Sir Gawain Thomas Hahn, 1995-07-01 This volume is the first affordable modern collection of all eleven of the known Middle English Gawain tales and aims to make these texts accessible to a wider contemporary audience These poems The Wedding of Sir Gawain and Dame Ragnelle Sir Gawain and the Carle of Carlisle The Avowyng of Arthur The Awyntrs off Arthur The Knightly Tale of Gologras and Gawain The Greene Knight The Turke and Sir Gawain The Marriage of Sir Gawain The Carle of Carlisle The Jeaste of Sir Gawain and King Arthur and King Cornwall are united by their common concern with the theme of chivalry Sir Gawain was by far the most popular of Arthur's knights in medieval England and the verses collected here offer a window not only into English views on Gawain but also attitudes towards the knightly ideal and chivalry Incorporating glosses and introductions for each text as well as an extensive glossary this edition is excellent for students of Middle English romance

The Cambridge Companion to Medieval Romance Roberta L. Krueger, 2000-06-22 This Companion presents fifteen original and engaging essays by leading scholars on one of the most influential genres of Western literature Chapters describe the origins of early verse romance in twelfth century French and Anglo Norman courts and analyze the evolution of verse and prose romance in France Germany England Italy and Spain throughout the Middle Ages The volume introduces a rich array of traditions and texts and offers fresh perspectives on the manuscript context of romance the relationship of romance to other genres popular romance in urban contexts romance as mirror of familiar and social tensions and the representation of courtly love chivalry other worlds and gender roles Together the essays demonstrate that European romances not only helped to promulgate the ideals of elite societies in formation but also held those values up for questioning An introduction a chronology and a bibliography of texts and translations complete this lively useful overview

Convention and the Individual in Medieval English Romance Lucy Brookes, 2025-04 Offers a nuanced reading of character and subjectivity in medieval romance via an exploration of its conventions Medieval romances can be characterised by their formulaic motifs predictable plots and stock figures and character types This book offers a fresh perspective on these conventions arguing that authors used them and the expectations they generate as a form of shorthand to interiority Understanding romance conventions in this way reveals that romance characters complex and often contradictory inner lives are made available precisely through the genre's narrative structures shapes and norms Drawing upon recent work in the History of Emotions and Affect Theory the author explores character and subjectivity in a variety of English romance texts from 1100 to 1500 such as Amis and Amiloun Le Bone Florence of Rome The Squire of Low Degree Sir Orfeo Sir Gawain and the Green Knight and Malory's Le Morte Darthur Through new readings of these texts the book demonstrates the contribution made by romance to the growing significance of the individual in fiction after the twelfth century by paying particular attention to the ways in which convention expectation and genre intersect with character formation and the representation of identity

Magic and the Supernatural in Medieval English Romance

Corinne J. Saunders, 2010 This study looks at a wide range of medieval English romance texts including the works of Chaucer and Malory from a broad cultural perspective to show that while they employ magic in order to create exotic escapist worlds they are also grounded in a sense of possibility and reflect a complex web of inherited and current ideas

Narrating Medicine in Middle English Poetry Eve Salisbury, 2022-08-11 Exploring medical writing in England in the 100 years after the advent of the Great Mortality this book examines the storytelling practices of poets patients and physicians in the midst of a medieval public health crisis and demonstrates how literary narratives enable us to see a kinship between poetry and the healing arts Looking at how we can learn to diagnose a text as if we were diagnosing a body Salisbury provides new insights into how we can recuperate the voices of those afflicted by illness in medieval texts when we have no direct testimony She considers how we interpret stories told by patients in narratives mediated by others ways that women factor into the shaping of a medical canon how medical writing intersects with religious belief and memorial practices governed by the Church and ways that regimens of health benefit a population in the throes of an epidemic

A Companion to Arthurian Literature Helen Fulton, 2012-01-30 This Companion offers a chronological sweep of the canon of Arthurian literature from its earliest beginnings to the contemporary manifestations of Arthur found in film and electronic media Part of the popular series Blackwell Companions to Literature and Culture this expansive volume enables a fundamental understanding of Arthurian literature and explores why it is still integral to contemporary culture Offers a comprehensive survey from the earliest to the most recent works Features an impressive range of well known international contributors Examines contemporary additions to the Arthurian canon including film and computer games Underscores an understanding of Arthurian literature as fundamental to western literary tradition

