Saints it s essential that you can compassionately delineate biblical teachings from Mormon doctrine while tactfully advocating for Christ For every believer who prays for loved ones in the LDS Church or loved ones who gave up on religion after leaving Mormonism Introducing Christianity to Mormons is the guidebook you need to witness to them Inside you ll find real life conversations that give you helpful ideas for what to say in your discussions contrast points between Mormonism and Christianity that illuminate God s truth biblical apologetics that allow you to minister to former LDS members wounded by their experience with the Church Get ready to present the case for Christianity with confidence and grace This book will empower you to share your faith and give you the language to do so effectively with people in the Mormon community

“This Is My Doctrine”: The Development of Mormon Theology Charles R. Harrell, 2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose Early Mormons like their early Christian and even earlier Israelite predecessors brought with them their own varied culturally conditioned theological presuppositions a process of convergence and only later acquired a more distinctive theological outlook a process of differentiation In this first of its kind comprehensive treatment of the development of Mormon theology Charles Harrell traces the history of Latter day Saint doctrines from the times of the Old Testament to the present He describes how Mormonism has carried on the tradition of the biblical authors early Christians and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures In the process he probes three questions How did Mormon doctrines develop What are the scriptural underpinnings of these doctrines And what do critical scholars make of these same scriptures In this enlightening study Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology This Is My Doctrine will provide those already versed in Mormonism s theological tradition with a new and richer perspective of Mormon theology Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions

Crash Course in Mormonism Volker Heide, 2019-08-25 This book is designed to help you better understand the teachings of Mormonism It called a crash course because it covers a lot of ground While this overview is comprehensive all the chapters flow together to give you a good insight into LDS teaching and practices All of us have Mormon friends coworkers or neighbors How do we effectively share our faith with them The first step is to try to understand their teaching and way of thinking You need to try to understand their world and way of life Then after establishing a relationship of friendship and trust and if the right opportunity arises we can discuss what we believe about God Jesus and the Bible This book also presents an overview of the basic teachings of the Bible especially as it relates to specific doctrines of the LDS If you want to share your faith you must first be well grounded in the Christian faith Numerous passages are given to show what the Scriptures teach about God humanity law gospel the Bible and Jesus Christ

the Son of God Please note that these Bible verses are not given so that you might bash a Mormon over the head with them The LDS are very offended by Bible bashing as they call it This is when a Christian starts quoting Bible passages to prove that Mormon theology is all wrong This never works well A Mormon will take this as a personal attack on themselves and their church Their defenses go up and they immediately shut down They feel like we are using the Bible to bash their faith and integrity Many well meaning people use this confrontational approach of trying to argue doctrine with members of the LDS church especially those missionaries that might visit your home However it rarely works In fact it does more harm than good The discussions of the Bible verses in this book seek to deepen your understanding of the Christian faith You need to fully understand and appreciate the good news of the gospel You need to have a living and vibrant relationship with the Living God Appreciate the incredible power of God s grace and the forgiveness of sins that comes through the cross and resurrection of our Lord Realize that God the Father loves you unconditionally Experience for yourself that peace which passes all understanding Then you can be prepared to discuss and explain theological points in a loving and winsome manner when that opportunity arises This is the best way to talk about God with your LDS friends As Peter tells us But in your hearts set apart Christ as Lord Always be prepared to give an answer to everyone who asks you to give the reason for the hope you have But do this with gentleness and respect *What Every Mormon (and Non-Mormon) Should Know* Edmond C.

Gruss,Lane A. Thuet,2006 **How to Witness to a Mormon** Jerry Benson,Dianna Benson,2019-08-12 Mormonism is one of the fastest growing religions in the United States Because Mormons use Christian terminology many are stymied in their ability to effectively witness to them How to Witness to a Mormon is a handy eBooklet that defines documents and refutes basic Mormon teachings Jerry and Diana Benson offer practical tips on how to approach witnessing to a Mormon and provide ample information from Mormon sources **The Vitality of Mormonism** James Edward Talmage,1919 **Mormonism** Kurt Van Gorden,1995 This volume of the Zondervan Guide to Cults and Religious Movements discusses Mormonism and its differences and similarities to biblical Christianity
