protection inspiration and guidance Hawaiian Legends of the Guardian Spirits is told in words and pictures by award winning artist Caren Loebel Fried The ancient legends are brought to life in sixty beautiful block prints many vibrantly colored and narrated in a lively read aloud style just as storytellers of old may have told them hundreds of years ago Notes are included reflecting the careful and extensive research done for this volume at the Bishop Museum Library and Archives in Honolulu and at the American Museum of Natural History in New York A short section on the process of creating the block prints that illustrate the book is also included The matching poster of A Chance Meeting with the Iiwi measures 22 x 28 inches The Ancient Hawaiian State Robert J. Hommon,2013-04-25 The well known list of cradles of civilization primary states from which all modern nation states ultimately derive has traditionally been limited to Egypt Mesopotamia the Indus Valley China Mesoamerica and Andean South America However by drawing on archaeological and ethnohistorical sources Robert J Hommon demonstrates that Polynesia with primary states in both Hawai i and Tonga should be added to that list The Ancient Hawaiian State offers a history of the ancient Hawaiians transformation of their Polynesian chiefdoms into primary state societies The emergence of primary states is one of the most revolutionary transformations in human history and Hawai i s metamorphosis was so profound that in some ways the contact era Hawaiian states bear a closer resemblance to our world than to that of their closely related Eastern Polynesian contemporaries In contrast to the other six regions in which states emerged in the distant proto or pre literate past the transformation of Hawaiian states is documented in an extensive body of oral traditions preserved in written form a rich literature of early post contact eyewitness accounts by participants and Western visitors as well as an extensive archaeological record Tracing the roots and emergence of the Hawaiian states this innovative study offers a detailed model that will advance the analysis of Polynesian political development and shed light on the nature and dynamics of primary state formation *Hawaiian National Bibliography, 1780-1900* David W. our engagement with them complex changing and varied forms and transforms our understanding of them of ourselves of the human condition itself Pacific Places Pacific Histories brings together leading Pacific Islands studies scholars and invites them to talk about the places they have inhabited and to contemplate the meaning of that experience The result is a veritable collage of reflections distinct and different from each other but moving in their collective impact Our engagement with places becomes daily more complicated with the transnational movement of peoples ideas technologies and cultures Global capitalism relentlessly alters established ethnographic assumptions about the meaning and importance of where we are and have been The essays presented here are about letting go learning and un learning transgressing physical emotional and intellectual boundaries They are about personal quests narrated in distinctive voices raising particular concerns Together they contribute significantly to our understanding of how small islands in a vast ocean enable us to see ourselves and the world around us
