Administration for Development in Nigeria Paul D.

Collins, This classic text originally published in 1948 is a study of the public administration movement from the viewpoint of political theory and the history of ideas. It seeks to review and analyze the theoretical element in administrative writings and to present the development of the public administration movement as a chapter in the history of American political thought. The objectives of *The Administrative State* are to assist students of administration to view their subject in historical perspective and to appraise the theoretical content of their literature. It is also hoped that this book may assist students of American culture by illuminating an important development of the first half of the twentieth century. It thus should serve political scientists whose interests lie in the field of public administration or in the study of bureaucracy as a political issue; the public administrator interested in the philosophic background of his service; and the historian who seeks an understanding of major governmental developments. This study now with a new introduction by public policy and administration scholar Hugh Miller is based upon the various books, articles, pamphlets, reports, and records that make up the literature of public administration and documents the political response to the modern world that Graham Wallas named the Great Society. It will be of lasting interest to students of political science, government, and American history.

Education and Research in Public Administration in Africa Adebayo Adedeji, Colin Baker, 2023-08-31. Originally published in 1974, this book is a valuable contribution to the literature about the African context of public administration. The application of research to public administration and the communication of research findings are discussed in depth. All aspects of the subject are presented: non-university based, non-academic institutes as well as undergraduate and post-graduate programmes. The book concludes with some non-African comparisons from Australia, France, the USA, and the UK.

Public Policy And Administration In Africa Peter Koehn, 2019-09-16. Originally published in 1990, it is a look at the vast, historically and socially complex nature of the Nigeria. This book is intended to share what he has learned about public policy and administration in Africa over the past ten years. This book is based upon a decade of research, reflection, and writing. The field research period corresponds with the

Adebayo Adedeji, 2023-08-31. Originally published in 1968, this book is of unique value because it provides first-hand information on Nigerian government and administration in action during the 2nd half of the 20th Century. Themes discussed include the evolution, organisation, and structure of the civil services; the impact of politics on administration; interest groups; the politics of modernisation and its effect on the Administration; inter-class and inter-departmental conflicts in the public services; the contribution of politicians and administrators to national economic planning; and the politics and administration of public corporations. The Nigerian experience is also compared with that of francophone West African countries and the last

Administration in the Third World V. Subramaniam, 1990-06-26 This multiauthor reference handbook gives a detailed objective picture of the evolution structure and processes of public administration in representative Third World countries Written by an international group of specialists with first hand knowledge of the subject it presents empirical studies of developing nations in Asia the Middle East North and Sub Saharan Africa the West Indies and Latin America The resulting data are shaped by the editor into a theoretical framework delineating the complex relationships of state bureaucracy and class in the Third World Subramaniam s introduction provides a critical overview of development literature in the field Each case study begins with an historical introduction and discusses the political executive and the administrative structures and processes Among the specific topics covered are public enterprises administrative departments personnel financial administration and regional and local administrative units The majority of the systems studied are affected by the unregulated power of public enterprises the persistence of colonial legacies and the elitism of the bureaucracy The concluding section relates these common elements to the sociohistorical characteristics of the middle class groups that dominate both politics and public administration Offering new research findings and a useful theoretical synthesis this study will promote a clearer understanding of the internal political processes of Third World nations and be of compelling interest to specialists and students concerned with Third World political economy comparative government and international political economy *State-Directed Development* Atul Kohli, 2004-08-30 Why have some developing country states been more successful at facilitating industrialization than others An answer to this question is developed by focusing both on patterns of state construction and intervention aimed at promoting industrialization Four countries are analyzed in detail South Korea Brazil India and Nigeria over the twentieth century The states in these countries varied from cohesive capitalist mainly in Korea through fragmented multiclass mainly in India to neo patrimonial mainly in Nigeria It is argued that cohesive capitalist states have been most effective at promoting industrialization and neo patrimonial states the least The performance of fragmented multiclass states falls somewhere in the middle After explaining in detail as to why this should be so the study traces the origins of these different state types historically emphasizing the role of different types of colonialisms in the process of state construction in the developing world *Representative Bureaucracy, Meritocracy, and Nation Building in Nigeria* Bola Dauda, Toyin Falola, 2015-12-18 This book is a comprehensive theoretical and empirical investigation of the practical application of representative bureaucracy in Nigeria Part I consists of four chapters beginning with a theoretical and an historical overview of representative bureaucracy and policy making in Nigeria This includes a discussion of the myths contradictions and the resultant dilemmas of administration It highlights the complexities and intricacies of public policy making and examines the concept of representative bureaucracy including its meaning forms criticisms prospects limitations and history It also examines the need for administrative reforms what reforms have taken place and the country s

search for appropriate bureaucracy for nation building Part II details the objective and empirical facts regarding the representativeness of bureaucracy in Nigeria and its implications Unlike past approaches this book provides solid evidence of what difference representative bureaucracy actually makes on the ground Using a novel and rigorous methodological approach the actual impact of the civil service on policy making is assessed and insights are provided into how a more representative bureaucracy affects policy The approach is enhanced by the authors advantage as Nigerian scholars who had both worked in the Nigerian political system as civil servant and university professors This landmark study will be of value to scholars and students of Nigerian and African political economic and social development

Developing Research on African Administration Adebayo Adedeji, Göran Hydén, 1974 Culture, philosophies and reforms in public administration for the globalizing world Edwin O.C. Ijeoma, Ogochukwu I.

Nzewi, 2018-12-31 The aim of this scholarly collected work is to contribute to the scientific discourse on public administration in a globalised environment The book reflects on governance challenges in South Africa and in Africa with its point of departure being the master narratives the so called grand debates such as New Public Management and specifically the role of technology It also reflects on the so called middle range discourses concerning organisational level issues in government e g leadership and work procedures and explores new solutions to old governance challenges like corruption and service delivery The uniqueness of this collected work lies in its ability to reflect on existing philosophies and practices in an innovative way Through its multidisciplinary lens the book opens up a new vision for the future of public administration in the South African context and on the African continent not neglecting the current local regional and global environment Until recently globalisation was considered an entrenched world order but international political events during the course of the past few years have resulted in one of the biggest challenges to its endurance in recent history This includes developments such as the successful referendum in Britain to exit the European Union highlighting the growth of a severe nationalist and protectionist agenda that may be a signal of the unravelling of the current globalism world order These developments inspire deeper interrogation of the challenges to effective public administration globally and the ripple effects in South Africa and

Africa as a whole Pointedly it is evident that ensuring the voice of citizens in policy decision making remains a critical governance challenge On the policy front there are perennial challenges of land reform service delivery and poverty while on the governance front corruption has metastasised with a growing culture of impunity and lack of accountability in leadership In the midst of growing corruption and more than 20 years into democracy South Africa s income inequality remains one of the highest in the world This setting constitutes the context of the research outcome published in this scholarly work
