

Stanley Cavell A Critical Reader

Espen Dahl

Stanley Cavell A Critical Reader:

Hamlet: A Critical Reader Ann Thompson, Neil Taylor, 2016-04-21 Hamlet remains the most studied of all Shakespeare's great tragedies. This collection of newly commissioned essays gives readers an overview of past critical views of the play as well as new writing about the play from today's leading scholars. The range of perspectives offered makes the book an invaluable companion to anyone studying the play at an advanced level. The final chapter on learning and teaching resources is particularly useful as a guide for further study.

Stanley Cavell and the Claim of Literature David Rudrum, 2013-11-11 An analysis of the significance of literature in the work of one of America's most influential contemporary philosophers. Stanley Cavell is widely recognized as one of America's most important contemporary philosophers, and his legacy and writings continue to attract considerable attention among literary critics and theorists. *Stanley Cavell and the Claim of Literature* comprehensively addresses the importance of literature in Cavell's philosophy and in turn the potential effect of his philosophy on contemporary literary criticism. David Rudrum dedicates a chapter to each of the writers that principally occupy Cavell, including Shakespeare, Thoreau, Beckett, Wordsworth, Ibsen, and Poe, and incorporates chapters on tragedy, skepticism, ethics, and politics. Through detailed analysis of these works, Rudrum explores Cavell's ideas on the nature of reading, the relationships among literary language, ordinary language, and performative language, the status of authors and characters, the link between tragedy and ethics, and the nature of political conversation in a democracy.

Coriolanus: A Critical Reader Liam E. Semler, 2021-01-28 Coriolanus is the last and most intriguing of Shakespeare's Roman tragedies. Critics, directors, and actors have long been bewitched by this gripping character study of a warrior that Rome can neither tolerate nor do without. Caius Martius Coriolanus is a terrifying war machine in battle, a devoted son to a wise and ambitious mother at home, and an inflammatory scorn of the rights and rites of the common people. This Critical Reader opens up the extraordinary range of interpretation the play has elicited over the centuries and offers exciting new directions for scholarship. The volume commences with a Timeline of key events relating to Coriolanus in print and performance, and an Introduction by the volume editor. Chapters survey the scholarly reaction to the play over four centuries, the history of Coriolanus on stage, and the current research and thinking about the play. The second half of the volume comprises four New Directions essays exploring the rhetoric and performance of the self, the play's relevance to our contemporary world, an Hegelian approach to the tragedy, and the insights of computer-assisted stylometry. A final chapter critically surveys resources for teaching the play.

Stanley Cavell, Religion, and Continental Philosophy Espen Dahl, 2014-05-05 Impressive: a gifted theologian manages to place Cavell in conversation with continental thought as productively as anyone before him. Notre Dame Philosophical Reviews. The American philosopher Stanley Cavell (b. 1926) is a secular Jew who, by his own admission, is obsessed with Christ, yet his outlook on religion in general is ambiguous. Probing the secular and the sacred in Cavell's thought, Espen Dahl explains that Cavell, while often parting ways with Christianity, cannot

dismiss it either Focusing on Cavell s work as a whole but especially on his recent engagement with Continental philosophy Dahl brings out important themes in Cavell s philosophy and his conversation with theology It is undoubtedly tricky business writing a book about Stanley Cavell and any book enterprising enough to bring him into conversation with Christian theology should be additionally commended especially one as likable as Espen Dahl s *Modern Theology* Clearly concisely and powerfully shows Cavell s frequent and deep links to and engagements with religion and religious themes and with so called Continental philosophy Dahl has also written a highly accessible book on Cavell and yet one which in no way waters down or dilutes Cavell s thinking There ought to be more books of this kind on Cavell *International Journal for the Philosophy of Religion* In making such a convincing case for claiming that religion is Stanley Cavell s pervasive hence invisible business Espen Dahl also puts Cavell s writings into sustained and productive dialogue with the work of Levinas and Girard in ways other commentators have not previously managed Stephen Mulhall Oxford University

Stanley Cavell and Literary Studies Richard Eldridge, Bernard Rhie, 2011-09-22 Arguably no other living philosopher has done as much as Stanley Cavell to show the common cause shared by literature and philosophy Stanley Cavell and Literary Studies is not only timely but indeed long past due As the discipline of literary studies struggles to move beyond the suspicious skepticisms and anti humanisms that have dominated the field but without lapsing into sentimentality and na vet Cavell s writings and ideas will only become more pertinent

