Star Trek: Deep Space Nine: These Haunted Seas David R. George III, Heather Jarman, 2008-06-17 It is a time of renewed hope As the U S S Defiant sails through the wormhole and charts a new course of discovery into the unknown ocean of the Gamma Quadrant powerful individuals from distant worlds gather at station Deep Space 9 to usher in a bright new era with the Dominion War now only a memory Bajor is poised at last to enter the Federation For Colonel Kira Nerys Commander Elias Vaughn and all those who follow them these are the voyages they were born to undertake But where they seek to go is defined by the journeys they have made before and ghosts populate these uncharted waters the spectres of lost leaders fallen friends forsaken lovers vanquished enemies and earlier selves Some of these shades drive the travelers on others are drawn inexorably into their wake but all make their presence felt and in feeling the men and women of DS9 and the Defiant must somehow navigate the perilous rapids of their pasts in order to find the future Originally published as *Twilight and This Gray Spirit* the first two novels in the critically acclaimed Mission Gamma series *These Haunted Seas* is the next chapter of the epic saga begun in *Twist of Faith* continuing the chronicles of Star Trek Deep Space Nine beyond the small screen propelling its heroes to realms they could never have imagined and truths they cannot escape [Fighting for the Future](#) Sabrina

celebrated presence on the small screen But what more can queer TV do Is each new queer character really breaking ground And has the curse of the fictional dead lesbian finally been defeated The Rainbow Age of Television tackles these questions and more as author Shayna Maci Warner tracks the history and evolution of LGBTQIA icons across the televised ages and into the future of streaming from the very first televised queer kiss we think to the shows that are making household names and heroes of queer characters today Warner uses original interviews with queer TV icons such as Lilly Wachowski and Stephanie Beatriz along with detailed history to investigate the constraints under which queer people have been allowed to exist on American television Surveying seventy plus years of broadcasts The Rainbow Age of Television explores why queer people are so invested in and conflicted by the kinds of storytelling that TV has to offer Above all it s a celebration of the LGBTQIA shows their characters and their creators that define this new age in television **Just a Guy** William L Horton,2014-05-30 My dad Lew Horton always had a place to do woodworking After he retired from Penneys he rented places in Lincoln Illinois to store his stuff and work on projects I helped him to move his shop twice a hard dirty job On one move an older fellow helped probably because he had a pickup and Dad was using part of an old chicken shed on the guys property for his new work space I didnt know the man and when I asked Dad about him Dad explained Hes just a guy meaning I suppose that he was no one special and that Dad did not know him well That phrase stuck in my mind for years for some reason Most of us are just guys unworthy and unknown and forgotten in at most a generation We are the common folk But all of us guys really have some memories stored away that we dredge up for pleasure contemplation regret analysis and entertainment and often they pop into my head as part of an unrelated chain of memories caused by something unknown Some are triggered by events others just come I thought it would be nice to share them with someone else whether or not they wanted to know them Perhaps this memoir will give some future historian or descendant a feel for how it was to be just a guy during my years on earth *Star Trek - Deep Space Nine 6* Heather Jarman,2011-11-02 Unerforschte Gebiete Als Gul Macets Kriegsschiff mit einem unerwarteten Passagier an der Station erscheint eskalieren die politischen R nkespiele auf Deep Space 9 Die cardassianische Botschafterin Natima Lang ist zur ckgekehrt um Hoffnung zu bringen ffnet aber alsbald alte Wunden und weckt die Geister der Vergangenheit Die Spannungen steigen und Colonel Kira Nerys muss erkennen dass die Grenze zwischen Freund und Feind schmaler ist als sie dachte An einem anderen Ort geht die Mannschaft des besch digten Raumschiffes Defiant eine wacklige Allianz mit einem ungew hnlichen Volk ein in dessen einzigartiger Biologie der Schl ssel zur Macht ber eine ganze Region des Gamma Quadranten ruht W hrend die Besatzung sich in ein Netz aus Intrigen verstrickt bem hen sich Lieutenant Ezri Dax und Ensign Thirishar ch Thane darum einen B rgerkrieg zu verhindern der im Genozid enden k nnte **Mission Gamma Book Two: This Gray Spirit** Heather Jarman,2012-09-11 An alien species whose unique biology holds the key to another race s survival is torn by internal strife and the Defiant crew is caught in the middle of a genocidal civil war Meanwhile back on space station Deep Space Nine the political intrigue intensifies as Colonel

Why TV is Not Our Fault Eileen R. Meehan, 2005 For more than five decades we've been told by pundits commentators advertisers scholars and politicians that television is both a window on the world and a mirror reflecting our culture We've been led to believe that it shows us the world's events through news programs and through entertainment programs reflects the preferences values beliefs and understandings shared by most Americans We're told that if you don't like what you see on TV don't blame the industry blame yourself This book dispels the myth that the television industry is just giving viewers the programming they want to see and thus we as viewers are responsible for the existence of shows like Fear Factor and yet another Survivor In fact Eileen Meehan explains viewers exert no demand in the market for ratings advertising slots program production or telecasting She also counters the idea that TV programs reflect our culture directly Introducing us to the political economy of television Meehan covers programming corporate strategies advertising the misnomer of competition among networks and organizations that seek more industry accountability She tells us why TV isn't our fault and who's really to blame
