will that mean for the rest of us Stone discusses how an increased understanding of the causes of evil will affect the justice system He predicts a day when certain persons can safely be declared salvageable and restored to society and when early signs of violence in children may be corrected before potentially dangerous patterns become entrenched Michael H Stone MD New York NY is professor of clinical psychiatry at the Columbia College of Physicians and Surgeons He is the author of ten books most recently Personality Disorders Treatable and Untreatable and over two hundred professional articles and book chapters He is also the host of Discovery Channel s former series Most Evil and has been featured in the New York Times Psychology Today the Christian Science Monitor CNN ABC News CBS News NBC News the New York Post the London Times the BBAC and Newsday among many other media outlets [Encyclopedia of the Great Plains](#) David J.