Bodily and Spiritual Hygiene in Medieval and Early Modern Literature Albrecht Classen, 2017-03-20 While most people today take hygiene and medicine for granted they both have had their own history We can gain deep insights into the pre modern world by studying its health care system its

approaches to medicine and concept of hygiene Already the early Middle Ages witnessed great interest in bathing hot and cold swimming and good personal hygiene Medical activities grew over time but even early medieval monks were already great experts in treating the sick The contributions examine literary medical historical texts and images and probe the information we can glean from them The interdisciplinary approach of this volume makes it possible to view this large field in a complex and diversified manner taking into account both early medieval and early modern treatises on medicine water bathing and health Such a cultural historical perspective creates a most valuable bridge connecting literary and scientific documents under the umbrella of the history of mentality and history of everyday life The volume does not aim at idealizing the past but it definitely intends to deconstruct modern myths about the dirty and unhealthy Middle Ages and early modern age

Medieval literary voices Louise D'Arcens, Sif Ríkharðsdóttir, 2022-07-05 Voice is a fleeting physical phenomenon that leaves behind traces of its existence Medieval literary voices offers a wide reaching approach to the concept of literary voices both the vanished authorial ones and the implicit textual ones Its impressive lineup deepens our understanding of how literary voices evoke the elusive voices lurking beyond the text capturing the absent authorial voice the traces of scribal voices and the soundscape of the uttered text It explores multiple dimensions of medieval voice and vocalisations and the interactions between literary voices and their authorial scribal and socio political settings It contends that through the theorizing of literary voices we can begin to understand the ways in which medieval voices mediate or proclaim an embodied selfhood or material presence how they dictate or contest moral conventions and how they create and sustain narrative soundscapes

The Routledge Companion to Medieval English Literature Raluca Radulescu, Sif Ríkharðsdóttir, 2022-12-30 The Routledge Companion to Medieval English Literature offers a new inclusive and comprehensive context to the study of medieval literature written in the English language from the Norman Conquest to the end of the Middle Ages Utilising a Trans European context this volume includes essays from leading academics in the field across linguistic and geographic divides Extending beyond the traditional scholarly discussions of insularity in relation to Middle English literature and isolationism this volume Oversees a variety of genres and topics including cultural identity insular borders linguistic interactions literary gateways Middle English texts and traditions and modern interpretations such as race gender studies ecocriticism and postcolonialism Draws on the combined extensive experience of teaching and research in medieval English and comparative literature within and outside of anglophone higher education and looks to the future of this fast paced area of literary culture Contains an indispensable section on theoretical approaches to the study of literary texts This Companion provides the reader with practical insights into the methods and approaches that can be applied to medieval literature and serves as an important reference work for upper level students and researchers working on English literature

Heroic Women from the Old Testament in Middle English Verse Russell A Peck, 1992-03-01 This volume makes accessible for students of the Middle Ages Middle English verses about heroic women from the Old Testament

Included are *The Story of Asneth* *The Pistel of Swete Susan* *The Story of Jephthah and his Daughter* and *The Story of Judith*. These poems exhibit the attitudes of Late Medieval England towards heroic women and offer an unusually positive depiction of Judiasm. With extensive notes, glosses and introductions, these verses are valuable to teachers and students of Middle English.

The Routledge Companion to Literature and Food Lorna Piatti-Farnell, Donna Lee Brien, 2018-04-19 *The Routledge Companion to Literature and Food* explores the relationship between food and literature in transnational contexts, serving as both an introduction and a guide to the field in terms of defining characteristics and development. Balancing a wide-reaching view of the long histories and preoccupations of literary food studies with attentiveness to recent developments, and shifts, the volume illuminates the aesthetic, cultural, political and intellectual diversity of the representation of food and eating in literature.

The Arthurian World Victoria Coldham-Fussell, Miriam Edlich-Muth, Renée Ward, 2022-06-30 This collection provides an innovative and wide-ranging introduction to the world of Arthur by looking beyond the canonical texts and themes, taking instead a transversal perspective on the Arthurian narrative. Together, its thirty-four chapters explore the continuities that make the material recognizable from one century to another, as well as transformations specific to particular times and places, revealing the astonishing variety of adaptations that have made the Arthurian story popular in large parts of the world. Divided into four parts: *The World of Arthur in the British Isles*, *The European World of Arthur*, *The Material World of Arthur*, and *The Transversal World of Arthur*, the volume tracks the legend's movement across temporal, geographical and material boundaries. Broadly chronological, each part views the unfolding Arthurian story through its own lens, while temporal and geographical overlaps between the sections underscore the proximity of these developments in the legend's history. Ranging from early Latin chronicles and Welsh poetry to twenty-first-century anime and political conspiracies, this comprehensive and illuminating book will be of interest to anyone researching Arthurian literature or tracing the evolution of medievalism through literature, the visual arts and popular culture.