Othello: A Critical Reader Robert C. Evans, 2015-08-27 *Othello* has long been and remains one of Shakespeare s most popular works It is a favourite work of scholars students and general readers alike Perhaps more than any other of Shakespeare s tragedies this one seems to speak most clearly to contemporary readers and audiences partly because it deals with such pressing modern issues as race gender multiculturalism and the ways love jealousy and misunderstanding can affect relations between romantic partners The play also features Iago one of Shakespeare s most mesmerizing and puzzling villains This guide offers students and scholars an introduction to the play s critical and performance history including notable stage productions and film versions It includes a keynote chapter outlining major areas of current research on the play and four new critical essays Finally a guide to critical web based and production related resources and an annotated bibliography provide a basis for further research

Richard III: A Critical Reader Annaliese Connolly, 2013-10-24 Charting the ruthless rise and fall of the villainous king Richard III remains one of Shakespeare s most enduringly discussed and oft performed plays Assembled by leading scholars this guide provides a comprehensive survey of major issues in the contemporary study of the play Throughout the book survey chapters explore such issues as the play s critical reception from Dr Johnson to postmodern readings in the 21st century the performance history of the play from Shakespeare s day to more recent stagings by Laurence Olivier and Ian McKellen key themes in current scholarship from disability to gender and nationalism *Richard III* on film including Al Pacino s *Looking for Richard* *Richard III: A Critical Guide* also includes a complete guide to resources available on the play including critical editions online resources and an

annotated bibliography and how they might be used to aid both the teaching and study of Shakespeare's play *Stanley Cavell* James Loxley, 2024-07-30 *Stanley Cavell Philosophy literature and criticism* is the first book to offer a comprehensive examination of the relationship between the celebrated philosophical work of Stanley Cavell and the discipline of literary criticism. In this volume the editors have assembled an impressive range of interlocutors who set out to explore the shape and substance of Stanley Cavell's persistent acknowledgement of the literary as a category in which and through which philosophical work can be undertaken. A number of essays address his engagements with modernism, tragedy and romanticism while others consider Cavell's own aesthetic modes as a writer. *Stanley Cavell Philosophy literature and criticism* will be of interest to all those who are concerned with the ways in which the reading of literature and the practice of philosophy might continue both to influence each other across disciplinary boundaries and to challenge the internal topographies of those disciplines.

Romeo and Juliet: A Critical Reader Julia Reinhard Lupton, 2016-01-28 Uniquely this guide analyses the play's critical and performance history and recent criticism as well as including five essays offering radically new paths for contemporary interpretation. The subject matter of these essays is rich and diverse ranging across the play's philosophical identification of sexual love with self-realization, the hermeneutic implications of an editor's textual choices, the minor characters of the play in relation to Renaissance performance traditions, *Romeo and Juliet* in opera and ballet and the play's Italian sources and afterlives. The guide also contains a chapter on the key resources available including scholarly editions and easily available DVDs and discusses the ways in which they can be used in the classroom to aid understanding and provoke further debate. Edited by leading scholar Julia Reinhard Lupton, this is an essential guide for both students and scholars of Shakespeare.

Closer Reading Garrett Stewart, 2025-10-16 In his first book of essays Garrett Stewart demonstrates and reframes his formidable powers as a close reader of a vast range of texts: novels, films, songs, book art, digital media and more. Among the most prolific and exacting readers of his generation, Stewart is renowned for his virtuosic interventions across a number of humanistic fields including prose narrative, screen studies and literary theory. Elected to the American Academy of Arts and Sciences in 2010 and winner of the International Society for the Study of Narrative's prize for *Novel Violence* in 2009, Stewart draws on these varied realms in his intensive readings of enduring works across media, ones worthy of a re-view and a closer look. *Closer Reading*, like Stewart's writing more broadly, offers up close analyses of novels, poetry, cinema and conceptual art, including chapters on Gerard Manley Hopkins, Charles Dickens, Francis Ford Coppola, Stanley Cavell and John le Carré. A collection a half-century in the making yet brimming with critical notes from the vanguard, *Closer Reading* finds Stewart demonstrating from sentence to sentence a sustained rethinking of the value of close reading, not just as a methodology but also as a cognitive disposition. Leaving paranoid, symptomatic and surface reading to the side, Stewart revels in the workings of sentences and the many senses of media. Such a prismatic reading affords insight into the spectrum of interpretation and the bent light of interaction, refraction and diffraction. To dwell in the astute

and generous line of Stewart's inquiry is to experience an exhilaration rare in critical commentary. Featuring full-length essays including still potent early publications and accompanied by an entirely new and wide-ranging interview with David LaRocca, *Closer Reading* provides a deep and satisfying critical survey of and immersion in Garrett Stewart's inimitable oeuvre.

Thank you very much for downloading **Stanley Cavell A Critical Reader**. Maybe you have knowledge that, people have look hundreds times for their chosen readings like this Stanley Cavell A Critical Reader, but end up in infectious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they are facing with some malicious bugs inside their computer.
