Smooth Edward Landers, 2003 Have you ever wondered just how those steely eyed stalwart Naval Aviators got to be like that Do you think they were all born that way As a matter of fact most of them were just like the kid who grew up next door This story is about a typical bumbling kid who had to overcome what would seem to be insurmountable obstacles in order to become one of the Navy s elite aviators It s a tale of how an overweight out of shape naive young man with a definite goal for the first time in his life managed to beat the odds in order to fly the Navy s planes It s a tale of the evolution of a young man from a carefree non thinking kid to one of the Navy s more accomplished aviators The story will take you from the young man s first ideas about flying all the way through to the Navy s School of Preflight where the Marine Gunnery Sergeants who are tasked to do so try to whip young minds and bodies into shape It will continue on to flight training culminating into the three separate squadrons that Ed Kruger served in Throughout the story the reader is treated to an irreverent humorous point of view as it relates to the aspiring young pilot who strives to become the polished aviator of his dreams It s a novel about real people who make real mistakes and errors of judgment about people who evolve to something better about solving problems that seem unsolvable about laughter tears and the sweat of real life It s about the urge to excel to be better tomorrow than you were today Ed Kruger is a pilot who reacts to things He is not proactive He makes mistakes gets into trouble weathers adversity

and always comes out swinging Above all he is human He s the kid next door and he s a success story Although this is a novel and is classified as fiction it is taken from the real life experiences of the author Everything in this book actually happened within the time period encompassed in the book The reader will not only be treated to a very realistic view of Navy pilots who flew in the 1960 1970 era but will enjoy the humor that runs throughout the story The book will not only amuse and enlighten readers and will give them hours of enjoyment

New Realism David Forrest,2020-03-18 The tradition of British realism has changed dramatically over the last 20 years where films by directors such as Duane Hopkins Joanna Hogg Andrea Arnold Shane Meadows and Clio Barnard have suggested a markedly poetic turn This new realism rejects the instrumentalism and didacticism of filmmakers like Ken Loach in favour of lyrical and often ambiguous encounters with place where the physical processes of lived experience interacts with the rhythms of everyday life Taking these 5 filmmakers as case studies this book seeks to explore in depth this new tradition of British cinema and in the process it reignites debates over realism that have concerned scholars for decades
