## **Studies In History Politics Volume 5 1986:**

*Respectable Radicals* David Howell, 2017-03-02 Railway workers were a uniformed and respectable section of the Victorian and Edwardian working class They built their trade unions in the face of employer hostility and their organisations played a crucial role in the construction of effective labour politics Local political organisations owed much to the patience and creativity of railway workers not least in small towns and country districts *Respectable Radicals* uses rich archival sources to analyse this history through a series of case studies It focuses among other topics on disasters strikes the modernisation policies of companies inter union rivalries and the promises and frustrations of labour politics A dominant theme is the complex relationship between changing experiences of work shifting trade union strategies and political identities The result is a new perspective on a significant sector of trade unionism and on the character of labour politics from the 1890s to the 1950s

**Dictionary of Labour Biography** Keith Gildart, David Howell, 2018-02-04 The Dictionary of Labour Biography has an outstanding reputation as a reference work for the study of nineteenth and twentieth century British history Volume XIV maintains this standard of original and thorough scholarship Each entry is written by a specialist drawing on an array of primary and secondary sources The biographical essays engage with recent historiographical developments in the field of labour history The scope of the volume emphasises the ethnic and national diversity of the British labour movement and neglected political traditions

*The Geopolitics of Anglo-Irish Relations in the Twentieth Century* Geoffrey R. Sloan, 1997-09-25 Anglo Irish relations in the twentieth century can be described as being close but tortuous This paradox is fused with Ireland's geographical location both isolated from Europe and in close proximity to the main island of the British archipelago Using a geopolitical analysis based on the theories of Sir Halford Mackinder this book provides a new understanding of the strategic imperatives that have driven British policy throughout the turbulent events of the twentieth century Containing material which has only recently been released by the Public Record Office this book brings an entirely new perspective to the reality of Irish neutrality and the pivotal importance of Northern Ireland in the Battle of the Atlantic during the Second World War Furthermore using US archival material it gives a new insight into Ireland's geopolitical importance in the First World War and her contribution to victory against the German U boats

*Chinese Visions of Progress, 1895 to 1949* Thomas Fröhlich, Axel Schneider, 2020-05-11 *Chinese Visions of Progress 1895 to 1949* offers a panoramic view of reflections on progress in modern China Since the turn of the twentieth century the discourses on progress shape Chinese understandings of modernity and its pitfalls As this in depth study shows these discourses play a pivotal role in the fields of politics society culture as well as philosophy history and literature It is therefore no exaggeration to say that the Chinese ideas of progress their often highly optimistic implications but also the criticism of modernity they offered opened the gateway for reflections on China's past its position in the present world and its future course

*Revolution* Rosemary H. T. O'Kane, 2000 All of the major work on the subject of revolutions is collected in this useful set

Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more Studies in the Economic History of Southern Africa Z.A. Konczacki, Jane L. Parpart, Timothy M. Shaw, 2014-01-14 First Published in 1990 Volume Two of Studies of Economic History of South Africa looks at the Lesotho and Swaziland regions The unfolding history and historiography of Southern Africa pose profound challenges for both analysis and praxis in the last decade of the twentieth century These challenges are reflected in the range of investigations and contradictions some of which are treated here which together constitute an intellectual and political conjuncture This collection of studies deals with the countries which were not included in the companion book on the economic history of the Front Line States Most of the space in the present volume is devoted to South Africa primarily because of its importance to the region but also because contributions to the economic history of that country in English are very extensive as compared to the other states of Southern Africa

**Tradition Versus Democracy in the South Pacific** Stephanie Lawson, 1996-01-26 Much literature on non Western traditions celebrates the renaissance of indigenous cultures Others have been more critical of this renaissance especially with respect to its political implications This study analyses the assertion of tradition by indigenous elites looking especially at the way it is used to differentiate the West from the non West This is important to contemporary discussion about the validity of democracy outside the West and problems concerning universalism and relativism The discussion of Fiji focuses on constitutional development and the traditionalist emphasis on chiefly legitimacy The rise of the Pro Democracy Movement in Tonga is considered against the background of a conservative political order that has so far resisted pressure for reform The move to universal suffrage in Western Samoa is seen not as a rejection of traditional ways in favour of democratic norms but as a means of preserving important aspects of traditional culture **Economic Development of Africa, 1880-1939 vol 5**

