Redesigning Liberal Education William Moner, Phillip Motley, Rebecca Pope-Ruark, 2020-07-07 Redesigning liberal education requires both pragmatic approaches to discover what works and radical visions of what is possible The future of liberal education in the United States in its current form is fraught but full of possibility Today's institutions are struggling to maintain viability sustain revenue and assert value in the face of rising costs But we should not abandon the model of pragmatic liberal learning that has made America's colleges and universities the envy of the world Instead Redesigning Liberal Education argues we owe it to students to reform liberal education in ways that put broad and measurable student learning as the highest priority Written by experts in higher education the book is organized into two sections The first section focuses on innovations at 13 institutions Brown University College of the Holy Cross Connecticut College Elon University Florida International University George Mason University Georgetown University Lasell College Northeastern University Rollins College Smith College Susquehanna University and the University of Wisconsin Green Bay Chapters about these institutions consider the vast spectrum of opportunities and challenges currently faced by students faculty staff and administrators while also offering radical visions of the future of liberal education in the United States Accompanying vision chapters written by some of the foremost leaders in higher education touch on a wide array of subjects and themes from artificial intelligence and machines to the role that human dispositions mindsets resilience and time play in how we guide students to ideas for bringing playful concepts of creativity and openness into our work Ultimately Redesigning Liberal Education reveals how humanizing forces including critical thinking collaboration cross cultural competencies resilience and empathy can help drive our world This uplifting collection is a celebration of the innovative work being done to achieve the promise of a valuable engaging and practical undergraduate liberal education Isis Artze Vega Denise S Bartell Randy Bass John Bodinger de Uriarte Laurie Ann Britt Smith Jacquelyn Dively Brown Phillip M Carter Nancy L Chick Michael J Daley Maggie Debelius Janelle Papay Decato Peter Felten Ashley Finley Dennis A Frey Jr Chris W Gallagher Evan A Gatti
