Ken Sharp

Starting With A Kiss:

Starting Over Ken Sharp, 2010-10-19 The murder of John Lennon on December 8 1980 sent shockwaves around the world The most acclaimed singer songwriter of his generation first a Beatle and then a boundary pushing solo artist was senselessly silenced forever at age forty immediately his final musical statement an intimate pop infused collection called Double Fantasy released only weeks before his death skyrocketed to 1 worldwide as did its poignantly titled single Just Like Starting Over His first studio recording since 1975 s Rock n Roll and his first musical endeavor of any kind since taking a much needed hiatus to raise Sean his son with Yoko Ono Double Fantasy represents more than a comeback album to Lennon fans and music critics alike It captures a cultural icon at the pinnacle of his creative success and personal fulfillment thirty years later it remains a musical touchstone and an affecting reminder of what could have been Starting Over is an oral history of the making of Double Fantasy and the definitive account of John Lennon s last days From early demos to sessions at New York City s The Hit Factory from the electrifying chemistry of the studio band to keeping the project under wraps to the album s release and critical reception here is fascinating insightful commentary from all of the key players involved in its extraordinary creation Yoko Ono David Geffen producer Jack Douglas engineers arrangers session musicians music journalists and even Lennon himself via archival interviews Featuring never before seen photos of John and Yoko in the studio candid images taken by David M Spindel and Roger Farrington Starting Over is the essential portrait for anyone who hears both a beginning and ending in the tracks of Double Fantasy

Starting from Scratch John Matthews, 2010-10-28 This book compares the beginning of symbolic thought in human infancy with that of our close primate relatives the chimpanzees Drawing upon his years of detailed observations Matthews offers an in depth analysis and interpretation of chimp behaviour to present an unprecedented account of the beginnings of symbolic thought The implications for our understanding of symbolism language art and education are enormous as are those about our origins and our place within nature
