Blue Note* sensibility which speaks directly to the tragedies faced by their congregants without falling into despair He then offers four powerful sermons that illustrate his *Blue Note* preaching style In them Moss beautifully and passionately brings to life biblical characters that speak to today's pressing issues including race discrimination and police brutality while maintaining a strong message of hope Moss shows how preachers

can teach their congregations to resist letting the darkness find its way into them and instead learn to dance in the dark
