Over a 60 year career Graham Greene was a prolific writer. While his published works established him as one of the great writers of the twentieth century, much of his writing was never to see the light of day and has been gathered together in a number of archives across the UK, Ireland, USA and Canada. The second volume of *The Works of Graham Greene* is a comprehensive guide to the archives of Greene's writing. The book details archival holdings of unpublished novels, short stories, plays, film scripts, journals, poetry fragments, of writing and letters as well as manuscripts and typescripts of published works. Analysing and contextualising the unpublished work, the book is fully cross referenced throughout and includes a substantial index as well as practical guidance for students, scholars and researchers on accessing and making the most of each of the archives.
