and environmental and biodiversity conservation This book will be of great interest to students and scholars of food and agriculture land use and land management rural studies and sustainable development *Studies in Utilization of Agricultural Land* D. S. Chauhan,1966 Global Land Use Intensity Change and Its Impact on Food Security Xueru Zhang, Wei Song, Jinmei Lu, Basanta Paudel,Q. Yuan,2025-09-18 Food security is an important guarantee for world peace and development and has a bearing on the sustainable development and future destiny of humankind The 2023 State of Food Security and Nutrition in the World report released by the Food and Agriculture Organization of the United Nations FAO shows that between 691 and 783 million people worldwide were hungry in 2022 Although the increase in the number of hungry people in the world has slowed down there are still many regions of the world that are sinking deeper into the food crisis If left unchecked the world will not be on track to meet the Sustainable Development Goal of eradicating hunger by 2030 Food security continues to be a global challenge Food security is based on the food system and when the food system is under stress the level of food security is reduced This stress comes from a variety of factors including land use change Land use change and its impacts have become a hotspot and frontier of global change research With the development of human society the structure depth and intensity of land use are constantly changing which directly affects the issue of food security There is a close relationship between regional food security and land use change This Research Topic focuses on land use intensity change and its implications for food security **Agricultural land and environmental risks: Evidence, assessment and conservation transition** Xiangbin Kong,Xinli Ke,Gergely Tóth,Minghong Tan,2024-02-01

**AGRICULTURAL LAND UTILIZATION AND POPULATION CHANGES IN JALGAON DISTRICT (MAHARASHTRA) : A GEOGRAPHICAL ANALYSIS** Dr. SANJAY N. BHARAMBE, *Agricultural Land Use and Natural Gas Extraction Conflicts* Madeline Taylor,Tina Hunter,2018-11-02 Onshore unconventional gas operations in most jurisdictions operate on the legal principle that all activities during exploration and extraction are temporary in nature The concept that the onshore unconventional gas industry has a temporary effect on the land on which it operates creates a regulatory paradox On one hand unconventional gas activities create energy security national wealth and a burgeoning export industry On the other agricultural land and agriculturalists may be significantly disadvantaged by unconventional gas activities potentially producing permanent damage to non renewable fertile soils and spoiling the underground water tables Thus threatening future food security and food sovereignty This book explores the socio regulatory dimensions of coexistence between agricultural and onshore unconventional gas land uses in the jurisdictions with the highest concentration of proven unconventional gas reserves Australia Canada the USA the UK France Poland and China In exploring the differing regulatory standpoints of unconventional gas land uses on productive farming land in the chosen jurisdictions this book provides an original three part categorisation of regulatory approaches addressing the coexistence of agricultural land and unconventional gas namely adaptive management precautionary and finally statism It offers a timely and topical approach to

socio legal natural resource governance theory based on the participation transparency and empowerment for agricultural landholders examining how differing frameworks such as the collective bargaining framework can create equitable and sustainable contractual arrangements with unconventional gas companies      Bibliography on Land Utilization, 1918-36, 1938 This bibliography has been compiled as a companion volume to the Bibliography on Land Settlement issued in 1934 by the United States Department of Agriculture as Miscellaneous Publication 172 It contains selected references to the literature on the economic aspects of land utilization and land policy in the United States and in foreign countries published for the most part during the period 1918 36      **Land Use** David Rhind, Ray Hudson, 2023-04-01 Originally published in 1980 this book draws together a wide range of studies dealing with various aspects of land use in a text specifically designed to guide students through the complexities of the subject It examines the history of the subject its techniques applications the models that it applies and the frameworks within which it has been carried out Land use remains a central political and practical issue in contemporary society      Economic Analysis of Provincial Land Use Policies in Ontario Mark W. Frankena, David T. Scheffman, 1980-12-15 This book describes and analyses the provincial government's role in municipal and regional planning The conversion of farmland to urban and other uses is discussed as are the issues raised by the reports of the Ontario Planning Act Review Committee and the Federal Provincial Task Force on the Supply and Price of Serviced Residential Land and the province's Green Paper on Planning for Agriculture The authors criticize the government's failure to conduct cost benefit studies before setting up planning programs and show that there is little factual basis for recent alarm over the disappearance of farmland Data gathered here for the first time show that the conversion of agricultural land to built up urban use and non farm rural residential use in Ontario has been taking place quite slowly in view of the rate of productivity increase in agriculture the stock of agricultural land and the decline in the acreage of census farms Economists will find in this book a useful survey of recent trends and policies Planners policy makers and students will welcome this detailed case study of how economic analysis ought to be used in formulating land use policies      *Research and Data Needs for Land Use Planning* United States. Department of Agriculture. Committee on Planning and Policy for Land Use and Land Conservation. Basic Data and Research Subgroup, 1974      U.S. Geological Survey Circular, 1995      *Land Use Transition in Urbanizing Areas* Ralph E. Heimlich, 1989      The Origin of Granites and Related Rocks Andrew G. Fountain, Martha Blair-Tyler, Robert J. Gilliom, Gail P. Thelin, Robert M. Krimmel, Dennis Trabant, 1984      Remote Sensing of Agriculture and Land Cover/Land Use Changes in South and Southeast Asian Countries Krishna Prasad Vadrevu, Thuy Le Toan, Shibendu Shankar Ray, Chris Justice, 2022-03-28 This book sheds new light on the remote sensing of agriculture in South Southeast Asian S SEA countries S SEA countries are growing rapidly in terms of population industrialization and urbanization One of the critical challenges in the region is food security In S SEA although total food production and productivity have increased in previous decades in recent years the growth rate of food production has slowed down mostly due to land use change

market forces and policy interventions Further the weather and climate systems in the region driven primarily by monsoon variability are resulting in droughts or flooding impacting agricultural production Therefore monitoring crops including agricultural land cover changes at regular intervals is essential to predict and prepare for disruptions in the food supply in the S SEA countries The current book captures the latest research on the remote sensing of agricultural land cover land use changes including mapping and monitoring crops crop yields biophysical parameter retrievals multi source data fusion for agricultural applications and chapters on decision making and early warning systems for food security The authors of this book are international experts in the field and their contributions highlight the use of remote sensing and geospatial technologies for agricultural research and applications in South Southeast Asia
