Small-headed Flycatcher. Seen Yesterday. He Didn't Leave His Name. Pete Dunne,1998 Pete Dunne has been watching birds since he was seven years old But not just watching deeply absorbing every nuance of color markings shape flight and song all the subtle clues that can identify a bird barely glimpsed among the highest branches in fading twilight With the same skill he has been observing and writing about birding and birders for over twenty years using humor sentiment occasional sarcasm and unashamed passion for his chosen profession to explore why birdwatching is so irresistibly compelling to so many people This book brings together thirty two vintage essays that Dunne originally wrote for publications such as American Birds Bird Watcher s Digest Birder s World

and Shape than to specific field marks After determining the most likely possibilities by considering such factors as habitat and season the birder uses characteristics such as size shape color behavior flight pattern and vocalizations to identify a bird The book provides an arsenal of additional hints and helpful clues to guide a birder when even after a review of a field guide the identification still hangs in the balance This supplement to field guides shares the knowledge and skills that expert birders bring to identification challenges Birding should be an enjoyable pursuit for beginners and experts alike and Pete Dunne combines a unique playfulness with the work of identification Readers will delight in his nicknames for birds from the Grinning Loon and Clearly the Bathtub Duck to Bronx Petrel and Chicken Garnished with a Slice of Mango and a Dollop of Raspberry Sherbet *The Temple of Death* A.
