Standards Policy For Information Infrastructure Publication Of The Information Infrastructure Project:

Standards Policy for Information Infrastructure Brian Kahin, Janet Abbate, 1995 Although there are many competing visions of information infrastructure there is universal agreement that standards will play a critical role The history of OSI the Internet and industry consortia shows that standards development has become a rich multifaceted process critically linked to market strategy and major issues of public policy The thirty three contributions to this book present a comprehensive picture of the state of the art in standards development for information technology and the options for federal policy The book includes both independent analysis and the perspectives of major stakeholders and other interested parties such as AT T the American National Standards Institute the European Commission and the Society of Motion Picture and Television Engineers A Publication of the Information Infrastructure Project at Harvard University *Publications of the National Institute of Standards and Technology ... Catalog* National Institute of Standards and Technology (U.S.), National Institute of Standards and Technology (U.S.). Information Resources and Services Division, 1994 **Monthly Catalog of United States Government Publications**, 1995 **Three Essays on de Jure Standard Setting and Internet Standards** Timothy Sean Simcoe, 2004 **The Information Revolution and National Security** Stuart J.D. Schwartzstein, 1996-12-19 **Joint Hearing on H.R. 2772, the GPO Wide Information Network for Data Online Act of 1991, and S. 2813, the GPO Gateway to Government Act of 1992** United States. Congress. House. Committee on House Administration, 1992 **Public switched network security assessment guidelines**, *The Unpredictable Certainty* National Research Council, Computer Science and Telecommunications Board, NII 2000 Steering Committee, 1996-03-26 We have available an impressive array of information technology We can transmit literature movies music and talk Government businesses and individuals are eager to go on line to buy sell teach learn and more How then should we go about developing an infrastructure for on line communication among everyone everywhere The Unpredictable Certainty explores the national information infrastructure NII as the collection of all public and private information services But how and when will the NII become a reality How will more and better services reach the home small businesses and remote locations The Unpredictable Certainty examines who will finance the NII exploring how technology companies decide to invest in deployment and the the vain search for killer apps applications that drive markets It discusses who will pay for ongoing services and how they will pay looking at past cost price models relevant to the future The Unpredictable Certainty discusses the underlying technologies appliances and services needed before the NII becomes a reality reviews key features of important technologies and analyzes current levels of deployment in telephone cable and broadcast television and wireless systems and the difficulties in interconnection The volume explores the challenge of open interfaces that stimulate new applications but also facilitate competition the trend toward the separation of infrastructure from specific services the tension between mature services and new contenders the growth of the Internet and more The roles governments at different

levels might play in fostering NII deployment are outlined including R D and the use of information infrastructure for better delivery of government services and information *Resources in Education* ,2000-10 Catalog of Federal Domestic Assistance United States. Office of Management and Budget,1969 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs
