La méthodologie d'élaboration des SOR repose sur une revue et une analyse critique des données de la littérature scientifique par un groupe d'experts pluridisciplinaire, permettant de définir, sur la base du niveau de preuve scientifique et du jugement argumenté des experts, des « Standards », des « Options » et des « Recommandations ». Avant publication, les SOR sont revus par des experts indépendants.

Objectifs. – Définir, sur la base d'une revue de la littérature et de l'accord d'experts, des Standards, Options et Recommandations pour la prise en charge des patients atteints de
