Mackarness,1860 *With Stars in Their Eyes* Jim Bernard Breckinridge,Alec M. Pridgeon,2022 The incredible story of the Meinel's has never been told nor have their accomplishments and contributions ever been adequately recounted in one publication This book is an effort to redress that oversight using interviews from those who knew them best their own prodigious body of work including an unpublished autobiography and documentation in Presidential libraries as well as universities and the National Archives **Landing on a Star in Umbria** Joyce Di Lorenzo,2023-02-03 This is a true love story of a Dutch Indonesian immigrant woman married to an American man of Italian descent and how they followed their unimaginable dream of buying a vacation home in Italy Although many books have been written about similar experiences this uniquely different story tells the heartwarming tale of the perils and the wonderful people they encountered during their search to find the perfect home in Morcella a meticulously well maintained medieval Borgo built in 975AD in Italy's beautiful green belt region of Umbria **Stars in Our Eyes** Angela Ndalanian,Charlotte Henry,2002-03-30 The media star has become a powerful almost unparalleled cultural sign even as the star system has undergone radical transformation since the era of the Hollywood studio system Today's film industry continues to market and promote its products through actors in ways that seek to capture the often elusive quality that a star can embody Using contemporary stars such as Robert De Niro Keanu Reeves Arnold Schwarzenegger and Dennis Hopper this anthology of essays applies a variety of theoretical tools in its attempt to understand how we interpret stars and how we can begin to understand their cultural significance Likewise the study explores how the star system has become an increasingly complex phenomenon within society at large extending its impact beyond the cinema into music sports and fashion Many of the essays collected here consider this shift and examine how personae including the director Sam Peckinpah the royalty Princess Diana and even the digital star Lara Croft have captured the cultural imagination and have come to attain qualities as star like as those of the silver screen **A Star in the West** Elias Boudinot,1816 *Peninnah's World* Caren Schnur Neile,2021-10-07 She's an iconic Jewish storyteller She's a widely acclaimed professor and folklorist She's the one and only Peninnah Schram and Peninnah's World A Jewish Life in Stories is her authorized biography told through individual stories What is a biography told through stories Because Schram's art form is storytelling Peninnah's World dramatizes in vivid scenes her extraordinary trajectory from the New London Connecticut born child of immigrant parents steeped in Jewish tradition in the 1930s and 40s to award winning New York based performer writer and scholar The book features landmarks such as the old Mohican Hotel in New London and Stern College for Women in Manhattan Along the way Schram enjoys close encounters with such luminaries as Noble Laureates Elie Wiesel and Isaac Bashevis Singer as well as famed Yiddish theater actress Molly Picon actor Jeff Goldblum singer ethnomusicologist Ruth Rubin and others Written by storytelling studies professor and performer Caren Schnur Neile the stories are in a form tailor made to enjoy and share aloud At the same time they serve as models for all those interested in creating their own life and family stories whatever their background whether on the page on the stage or among neighbors

and loved ones Welcome to Peninnah's World Prepare to explore your own A Sky Written In Stars Adidas Wilson, 2025-07-11 In a world where stars are dying and myths fade into memory every thousand years brings a sacred eclipse when the Sun and Moon descend to Earth in mortal form to share one night of love From their union a celestial child is born and a new constellation appears in the heavens But this time their daughter Tala arrives too early small and flickering as the cosmic balance unravels Raised by the dwindling order of stargazers known as the Astrolae Tala grows up watching stars disappear from the sky When she learns that her divine parents have been imprisoned in separate elemental realms Solarius in a domain of scorching time loops Lunara in a frozen world of dreams she embarks on a quest to reunite them before the final eclipse fades forever Accompanied by Ori a blind musician who hears dying stars Kaia a fallen sky guardian with broken wings and guided by the mysterious Starweaver Tala must journey through fire and ice sacrifice and love to discover that sometimes the greatest act of creation requires the ultimate surrender A Sky Written in Stars is a mythic romance about the power of belief the weight of destiny and the luminous bridge between earth and heaven that love can become
