Sistema Solar El:

El Sistema solar Rosa Maria Ros,2005 **El sistema solar** Joel Gabas,2019-03-07 Cuando el Sol apenas contaba con unas decenas de millones de átomos los fragmentos de roca y hielo que orbitaban a su alrededor colisionaron entre sí y acabaron fusionándose. De este modo nacieron los planetas. Hijos del caos el Sol los puso en orden y este orden planetario bellísimo alineación de cuerpos que orbitan casi en un mismo plano es nuestro sistema solar. Explora los secretos del Sol y descubre los planetas y planetas enanos los satélites cometas y asteroides y otros cuerpos del rincón del espacio que nos ha visto nacer.

El Sistema Solar Kendrick Frazier,1986 **El Inmortal** Sebastián Salado,2012-07 Este libro es básicamente una novela de aventuras que narra una historia de amor imposible ambientada en el antiguo Egipto desde la perspectiva que contempla el mundo de los primeros dioses Annunaki en la mitología egipcia. Los Anunnaki aquellos que vinieron de Annu Nibiru a Ki. La Tierra está es una historia plena de actualidad entroncada en las leyendas milenaristas de la apocalíptica nueva visita del planeta Nibiru. Ajenjo a nuestro sistema solar según las controvertidas profecías Mayas y Cristiano judías. La narrativa se integra con airoso equilibrio entre la mitología y la fantasía combinando los datos históricos que obtenemos de los documentos arcanos que se han podido conservar hasta nuestros días como es el caso de la Aigypyt aka de Manetón. Los términos empleados en esta novela al igual que los nombres localizaciones conjuros rituales etc han sido sacados de la relación de libros más antiguos conservados como El Libro de los Muertos Peri Em Heru El Libro de las Puertas Am Tuat El Libro de Enoc El Papiro de Ani El Papiro de Hunefer La Biblia La Epopeya de Erra y La Epopeya de Gilgamesh. No falta en la novela el misterio y el esoterismo arcano inspirados en obras maestras inmortales como El Corpus Hermeticum o La Tabla Esmeralda de Hermes Trimegisto. Estos libros se han conservado con mayor o menor integridad en sus traducciones y versiones. Sin embargo a pesar de todo aún continúan mostrando el sabor de la magia antigua que llega hasta nuestros días con un halo de insondable misterio. , *El Hombre ¿Azar o Diseño?* José Francisco Martínez García, José Francisco Martínez García,2012-05 El hombre azar o diseño. En esta obra se hace una exposición sucinta de fenómenos y elementos materiales que conforman el universo y por tanto también al ser humano como un ser que tiene cuerpo y vida y por ello sometido a leyes físicas y biológicas pero que se desempeña trascendiendo esta clase de leyes. El hombre no puede tener su origen sólo en la materia bruta. Los acontecimientos del cosmos que le preceden tampoco justifican suficientemente su existencia y su naturaleza que desborda y trasciende la materia. Siendo el hombre un ser inteligente su existencia demanda una causa inteligente superior a la causa que no se encuentra ni en el azar ni en la materia. En este entramado se conjugan la filosofía la ciencia el arte la historia y la religión. **Nibiru** Sam,2012-09 Con toda probabilidad hace ya 5 milenios fuimos visitados por una raza extraterrestre cuyo testimonio se niega a desaparecer y todavía perdura inmerso en cantidad de mitos leyendas y cosmogonías. Nibiru tan sólo es una de las múltiples denominaciones que en la antigüedad recibió su lugar de origen un planeta que recorre incansablemente las profundidades del Sistema Solar de un modo muy característico. Sam propone un recorrido

tras las huellas del astro aunque más que huellas constituyen una biografía entera a través del testimonio del pueblo Dogón y los vestigios del antiguo Egipto y la vieja Mesopotamia Sin duda un itinerario apasionante que no dejará a nadie indiferente marcando un antes y un después porque en esta obra no hay espacio para cabos sueltos ni se deja nada en el aire
