**Handbook of Patristic Exegesis** Charles Kannengiesser, 2023-02-06 Through this Handbook of Patristic Exegesis the reader will obtain a balanced and cohesive picture of the Early Church It gives an overall view of the reception transmission and interpretation of the Bible in the life and thought of the Church during the first five centuries of Christianity the so called patristic era The handbook offers the context and presuppositions necessary for understanding the development of the interpretative traditions of the Early Church in its catechesis its liturgy and as a foundation of its systems of theology The handbook presents a comprehensive overview of the history of patristic exegesis Apart from a general introduction to the major topics in this field it contains essays by leading patristic scholars on the most important Church Fathers such as Augustine Irenaeus Origen Gregory of Nyssa and others The essays are supplemented by bibliographies of editions and studies on patristic exegesis published from 1945 until 1995 Together these bibliographies form the only comprehensive bibliography presently available on this topic The print edition is available as a set of two volumes 9789004098152      **The Epistle of Barnabas** Jonathan Lookadoo, 2024-08-29 The Epistle of Barnabas explores the multifaceted spiritual interpretations and theological beliefs of the Epistle of Barnabas moving beyond a reductive consideration of its Two Ways Tradition or focus on its anti Jewish use of Scripture Lookadoo considers the epistle s authorship dating and opponents alongside detailed analysis of literary connection and scholarly discourse which brings clarity and understanding to this fascinating early Christian text With a fresh English translation of the Greek text this book is a well researched and nuanced interpretation of the text crucial for students of early Christianity and illuminating for anyone seeking to understand the origins of Christianity      Justification in the Second Century Brian J. Arnold, 2017-02-20 This book seeks to answer the following question how did the doctrine of justification fare one hundred years after Paul s death c AD 165 This book argues that Paul s view of justification by faith is present in the second century a thesis that particularly challenges T F Torrance s long held notion that the Apostolic Fathers abandoned this doctrine The Doctrine of Grace in the Apostolic Fathers 1948 In

the wake of Torrance's work there has been a general consensus that the early fathers advocated works righteousness in opposition to Paul's belief that an individual is justified before God by faith alone but second century writings do not support this claim Each author examined Clement of Rome Ignatius of Antioch Epistle to Diognetus Odes of Solomon and Justin Martyr contends that faith is the only necessary prerequisite for justification even if they do indicate the importance of virtuous living This is the first major study on the doctrine of justification in the second century thus filling a large lacuna in scholarship With the copious amounts of research being conducted on justification it is alarming that no work has been done on how the first interpreters of Paul received one of his trademark doctrines It is assumed wrongly that the fathers were either uninterested in the doctrine or that they misunderstood the Apostle Neither of these is the case This book is timely in that it enters the fray of the justification debate from a neglected vantage point Christ's Resurrection in Early Christianity Markus Vinzent, 2016-05-23 Why is the Resurrection of Christ so remote almost non-existent in many early Christian writings of the first 140 years of Christianity This is the first Patristic book to focus on the development of the belief in the Resurrection of Christ through the first centuries A D By Paul Christ's Resurrection is regarded as the basis of Christian hope In the fourth century it becomes a central Christian tenet But what about the discrepancy in the first three centuries This thought provoking book explores this core topic in Christian culture and theology Taking a broad approach including iconography archaeology history philosophy Jewish Studies and theology Markus Vinzent offers innovative reading of well known biblical and other texts complemented by rarely discussed evidence Christ's Resurrection in Early Christianity takes the reader on a fascinating journey through the wilderness of unorthodox perspectives in the breadth of early Christian writings It is an eye opening experience with insights into the craftsmanship of early Christianity and the earliest existential debates about life and death death and life all centred on the cross on suffering enduring and sacrifice The Church as Paradise and the Way Therein: Early Christian Appropriation of Genesis 3:22-24 Christopher A. Graham, 2017-04-24 In The Church as Paradise and the Way Therein Early Christian Appropriation of Genesis 3:22-24 Christopher A Graham demonstrates that early Christian authors employed the words paradise and way as allusions to the expulsion narrative Genesis 3:22-24 to signify that the benefits available in protological Paradise were once again accessible in and through Jesus and the Church The centrality of the expulsion narrative in their literary milieus gave these authors confidence that readers would discern these allusions After considering the reception of the expulsion in texts circulating within the early Christian milieu Graham turns to the texts of Luke and Irenaeus of Lyons Both authors drew from an interpretive tradition in which a return to Paradise was desirable Both celebrated Jesus's reversal of Adam's expulsion and the constitution of Jesus's followers as the location and means by which humanity could continue to access divine truth and life For both authors the Church is Paradise and the way therein *The Early Christians in Ephesus from Paul to Ignatius* Paul Trebilco, 2007-10-17 The capital city of the province of Asia in the first century CE Ephesus played a key role in the development of early

