*Historical Dictionary of Scandinavian Literature and Theater* Jan Sjøvik,2006-04-19 The literature of Scandinavia is amazingly rich and varied consisting of the works produced by the countries of Denmark Norway Sweden Finland and Iceland and stretching from the ancient Norse Sagas to the present day While much of it is unknown outside of the region some has gained worldwide popularity including the fairy tales of Hans Christian Andersen the stories of Isak Dinesen and the plays of Henrik Ibsen and August Strindberg While obviously including the area s most famous works the *Historical Dictionary of Scandinavian Literature and Theater* also provides information on lesser known authors and currents trends literary circles and journals and historical background This is accomplished through a list of acronyms a chronology an introductory essay a bibliography and several hundred cross referenced dictionary entries which together make this reference the most comprehensive and up to date work of its kind related to Scandinavian literature and theater available anywhere      **Time** Briton Hadden, Henry Robinson Luce,1930      *Silent Women* Kevin Brownlow, Shelley Stamp, Bryony Dixon, Karen Day, Maria Giese, Tania Field, Francesca Stephens, Ellen Cheshire, K. Charlie Oughton, Patricia di Risio, Pieter Aquilia, Julie K Allen, Aimee Dixon Anthony,2017-01-10 The first ever overview of women s contributions to the dawn of

cinema looking at a variety of roles from writers and directors to film editors and critics Why have women such as Alice Guy Blache the creator of narrative cinema been written out of film history Why have so many women working behind the scenes in film been rendered invisible and silent for so long Silent Women pioneers of cinema explores the incredible contribution of women at the dawn of cinema when surprisingly more women were employed across the board in the film industry than they are now It also looks at how women helped to shape the content style of acting and development of the movie business in their roles as actors writers editors cinematographers directors and producers In addition we describe how women engaged with and influenced the development of cinema in their roles as audience critics fans reviewers journalists and the arbiters of morality in films And finally we ask when the current discrimination and male domination of the industry will give way to allow more women access to the top jobs In addition to its historical focus on women working in film during the silent film era the term silent also refers to the silencing and eradication of the enormous contribution that women have made to the development of the motion picture industry The surprise of the essays collected here is their sheer volume in every corner of a business apparently better able to accommodate female talent then than now Danny Leigh Financial Times July 2016 It s a fascinating journey into the untold history of a largely lost era of film Greg Jameson Entertainment Focus March 2016 This book shows how women s voices were heard and helped create the golden age of silent cinema how those voices were almost eradicated by the male dominated film industry and perhaps points the way to an all inclusive future for global cinema Paul Duncan Film Historian Inspirational and informative Silent Women will challenge many people s ideas about the beginnings of film history This fascinating book roams widely across the era and the diverse achievements and voices of women in the film industry These are the stories of pioneers trailblazers and collaborators hugely enjoyable to read and vitally important to publish Pamela Hutchinson Silent London Every page begs the question how on earth did these amazing women vanish from history in the first place I defy anyone interested in cinema history not to find this valuable compendium a must read It s also a call to arms for more research into women s contribution and an affirmation of just how rewarding the detective work can be Laraine Porter Co Artistic Director of British Silent Film Festival An authoritative and illuminating work it also lends a pervasive voice to the argument that discrimination and not talent is the barrier to so few women occupying the most prominent roles within the industry Jason Wood Author and Visiting Professor at MMU I was amazed to discover just how crucially they were involved from not just in front of the camera but in producing directing editing and much much more An essential read Neil McGlone The Criterion Collection      **Sigurd Hoel's Fiction** Sverre Lyngstad,1984-10-18      **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
