Understanding (Post)feminist Girlhood Through Young Adult Fantasy Literature Elizabeth Little, 2024-11-04 Understanding Post feminist Girlhood Through Young Adult Fantasy Literature takes advantage of growing critical interest in popular young adult texts and their influence on young people The monograph offers an innovative approach by pairing traditional literary analysis with the responses of readers to show the complex ways that young people respond to the depiction of female

protagonists In the first section the book utilises a feminist framework to examine young adult fantasy novels published from 2012 to 2018 with a particular focus on *A Court of Thorns and Roses* Maas 2015 and *Red Queen* Aveyard 2015 The analysis shows how strong female protagonists in young adult fantasy are postfeminist heroines who reinscribe patriarchal power structures embrace limited understandings of gender roles and persist in relationships that oppress them In the second section the monograph introduces empirical data from a series of focus groups discussing those same novels The discussion shows that readers respond to these popular young adult fantasy texts with complexity and nuance that highlights their postfeminist subjectivities as they simultaneously reject and reinscribe elements of postfeminism in their understanding of the girl protagonists

The Maze of Fantasy in Tamil Folktales Gabriella Eichinger Ferro-Luzzi, 2002 The book pursues an ethnographic and a theoretical purpose The ethnographic first part examines how Tamil folktales mostly gathered and published by Tamil authors reflect Tamil culture However since the narrators want to amuse their listeners and arouse their interest they tend to exaggerate or invert the normal situation Therefore their tales reflect more reliably Tamil values beliefs and interest than social behaviour The second theoretical part stresses the importance of the actually occurring motifs and casts doubt on typology Rather than artificially distinguishing tale

types often thought to exist independent of the narrators it points out a network of thematic connections among Tamil folktales

Critique of Fantasy, Vol. 1 Laurence A. Rickels, 2020 Critique of Fantasy Vol 1 Between a Crypt and a Date Mark addresses both the style or genre of fantasy and the mental faculty long the hot property of philosophical ethics Freud passed it along in his 1907 essay on the poetics of daydreaming when he addressed omnipotent wish fantasy as the source and resource of the aspirations and resolutions of art which however the artwork can never look back at or acknowledge By grounding his genre in the one fantasy that is true the Gospel J R R Tolkien obviated and made obvious the ethical mandate of fantasy's restraining order With George Lucas's Star Wars we entered the borderlands of the fantasy and science fiction genres a zone resulting from and staggering a contest which Tolkien inaugurated in the 1930s The history of this contested borderland marks changes that arose in expectation of what the new media held in store changes realized but outside the box of what had been projected upon the arrival of the unanticipated digital relation which at last seemed to award the fantasy genre the contest prize Freud's notion of the Zeitmarke datemark the indelible impress of the present moment that triggered the daydream that denies it already introduced the import of fantasy's historicization Science fiction won a second prize that keeps it in the running No longer bound to projecting the future the former calling which in light of digitization it flunked science fiction becomes allegorical and reading in the ruins of its failed predictions illuminates all the date marks and crypts hiding out in the borderlands it traverses with fantasy To motivate the import of an evolving science fiction genre Critique of Fantasy makes Gotthard G.
