Ancient Okinawan Martial Arts Volume 2 Patrick McCarthy, Yuriko McCarthy, 2011-12-20 In Ancient Okinawan Martial Arts Koryu Uchinadi readers have access for the first time to an extensive collection of the most important documents written by and about Okinawa's most famous karate and kobudo masters and their arts as well as to photographs of kobujutsu katas of historical significance This two volume anthology includes previously untranslated texts by Chojun Miyagi founder of Goju Ryu Karate Kenwa Mabuni founder of Shito Ryu Karate Shinken Taira founder of Ryukyu Kobudo Choshin Chibana founder of Kobayashi Shorin Ryu Karate and Choki Motobu the notorious scrapper who in his maturity went on to teach many who became great masters in their own right Patrick McCarthy with the able assistance of his wife Yuriko McCarthy provides expert translation and commentary based on his extensive research into these masters and the systems they founded as well as into the establishment of the Okinawan karate tradition in the main islands of Japan *A Philatelic Ramble Through Chemistry* Edgar Heilbronner, Foil A. Miller, 2004-03 This is not a history of chemistry which uses stamps instead of the usual illustrations but a collection of short essays and comments on such chemistry as can be found on postage stamps and other philatelic items In other words the choice of topics is dictated by the philatelic material available with the necessary consequence that important parts of chemical history will be missing for the simple reason that they have not found their way onto postage stamps Thus the reader may find detailed comments on lesser known chemists such as Wilhelm August Lampadius who has been honoured with two stamps by the German Post Office but hardly anything on such luminaries as Robert Bunsen who have not been deemed worthy of a commemorative issue *Have a Beautiful Day* Bryan Arndt, PhD, 2014-11-26 I love early mornings including that period of darkness before sunrise It is during this special time of day that I can be alone with my thoughts write uninterrupted and feel as if I am at my most productive Over the years I have also found the best way to begin each day is to thank the universe for the gift of a new day These expressions of gratitude have a way of returning more of what it is I love about my life back to me I have also found that a good quote an affirmation or two thoughts from our ancient wisdom writers or words of inspiration from a variety of people especially creative people are the best way to kick off my day I make every moment special and meaningful I make every moment productive and rewarding I make every moment positive and life affirming Enjoying a lifetime's worth of beautiful days this is what I imagine believe and create for my whole self each and every day You can do the same you too can Imagine Believe Create a lifetime's worth of beautiful days How Open the book to today's date it can all begin right now Have a beautiful day *O-level Biology Complete Guide (Yellowreef)* Thomas Bond, Chris Hughes, 2016-02-17 published in March 2016 according to syllabus for exam up to year 2018 provide the expert guide to lead one through this highly demanding knowledge requirement exact and accurate definitions implement data mining to improve learning efficiency most efficient method of learning hence saves time advanced trade book buy print edition online at [www yellowreef com](http://www.yellowreef.com) to enjoy attractive discounts complete edition and

Portraying Authorship Anita Savo, 2024-05-01 Portraying Authorship argues that the medieval Castilian writer Juan Manuel fashioned a seemingly modern authorial persona from the accumulation and synthesis of medieval authorial roles In the manuscript culture of medieval Castile and across Latin Europe writers typically referred to their work in ways that corresponded to their role in the bookmaking process scribes took credit for preserving the works of others compilers for combining disparate texts in productive ways commentators for explaining obscure works and authors for writing their own words Combining literary analysis with book history Anita Savo reveals how Juan Manuel forged his authorial persona Don Juan by adopting all four medieval writerly roles thereby reaping the ethical benefits of each one Each chapter in Portraying Authorship highlights a different authorial role to show how Don Juan and others who wrote in his name assumed responsibility for that role and adapted its rhetoric to his vernacular literary project The book concludes that Don Juan s authorial self portrait not only gave the humanist writers of the fifteenth century a model to imitate but also persuaded subsequent scribes editors and translators to portray him as an individual author In doing so Portraying Authorship illuminates how Juan Manuel s concept of authorship helped to secure him a privileged position in narratives of Spanish literary history

A History of English Laughter Manfred Pfister, 2002 Is there a history of laughter Or isn t laughter an anthropological constant rather and thus beyond history a human feature that has defined humanity as homo ridens from cave man and cave woman to us The contributors to this collection of essays believe that laughter does have a history and try to identify continuities and turning points of this history by studying a series of English texts both canonical and non canonical from Anglosaxon to contemporary As this is not another book on the history of the comic or of comedy it does not restrict itself to comic genres some of the essays actually go out of their way to discover laughter at the margins of texts where one would not have expected it all in Beowulf or Paradise Lost or the Gothic Novel Laughter at the margins of texts which often coincides with laughter from the margins of society and its orthodoxies is one of the special concerns of this book This goes together with an interest in impure forms of laughter in laughter that is not the serene and intellectually or emotionally distanced response to a comic stimulus which is at the heart of many philosophical theories of the comic but emotionally disturbed and troubled aggressive and transgressive satanic and sardonic laughter We do not ask then what is comic but who laughs at and with whom where when why and how