Christianity In this book Paul Trebilco examines the early Christians from Paul to Ignatius seen in the context of our knowledge of the city as a whole Drawing on Paul s letters and the Acts of the Apostles Trebilco looks at the foundations of the church both before and during the Pauline mission He shows that in the period from around 80 to 100 CE there were a number of different communities in Ephesus that regarded themselves as Christians the Pauline and Johannine groups Nicolaitans and others testifying to the diversity of that time and place Including further discussions on the Ephesus addresses of the apostle John and Ignatius this scholarly study of the early Ephesian Christians and their community is without peer

*Jesus and the Sabbath in Matthew's Gospel* Yong-Eui Yang,1997-01-03 Matthew s two stories of sabbath controversy contain key materials on the relations between Jesus and the sabbath Deploying both socio historical and literary criticisms the author concludes that for Matthew the sabbath is fulfilled by Jesus that is to say Jesus redemption has fulfilled the ultimate goal for the sabbath The christological and eschatological character of these stories is thus apparent and Yang suggests that such an emphasis over against the Pharisees casuistic concerns betrays Matthew s awareness of the danger of a legalistic tendency in sabbath observance among members of his community

Redemptive Almsgiving in Early Christianity Roman Garrison,1993-01-01 In the light of the New Testament s conviction that Jesus Christ died for sins and that the Cross is a once for all act that makes the Temple cult unnecessary this challenging work probes the reasons for the emerging doctrine of redemptive almsgiving in early Christianity Do the New Testament writers themselves even Jesus implicitly endorse the view that a supplementary or alternative means of atonement is necessary What is the background of this theme in Graeco Roman sources and in the Hebrew Bible What are the principal texts in early Christian literature that advocate almsgiving as a ransom for sin These questions firmly govern this investigation of the social and theological forces that gave legitimacy to a doctrine that at first appears to contradict the primary New Testament soteriology namely that the death of Jesus Christ is the exclusive means of redemption from sin

Wilson, 2006-01-01 The second volume in this two volume work studying the initial developments of anti Judaism within the church examines the evolution of the Christian faith in its social context as revealed by evidence such as early patristic and rabbinic writings and archaeological findings **The Westminster Handbook to Patristic Theology** John Anthony McGuckin, 2004-01-01 The early centuries of the Christian era were marked by a variety of theological ideas in differing stages of development Numerous theologians emerged with proposals about what the Christian church should believe and how theological ideas related to each other Some of these theologians gained more prominent status and their ideas became sources on which others built Patristic theology is thus a formative period a yeasty time in which theological doctrines took on many stages of complexity This outstanding handbook by a leading specialist in Patristic Theology provides students and scholars with easy access to key terms figures socio cultural developments and controversies of this period extending to the ninth century McGuckin s introductory essay outlines the main intellectual issues in the early church His concluding Bibliographic Guide Essay and General Bibliography also features a Website Resources Guide to assist readers with additional ways to study this period The entries are written to help those with no previous theological knowledge understand the major dimensions of each topic The result is an eminently useful reliable and unique resource [The Influence of the Gospel of Saint Matthew on Christian Literature Before Saint Irenaeus: The first ecclesiastical writers](#) Edouard Massaux, 1990 **A Day of Gladness** Herold Weiss, 2003 Weiss contends that the wide spectrums of theological beliefs illustrate the internal diversities of these two faiths as well as their commonalities BOOK JACKET
