Studies In Medieval Renaissance H Volume 5:

Beyond Charity Carter Lindberg,1993-07-01 The common stereotype is that the Reformers separated public and private morality and were indifferent to the ethical import of social structures and institutions Beyond Charity calls this understanding into question by providing an analysis of the historical situation and translations of primary documents The medieval point of view formed by piety of achievement idealized poverty either as voluntary renunciation or as almsgiving In either case the material effects on actual poverty were slight and the religious endorsement of poverty precluded urban efforts to address this growing problem The Reformers impelled by their theology developed and passed new legislative structures for addressing social welfare needs The key to their undertakings was the conviction that social ethics is the continuation of community worship In the first half this book sets forth the medieval context details Luther s critique of the profit economy of his day and analyzes the actual social welfare programs that issued from his theology The second half provides translations of selected legislative programs from the church orders of the Reformation **The Penn**

Commentary on Piers Plowman, Volume 5, C Passūs 20-22 ; B Passūs 18-20 Stephen A. Barney,2006 **The Penn**
Commentary on Piers Plowman, Volume 5 Stephen A. Barney,2011-06-07 The first full commentary on Piers Plowman since the late nineteenth century is inaugurated with the publication of the first two of its five projected volumes The detailed and wide ranging Penn Commentary places the allegorical dream vision of Piers Plowman within the literary historical social and intellectual contexts of late medieval England and within the long history of critical interpretation of the poem assessing past scholarship while offering original materials and insights throughout The authors line by line section by section and passus by passus commentary on all three versions of the poem and on the stages of its multiple revisions reveals new aspects of the poem s meaning while assessing and summarizing a complex and often divisive scholarly tradition The volumes offer an up to date original and open ended guide to a poem whose engagement in its social world is unrivaled in English literature and whose literary religious and intellectual accomplishments are uniquely powerful The Penn Commentary is designed to be equally useful to readers of the A B or C texts of the poem It is geared to readers eager to have detailed experience of Piers Plowman and other medieval literature possessing some basic knowledge of Middle English language and literature and interested in pondering further the particularly difficult relationships to both that this poem possesses Others with interest in poetry of all periods will find the extended and detailed commentary useful precisely because it does not seek to avoid the poem s challenges but seeks instead to provoke thought about its intricacy and poetic achievements Andrew Galloway s Volume 1 treats the poem s first vision from the Prologue through Passus 4 in all three versions accepting the C text as the poet s final word but excavating downward through the earlier B and A texts Stephen Barney s volume completes the framework for the commentary dealing with the final three pass s of the poem extant only in the B and C versions Subsequent volumes will be the work of Ralph Hanna Traugott Lawler and Anne Middleton Overall The Penn Commentary on

Piers Plowman marks a new stage of concentrated yet wide ranging attention to a text whose repeated revisions and literary and intellectual complexity make it both an elusive object of inquiry and a literary work whose richness has long deserved the capacious and minutely detailed treatment that only a full commentary can allow Perhaps no poem in English appeals more than Piers Plowman to those readers who understand Yeats's fascination with things difficult yet The Penn Commentary will enable generations of readers to share in the pleasures and challenges of experiencing engaging with and trying to elucidate the difficulties of one of the towering achievements of English literature **Sacred Communities** Dean Phillip

Bell, 2021-10-01 We all live in a community and it was no different for the Jews and Christians of medieval Germany or was it This book draws together disparate threads of Christian and Jewish communal development in an effort to give a deeper understanding to the complex tapestry of Jewish and Christian interaction In the broad examination presented herein it is possible to compare the general transformations that affected Jews and Christians both as residents of a shared German society and as residents of their own separate communities Jews and Christians interacted in a variety of ways in numerous settings and at a multitude of levels that defy simple categorization To label late medieval Germany a period of crisis is too simplistic the Reformation should not categorically be viewed as the central development in the shift between medieval and early modern times This book seeks to recontextualize the world of Jewish and Christian relations by bringing together divergent sources not often taken together but equally important to inform one another and offer a fuller picture of Jewish and Christian notions of each other and themselves than has been possible up to this point 1997 Massimo

Mastrogregori, 2013-05-08 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors *The Rise of European Music, 1380-1500* Reinhard Strohm, 2005-02-17 This is a detailed and comprehensive survey of music in the late middle ages and early Renaissance By limiting its scope to the 120 years which witnessed perhaps the most dramatic expansion of our musical heritage the book responds in the 1990s to the tremendous increase in specialised research and public awareness of that period Three of the four main Parts I II IV describe the development of polyphony and its cultural contexts in many European countries from the successors of Machaut d 1377 to the achievements of Josquin des Prez and his contemporaries working in Renaissance Italy around 1500 Part III by contrast illustrates the musical life of the institutions and musical practices outside the realm of composed polyphony that were traditional and common all over Europe The book proposes fresh views in each chapter discussing dozens of musical examples adducing well known and hitherto unknown documents and referring to and evaluating the most recent scholarship in the field *Imaginings of Time in Lydgate and Hoccleve's Verse* Dr Karen Elaine Smyth, 2013-05-28 Using empirical

