Studies In Monastic Theology:

Studies in Monastic Theology ,1980 *Studies in Monastic Theology* Odo Brooke,1980 **The Monastic Theology of Aelred of Rievaulx** Amédée Hallier,1969 *The Monkhood of All Believers* Greg Peters,2018-11-06 Although the institution of monasticism has existed in the Christian church since the first century it is often misunderstood Greg Peters an expert in monastic studies reintroduces historic monasticism to the Protestant church articulating a monastic spirituality for all believers As Peters explains what we have known as monasticism for the past 1 500 years is actually a modified version of the earliest monastic life which was not necessarily characterized by poverty chastity and obedience but rather by one s single minded focus on God a single mindedness rooted in one s baptismal vows and the priesthood of all believers Peters argues that all monks are Christians but all Christians are also monks To be a monk one must first and foremost be singled minded toward God This book presents a theology of monasticism for the whole church offering a vision of Christian spirituality that brings together important elements of history and practice The author connects monasticism to movements in contemporary spiritual formation helping readers understand how monastic practices can be a resource for exploring a robust spiritual life

The Story of Monasticism Greg Peters,2015-08-11 Some evangelicals perceive monasticism as a relic from the past a retreat from the world or a shirking of the call to the Great Commission At the same time contemporary evangelical spirituality desires historical Christian manifestations of the faith In this accessibly written book Greg Peters an expert in monastic studies who is a Benedictine oblate and spiritual director offers a historical survey of monasticism from its origins to current manifestations Peters recovers the riches of the monastic tradition for contemporary spiritual formation and devotional practice explaining why the monastic impulse is a valid and necessary manifestation of the Christian faith for today s church **Consider Your Call** Daniel Rees,1980 **The Theologian's Enterprise** Fr. Aidan Nichols, O.P.,2020 In this brief guide an internationally acclaimed theologian and Dominican priest explains the approach to Catholic theology that he has worked out during his nearly forty years of publishing books and articles in the service of the Church He looks at the nature of theology its status as a science that is also a wisdom its intrinsic principles and methods its sources and its subdivisions He discusses the qualities the budding theologian must make his own if theology is to be authentically Catholic and assist rather than hinder the Church s mission In a time of considerable confusion in the intellectual life of the Church arising not only from professors but from hierarchs *The Theologian's Enterprise* offers comprehensive yet concise counsel to those setting out in the study of their faith perhaps for the first time *The Cambridge Companion to the Cistercian Order* Mette Birkedal Bruun,2013 Presents the Order s figureheads practical life and spiritual horizon and its contribution to medieval Europe s religious cultural and political climate **Encyclopedia of Monasticism** William M. Johnston,2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and

localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture

Reclaiming Humility Jane Foulcher, 2015 Does humility have a place in contemporary life Were Enlightenment thinkers wrong to reject humility as a monkish virtue Hume arising from a slave morality Nietzsche Australian theologian Jane Foulcher recovers the counter cultural reading of humility that marked early Christianity and examines its trajectory at key junctures in the development of Western monasticism Humility emerges not as a moral virtue achieved by human effort but as a way opened by grace as a divine climate Christian de Cherg that we are invited to inhabit From fourth century Egypt to twentieth century Algeria via Saint Benedict and Saint Bernard of Clairvaux Dr Foulcher s compelling analysis of theology and practice challenges the church to reclaim Christian humility as essential to its life and witness today

A Companion to William of Saint-Thierry F. Tyler Sergent, 2019-03-27 A Companion to William of Saint Thierry provides eight new studies on this noted twelfth century Cistercian writer by some of the most prolific English language William scholars from North America and Europe and is structured around William s life thought and influence A Benedictine abbot who became a Cistercian monk William of Saint Thierry c 1085 1148 lived through the first half of the twelfth century a time of significant reform within western Christian monasticism Although William was directly involved in these reforming efforts while at the Benedictine abbey of Saint Thierry his lasting legacy in Christian tradition comes through his written works many as a Cistercian monk that showcase his keen intellect creative thinking and at times profound insight for spiritual life and its fulfilment Contributors David N Bell Thomas X Davis E Rozanne Elder Brian Patrick McGuire Glenn E Myers Nathaniel Peters Aage Rydstr m Poulsen and F Tyler Sergent

