striking portraiture this book provides living testimony to the diversity of Blackness Although contributors use varying terms to self identify they all see themselves as part of the larger racial cultural and social group generally referred to as Black They have all had their identity called into question simply because they do not fit neatly into the stereotypical Black box dark skin kinky hair broad nose full lips etc Most have been asked What are you or the more politically correct Where are you from throughout their lives It is through contributors lived experiences with and lived imaginings of Black identity that we can visualize multiple possibilities for Blackness
