Six Japanese Print Postcards Utamaro, Frances A. Davis, 1994-03-01 Postcards reproduce prints depicting Japanese women by various masters of the Edo period *Complete Catalog of Books in All Fields* Dover Publications, Inc, 1997

Catalogue Bernard Quaritch (Firm), 1914 **Art of the Japanese Postcard** Anne Nishimura Morse, Museum of Fine Arts, Boston, J. Thomas Rimer, Kendall H. Brown, 2004 Published in conjunction with the exhibition organized by the Museum of Fine Arts Boston from March 10 to June 6 2004 T p verso **Japan In The Late Meiji Era. A Unique Postcard History** Graham Thomas, 2025-06-03 Other than their artistic merits little research has been done on postcards as historic and cultural artefacts Behind this void lie many reasons In part because of their very nature the fact that they were popular and mass market rather turned the serious historian away In part because they are disposable and they were cheap They possess no status As Arisa Yamaguchi writes in *Sartorial Japonisme and the Experience of Kimonos in Britain 1865 1914* the fast and easy to send postcard was considered the letter of the poor because it was cheap In part it is because they are rarely accompanied by a narrative Most of the big collections hold pristine examples that are unspoiled with a written message Hence most postcards are little more than snapshots of scenes such as the countryside towns villages events portraits of celebrities and ordinary people but rarely do they have background information added Over the years their subject matter has become increasingly opaque and their significance lost And it has to be acknowledged many postcards carry images that are banal and possess no inherent or obvious artistic or historic merit Nor do we have much insight into what postcards actually meant to either the sender or the recipient and the role they played in people s lives Yet during this Golden Age whether in Japan Britain and many other countries they became a critical part of telling and spreading the story of a nation In some instances they had an important role in disseminating propaganda but most importantly for a swathe of the population they were an aide to communication when people were neither articulate or literate Let the postcard do the talking in a manner of speaking This collection and analysis is very different most critically as the postcards enjoy the continuity of coming from one person sent frequently over three years They were the equivalent of today s text and social media messaging and posts sent at a time that was pivotal in Japan s history Each postcard is illustrated and described while the first chapters look at Japan during the late Meiji era and the introduction and early history of picture postcards Much has never been covered before so this will be of interest not only to Japan historians but also those interested in the evolution of the picture postcard and why they became so popular [Mutual Perceptions and Images in Japanese-German Relations, 1860-2010](#), 2017-06-06 *Mutual Perceptions and Images in Japanese German Relations 1860 2010* examines the mutual images formed between Japan and Germany from the mid nineteenth to twenty first centuries and the influence of these images on the development of bilateral relations Unlike earlier research on Japanese German relations which focused on the similarity of these countries historical trajectories this publication presents a more nuanced picture It relativizes perceptions

of a special spiritual relationship between Japan and Germany as well as their commonalities of national character through an exploration of previously untapped historical visual and textual sources With essays by sixteen leading scholars in the field this collection is an invaluable contribution to the historiography of modern Japan and Germany and to the field of international relations Contributors are Hans Joachim Bieber Fukuoka Mariko Hakoishi Hiroshi Iwasa Takur Kat Y ko Kawakita Atsuko Gerhard Krebs Kud Akira Heinrich Menkhaus Danny Orbach Peter Pantzer Sven Saaler Sat Takumi Volker Stanzel Suzuki Naoko Tajima Nobuo Tano Daisuke and Rolf Harald Wippich **The Japan Chronicle** ,1912 **Samuel L.