research to explore medieval writers imaginings of time this study presents a new morphology by which to study narratives of time in fifteenth century literary culture focusing on poems of John Lydgate and Thomas Hoccleve Karen Smyth begins with an overview of medieval time keeping devices and considers collective and individual attitudes and perceptions of time She then examines a range of Middle English authors appropriations and innovations in relation to such perceptions identifying competitions of tradition and innovation allowing for an interrogation of commonly accepted medieval theories of time An empirically based morphology emerges and is used to examine narratives of time in Lydgate and Hoccleve s work Through a series of close readings of selected short poems and Lydgate s Troy Book Fall of Princes and Siege of Thebes and of Hoccleve s Regiments of Princes and Series Karen Smyth looks at expressions of time and examples of the authors negotiation of time consciousness illustrating how both poets manipulate a range of cultural narratives of time in order to create multiple and sometimes competing temporalities within a single poem Smyth simultaneously draws attention to Lydgate s and Hoccleve s underestimated artistic skills and lays out a means to re evaluate medieval cultural attitudes towards time

Poverty in the Theology of John Calvin Bonnie L. Pattison, 2006-11-01 It is the thesis of this study that in Calvin s theology poverty and affliction not splendor and glory mark and manifest the kingdom of God on earth Poverty makes the kingdom visible to the eyes and therefore recognizable as divine Poverty acts to reveal or disclose that which is spiritual or that which is of God in the Christian faith This does not mean that Calvin sees the condition of physical poverty as revelatory in and of itself Rather poverty and affliction function as agents of divine revelation They are a condition or a chosen instrument God uses to disclose to humanity the nature of true spirituality godliness and poverty of spirit How this is demonstrated in Calvin s thought depends upon the specific doctrine under examination This study explores three particular areas in Calvin s theology where

his theological understanding of spiritual poverty and physical poverty or affliction intersect his Christology his doctrine of the Christian life and his ecclesiology **Medieval Mythography, Volume Three** Jane Chance, 2019-11-15 With this volume Jane Chance concludes her monumental study of the history of mythography in medieval literature Her focus here is the advent of hybrid mythography the transformation of mythological commentary by blending the scholarly with the courtly and the personal No other work examines the mythographic interrelationships among these poets and their unique and personal approaches to mythological commentary The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Books in Print, 1991 **The Publishers' Circular and Booksellers' Record**, 1929 **The Cult of St. Anne in Medieval and Early Modern Europe** Jennifer Welsh, 2016-12-08 Dr Jennifer Welsh received her M A in Medieval Studies from Cornell University in 2000 and her M A and PhD in History from Duke University in 2004 and 2009 Her dissertation dealt with the cult of St Anne in late medieval and early modern Europe After four years as a Visiting Assistant Professor at the College of Charleston in Charleston SC she started working as an Assistant Professor in the Department of History at Lindenwood University Belleville in Belleville IL in August of 2014 This is her first book **A History of Preaching Volume 1** Rev. O.C. Edwards JR., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church s ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards s magisterial retelling of the story of Christian preaching s development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century s discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands

preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church's twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC's Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co-moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches

The Memory of Bones Stephen Houston, David Stuart, Karl Taube, 2006-06-01 All of human experience flows from bodies that feel express emotion and think about what such experiences mean But is it possible for us embodied as we are in a particular time and place to know how people of long ago thought about the body and its experiences In this groundbreaking book three leading experts on the Classic Maya ca AD 250 to 850 marshal a vast array of evidence from Maya iconography and hieroglyphic writing as well as archaeological findings to argue that the Classic Maya developed a coherent approach to the human body that we can recover and understand today The authors open with a cartography of the Maya body its parts and their meanings as depicted in imagery and texts They go on to explore such issues as how the body was replicated in portraiture how it experienced the world through ingestion the senses and the emotions how the body

experienced war and sacrifice and the pain and sexuality that were intimately bound up in these domains how words often heaven sent could be embodied and how bodies could be blurred through spirit possession From these investigations the authors convincingly demonstrate that the Maya conceptualized the body in varying roles as a metaphor of time as a gendered sexualized being in distinct stages of life as an instrument of honor and dishonor as a vehicle for communication and consumption as an exemplification of beauty and ugliness and as a dancer and song maker Their findings open a new avenue for empathetically understanding the ancient Maya as living human beings who experienced the world as we do through the body

Truth, Philosophers, and Prophets: a Critical Study of Isaac Albalag's Sefer Tiqqun ha-De'ot Bakinaz Khalifa Abdalla, 2024-12-02 This book focuses on Isaac Albalag's perspective on the relationship between religion and philosophy In *Sefer Tiqqun ha-De'ot* a Hebrew translation with a commentary of al-azl's Arabic philosophical encyclopedia *Maq'id al-Fal-sifah* Albalag indicates his adherence to what is known in scholarship as the double truth doctrine By analysing the *Tiqqun* against its philosophical background and its critical engagement with the *Maq'id* this book demonstrates Albalag's unyielding commitment to Aristotelianism as known to him through Averroes's lens concluding that his apparent embrace of the double truth doctrine is merely a strategic tool to carve out a distinct space for philosophy independent of religious beliefs
