Oakes,2004 American Writers focuses on the rich diversity of American novelists **Class-room Libraries for Public Schools** Buffalo Public Library (Buffalo, N.Y.),1909 *American Literature in the Era of Trumpism* Dolores Resano,2022-08-23 This edited collection offers an exploration of American literature in the age of Trumpism understood as an ongoing sociopolitical and affective reality by bringing together analyses of some of the ways in which American writers have responded to the derealization of political culture in the United States and the experience of a new American reality after 2016 The volume s premise is that the disruptions and dislocations that were so exacerbated by the political ascendancy of Trump and his

spectacle laden presidency have unsettled core assumptions about American reality and the possibilities of representation The blurring of the relationship between fact and fiction bolstered by the discourses of fake news and alternative facts has not only drawn attention to the shattering of any notion of shared reality but has also forced a reexamination of the purpose and value of literature especially when considering its troubled relation to the representation of America The authors in this collection respond to the invitation to reassess the workings of fiction and critique in an age of Trumpism by considering some of the most recent literary responses to the new American realities including works by Colson Whitehead Ben Winters Claudia Rankine Gary Shteyngart Jennifer Egan and Steve Erickson to name but a few some of which were composed in the run up to the 2016 election but were able to accurately and incisively imagine the world to come **The Open Shelf** ,1900
