Website Design and Development George Plumley, 2010-12-01 A helpful book and video package for building and maintaining a successful Web site. How do you know that you've done everything possible to create a unique, enriching and successful Web site particularly when you're hiring others to do it? With *Website Design and Development* you'll feel confident that you've exhausted every facet of building a Web site. The clever question and answer format walks you through easily overlooked details acting as a virtual consultant. You'll get clear, easy-to-follow advice on everything from finding a host, design and layout, creating content, marketing to staying secure. Each question features a rating as to how critical it is to the welfare of the site, allowing you to pick and choose where to spend your time and money, and the answers contain helpful illustrations as well as action points. In addition, your learning experience is further enhanced by the high quality accompanying video. Contains professional advice for creating and maintaining a successful Web site. Features an accompanying video that offers additional examples, commentary and advice for each question. Lists questions you should ask yourself or your web developer and then presents clear, concise answers as well as helpful checklists. Rates each topic as to its importance in the grand scheme of your Web site so that you can determine how to spend your time and money. *Website Design and Development* answers the essential questions that need to be asked before creating a Web site.

U.S. Master Depreciation Guide (2008) CCH Tax Law Editors, 2007-12 CCH's U.S. Master Depreciation Guide offers tax and accounting professionals who work with businesses a one-stop resource for guidance in understanding and applying the complex depreciation rules to their fixed assets. This area is especially challenging because bits and pieces of applicable information must be gathered from a maze of Revenue Procedures, IRS Tables and IRS Regulations. These sources are frequently old and include some materials which may be non-applicable. CCH's U.S. Master Depreciation Guide pulls the pieces together so practitioners can make sense of all the corresponding information and put the information into practice.

Web Systems Design and Online Consumer Behavior Yuan Gao, 2005-01-01 *Web Systems Design and Online Consumer Behavior* takes an interdisciplinary approach toward systems design in the online environment by providing an understanding of how consumers behave while shopping online and how certain system design elements may impact consumers' perceptions, attitude, intentions and actual behavior. This book contains theoretical and empirical research from expert scholars in a number of areas including communications, psychology, marketing and advertising and information systems. This book provides an integrated look at the subject area as