David Sunderland, 2017-09-29 One of the main motives for British imperialism in Africa was economic gain This collection examines the ways in which Britain developed Africa and in so doing benefited her own economy **Monthly Catalogue, United States Public Documents**, 1991-11 **The Historical Jesus of the Gospels** Craig S. Keener, 2009-11-03 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in The Historical Jesus of the Gospels In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history *International Relations Theory of War* Ofer Israeli, 2019-04-10 Covering

1816 2016 this book deals extensively with the international system as well as the territorial outcomes of several key wars that were waged during that time period providing an instructive lesson in diplomatic history and international relations among global powers Based on an in depth review of the leading theories in the field of international relations International Relations Theory of War explains an innovative theory on the international system developed by the author that he applies comprehensively to a large number of case studies The book argues that there is a unipolar system that represents a kind of innovation relative to other systemic theories It further posits that unipolar systems will be less stable than bipolar systems and more stable than multipolar systems providing new insights relative to other theories that argue that unipolar systems are the most stable ones The first chapter is devoted to explaining the manner of action of the two dependent variables systemic international outcome and intra systemic international outcome The second chapter presents the international relations theory of war and its key assumptions The third chapter precisely defines the distribution of power in the system The fourth chapter examines the theory s two key phenomena The fifth and last chapter presents the book s conclusions by examining the theoretical assumptions of the international relations theory of war

**The Seed is Mine** Charles van Onselen, 2019-04-15 A bold and innovative social history The Seed Is Mine concerns the disenfranchised blacks who did so much to shape the destiny of South Africa After years of interviews with Kas Maine and his neighbors employers friends and family a rare triumph of collaborative courage and dedication Charles van Onselen has recreated the entire life of a man who struggled to maintain his family in a world dedicated to enriching whites and impoverishing blacks while South Africa was tearing them apart

**Before Colonization** Charles R. Butcher, Ryan D. Griffiths, 2025-07-08 Prior to European colonization the world was thickly populated with hundreds of independent states and vibrant regional state systems Yet these states are typically excluded from traditional international relations scholarship which has mostly focused on the European experience This book provides a groundbreaking comparative analysis of non Western states and state systems in the nineteenth century Using an original data set on independent states during this period Charles R Butcher and Ryan D Griffiths answer fundamental questions such as how many states there were when they arose and when they died documenting the large number of states that were extinguished as a consequence of European colonialism They explore the structure of nineteenth century state systems in East Asia South Asia maritime Southeast Asia and West Africa examining the effects of war trade and interaction capacity Through these case studies Butcher and Griffiths provide novel perspectives on longstanding debates over state centralization and the choice between indirect and direct forms of rule Shedding new light on the dynamics of non Western interstate relations during the nineteenth century Before Colonization reveals striking similarities between state systems across diverse historical settings

**The Rise and Fall of OPEC in the Twentieth Century** Giuliano Garavini, 2019-07-25 The Organization of the Petroleum Exporting Countries OPEC is one of the most recognizable acronyms among international organizations It is

mainly associated with the oil shock of 1973 when prices of petroleum quadrupled and industrialized countries and consumers were forced to face the limits of their development model This is the first history of OPEC and of its members written by a professional historian It carries the reader from the formation of the first petrostate in the world Venezuela in the late 1920s to the global ascent of petrostates and OPEC during the 1970s to their crisis in the late 1980s and early 1990s Formed in 1960 OPEC was the first international organization of the Global South It was perceived as acting as the economic spearhead of the Global South and acquired a role that went far beyond the realm of oil politics Petrostates such as Venezuela Nigeria Algeria Saudi Arabia Iraq and Iran were and continue to be key regional actors and their enduring cooperation defying wide political and cultural differences and even wars speaks to the centrality of natural resources in the history of the twentieth century and to the underlying conflict between producers and consumers of these natural resources