Arthurian Literature Elizabeth Archibald, David F. Johnson, 2010 The influence and significance of the legend of Arthur are fully demonstrated by the subject matter and time span of articles here. Topics range from early Celtic sources and analogues of Arthurian plots to popular interest in King Arthur in 16th-century London, from the 13th-century French prose *Mort Artu* to Tennyson's *Idylls of the King*. It includes discussion of shapeshifters and loathly ladies, attitudes to treason, royal deaths and funerals in the 15th century, and the 19th-century late medieval Scottish politics and early modern chivalry.

Arthuriana, 2001 **Warriors and Wilderness in Medieval Britain** Robin Melrose, 2017-02-07 Tracing the development of the King Arthur story in the late Middle Ages, this book explores Arthur's depiction as a wilderness figure, the descendant of the northern Romano-British hunter-warrior god. The earliest Arthur was a warrior, but in the 11th-century Welsh tale *Culhwch and Olwen* he is less a warrior and more a leader of a band of rogue heroes. The story of Arthur was popularized by Geoffrey of Monmouth in his Latin *History of the Kings of Britain* and was translated into Middle English in

Layamon's Brut and the later alliterative Alliterative Morte Arthure Both owed much to the epic poem Beowulf which draws on the Anglo Saxon fascination with the wilderness The most famous Arthurian tale is Sir Gawain and the Green Knight in which the wilderness and themes from Beowulf play a leading role Three Arthurian tales set in Inglewood Forest place Arthur and Gawain in a wilderness setting and link Arthur to medieval Robin Hood tales

Performance and the Middle English Romance Linda Marie Zaerr, 2012 An examination of if and how medieval romance was performed uniquely uniting the perspective of a scholar and practitioner Although English medieval minstrels performed gestes a genre closely related to romance often playing the harp or the fiddle the question of if and how Middle English romance was performed has been hotly debated Here the performance tradition is explored by combining textual historical and musicological scholarship with practical experience from a noted musician Using previously unrecognised evidence the author reconstructs a realistic model of minstrel performance showing how a simple melody can interact with the text and vice versa She argues that elements in Middle English romance which may seem simplistic or repetitive may in fact be incomplete as missing an integral musical dimension metrical irregularities for example may be relics of sophisticated rhythmic variation that make sense only with music Overall the study offers both a more accurate comprehension of minstrel performance and a deeper appreciation of the romances themselves Linda Marie Zaerr is Professor of Medieval Studies at Boise State University

The Works of the Gawain Poet Ad Putter, Myra Stokes, 2014-07-10 A new volume of the works of the Gawain poet destined to become the definitive edition for students and scholars This volume brings together four works of the unknown fourteenth century poet famous for the Arthurian romance Sir Gawain and the Green Knight in their original Middle English In one of the great tales of medieval literature Gawain the noblest knight of King Arthur's court must keep a deadly bargain with a monstrous knight and resist the advances of his host's beautiful wife The dream vision of Pearl depicts a bereaved father whose lost child leads him to glimpse heaven And in moral poems based on stories from the Bible Cleanness warns against sins of the flesh and of desecration while Patience encourages readers to endure suffering as God's will Little is known about the so called Gawain poet who wrote during the late fourteenth century It is believed that he came from south east Cheshire an important cultural and economic centre at the time and he was clearly well read in Latin French and English Although he is not named as the author of Sir Gawain and the Green Knight Pearl Patience Cleanness the four works have been attributed to him based on a careful comparison of their language date and themes Myra Stokes was formerly Senior Lecturer in the Department of English at Bristol University Her books include Justice and Mercy in Piers Plowman and The Language of Jane Austen Ad Putter teaches at the English Department and the Centre for Medieval Studies of the University of Bristol where is Professor of Medieval English Literature His monographs include Sir Gawain and the Green Knight and French Arthurian Romance and An Introduction to the Gawain Poet and he is also co editor of The Cambridge Companion to the Arthurian Legend
