Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites      **Historical Dictionary of Fantasy Literature** Allen Stroud,2023-06-12 Fantasy is both old and new In the

ancient past stories of magic where supernatural creatures existed the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history religion and fact It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy the literature of the impossible and appreciate it for its craft and storytelling once more Historical Dictionary of Fantasy Literature Second Edition contains a chronology an introduction an extensive bibliography and cross referenced entries on more than 800 authors ranging across the entire historical spectrum More than 200 other entries describe the fantasy sub genres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies This book is an excellent resource for students researchers and anyone wanting to know more about fantasy literature      **Merlin Redux** Dave Duncan,2019-10-08 Sir Durwin must overcome a cloak and dagger plot to usurp the king in the final novel of the Enchanter General a historical fantasy trilogy set in twelfth century England King Henry is dead Richard the Lionheart now rules England The new king does not believe in magic and is interested only in a crusade to recapture Jerusalem But his crusade soon stalls and while he is away his brother John and his supposed ally

Philip of France are conspiring to steal his kingdom Richard's mother Queen Eleanor sends Sir Durwin Enchanter General of England out to Palestine where he must convince the skeptical king that a loyal magician can be a valuable aide Meanwhile King Philip has turned all of Europe into a trap for Richard The moment the Lionheart sets foot there he will be arrested and imprisoned for life It is up to Durwin aided by his old friend William Legier to see Richard safely home again and to save the kingdom from falling into the hands of the sadistic and treacherous Prince John Children of Chaos Dave

Duncan,2006-06-13 Children of Chaos is the start of a stirring politically charged quest duology by acclaimed fantasy author Dave Duncan On a dodecahedral world in thrall to the tyrannical war obsessed Hrag dynasty no one could stop the Bloodlord from sending troops over the Edge to Florengia invading its major cities and offering them a choice between strict colonial rule and immediate and total destruction When the doge of Celebre was faced with this ultimatum he gave his children up as hostages so that the rest of Celebre might live Thus the four young Florengians were taken from their homes and scattered across the Vigaelian face Fifteen years later and you'd never guess that they're siblings Fabia was adopted by a wealthy landowner and spoiled rotten Orlando desperately yearns to overcome his Florengian blood and fight for the Vigaelian army Benard is a flighty but talented artist and Wisdom has it that Dantio the eldest died fighting his captors But when Celebre suddenly takes on crucial political significance one of the siblings must return home to serve as Celebre's puppet ruler and the others must be eliminated so that there are no rival claimants to the throne It's going to be tough enough finding one another let alone deciding whether enough kinship remains after fifteen years apart that the siblings will care to help each other out of their respective predicaments If they're feeling particularly altruistic the Celebres might even take on the bonus round trying to save Dodec from the culture of death and war imposed on it by its evil warlords One thing's for certain the Celebre children are going to have a lot of adjusting to do At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied **Ironfoot** Dave Duncan,2017-10-10 Medieval magic murder and mayhem It is

1164 and for a hundred years England has been ruled by the Normans A young Saxon boy named Durwin crippled by a childhood accident had caught the eye of a Norman sage teaching at a rural school of magic Realizing that the boy had promise Durwin was made stable boy and eventually allowed to attend classes Now twenty Durwin is proficient enough that he is assigned to teach but the other sages refuse to promote him and he is hassled by the Norman juniors for his disability But those troubles turn out to be the least of his worries when he manages to correct errors in an ancient corrupted spell which promptly prophesies murder Sure enough word soon reaches the school that one of the local count's house sage has died perhaps slain by black magic Durwin is whisked away to the family's castle only to find that one death was only the beginning The young sage quickly learns of a dizzying plot to assassinate King Henry Dropped into the middle of the complex politics of England's royal courts can Durwin stop them in time **Mother of Lies** Dave Duncan,2025-04-16 Continuing the storyline set out in Children of Chaos Mother of Lies is a fierce kinetic romp that will keep readers guessing until the last

blow is dealt The past fifteen years have not been kind to Celebre the greatest city on the Florengian face of a dodecahedral world Its walls have been breached and its Doge humiliated by the evil Bloodlord Stralg all four of its heirs kidnapped and taken over the Edge to Vigaelia its Dogaressa forcibly impregnated by Stralg and when her husband s health begins to fail left to rule over a city teeming with Stralg s troops And if you think Stralg is bad wait until you meet his sister Saltaja a fanatic who sees no human cost as too great to keep the Hrag dynasty in power and her goddess evil Xaran the Mother of Lies appeased But there are a few great hopes for the future of the city the Mutineer Marno Cavotti who will not stand to see his hometown destroyed and is massing a powerful liberation movement mere inches beyond Stralg s grasp And the four heirs of Celebre each with god given expertise in their respective fields of artistry combat wisdom or death are wending their way back over the Edge to their birthplace Of course even as Marno and the Celebre children are working towards the common goal of defeating the Hrags they re all painfully aware that once that hurdle is crossed only one of them can wind up on the throne At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

**Trial by Treason** Dave Duncan,2018-10-02 A burgeoning Saxon enchanter confronts a demonic plot against the king in the sequel to Ironfoot a historical fantasy series set in twelfth century England King Henry campaigning in France receives a muddled warning of a treasonous conspiracy in Lincoln Castle his great fortress in the center of England His enchanters report that the letter contains both truth and lies but cannot determine which is which Putting little stock in the warning he sends an eager young knight to lead a troop of men and investigate and since the letter includes hints of magic Henry orders him to enlist the help of Durwin the young Saxon whose education he has been financing these last two years Durwin takes an assistant and accompanies the troop to Lincoln but quickly finds his blossoming abilities as a sage are not warmly received Upon reaching town it only takes a couple of hours for Durwin to realize that they are up against a vast Satanic conspiracy and his companions may have already fallen into a deadly trap *The St. James's Magazine and United Empire Review* ,1875 **Arlon Grange; and a Christmas Legend. way to learn And when several wild cards in every battle can tap into nearly limitless sources of magic who knows how far and wide the battle might range When the Saints is a Kirkus Reviews Best of 2011 Science Fiction Fantasy title