Aelred of Rievaulx John R. Sommerfeldt, 2005 For the medieval Cistercian abbot Aelred of Rievaulx human beings are capable of happiness because human nature is good but the self defeating choices of humans have led to their misery A loving God leads humans to happiness by nudging their free wills toward choosing the good and then if they respond positively giving them the power to realize that good The power or virtue which perfects the human intellect is humility which is not meekness but self knowledge gained through introspection and meditation on and through nature and Scripture The will is perfected through love without which no human act is good Love for oneself for others and for God are complementary not competing acts of the will A special way of loving is friendship on which Aelred s teaching is perhaps the most complete and most sophisticated in the history of Christian thought Perfection is for Aelred

attainable in this life since he sees perfection as a process not a static condition That condition will be attained in the total fulfillment of the afterlife

The Trinity Anne Hunt,2010-04-01 Though trinitarian theology has enjoyed a resurgence of interest in the last few years there is a lamentable lacuna in much of this study a gap between intellectual rigor and concrete experience While the contributions of Augustine of Hippo and Thomas Aquinas are important to any foundational study of the Trinity a strictly philosophical and scholastic approach has proved to be both contentious and problematic As a result many are left wanting for more meaningful expressions of this profound mystery Anne Hunt fills this lacuna and offers a fresh avenue of reflection She explores the distinctly trinitarian insights of a number of Christian mystics Hildegard of Bingen and Meister Eckhart Bonaventure and Elizabeth of the Trinity Teresa of Avila and John of the Cross William of St Thierry and Julian of Norwich Readers will find that the mystery of the divine life and love that was so tangibly given and so palpably experienced by these mystics is now offered to us through them Anne Hunt is faculty dean of theology and philosophy at Australian Catholic University She is currently vice president of the Australian Catholic Theological Association She is author of *Trinity Nexus of the Mysteries of Christian Faith What Are They Saying About the Trinity and The Trinity and the Paschal Mystery*

Spiritual Friendship Aelred of Rievaulx,Dennis Billy,2008-10-28 This surprisingly modern twelfth century classic has long been popular with monks Now this new edition opens up the riches of this spiritual masterpiece to a wide audience of contemporary readers who see the spiritual life not as a solitary enterprise but one intimately connected to relationships Written in dialogue form *Spiritual Friendship* offers wise counsel on many aspects of friendship Dennis Billy C Ss R editor of the innovative *Classics with Commentary* series has once again provided readers with an invaluable introduction and background The popular translation by M Eugenia Laker is complemented by Billy s helpful commentary and thoughtful reflection questions

Cistercian Studies Cistercians,1980

A Companion to Bernard of Clairvaux Brian Patrick McGuire,2011-03-21 Bernard of Clairvaux emerges from these studies as a vibrant challenging and illuminating representative of the monastic culture of the twelfth century In taking on Peter Abelard and the new scholasticism he helped define the very world he opposed and thus contributed to the renaissance of the twelfth century

Pneumatology and the Christian-Buddhist Dialogue Amos Yong,2012-07-26 This project at the interface of Buddhist Christian studies comparative theology and Christian systematic theology proceeds by way of exploring questions related to the presence and activity of the Holy Spirit in a 21st century world of many faiths

The Love of Learning and The Desire God Jean Leclercq O.S.B.,2024-10-22 Available in a new digital edition with reflowable text suitable for e readers The Love of Learning and the Desire for God is composed of a series of lectures given to young monks at the Institute of Monastic Studies at Sant Anselmo in Rome during the winter of 1955 56

English Spirituality Gordon Mursell,2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces history from Roman times until the year 2000 The main Christian traditions and a vast range of
