Rex Smith,2024-12-11 This volume brings together a set of widely scattered articles spanning some thirty years of research on early and medieval Yemen and South Arabia They cover the political and military history of the area from the beginning of Islam to the Ottoman conquest in 1517 with the establishment of the Zaydis and then the Ayyubids as key events Particular attention is given to the 13th century and questions of trade and historical geography The work of the traveller Ibn al Mujawir the subject of a series of studies also provides much

information on the society and beliefs of the period including magic and sexual practices **Bibliography of Art and Architecture in the Islamic World (2 vols.)** Susan Sinclair,2012-04-03 Following the tradition and style of the acclaimed Index Islamicus the editors have created this new Bibliography of Art and Architecture in the Islamic World The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies Published Material from the Cambridge Genizah Collection: Volume 2 Geoffrey Khan,Cambridge University Library,2004-04-15 Publisher Description

The Arabian Seas: Biodiversity, Environmental Challenges and Conservation Measures Laith A. Jawad,2021-03-30 The Arabian Seas Marine Region encompasses marine areas from Djibouti to Pakistan including the northern part of Somalia the Red Sea the Arabian Persian Gulf and parts of the Arabian Sea Human pressures on the coastal and marine environments are evident throughout the region and have resulted in harmful environmental effects Oil and domestic urban and industrial pollutants in several areas of this part of the world have caused local habitat degradation eutrophication and algal blooms Further coastal landfill dredging and sedimentation as well as nutrient and sediment runoff from phosphate mining agriculture and grazing and reduction in freshwater seepage due to groundwater extraction are all contributing to the degradation of coastal environments This book discusses aspects not covered in other books on the region which largely focus on marine biodiversity and examines several environmental challenges that are often ignored but which have a significant impact on the environment Evaluating the status quo it also recommends conservation measures and examines the abiotic factors that play a major main role in the environmental changes Lastly the book addresses the biodiversity of the area providing a general context for the conservation and management measures discussed Historical Dictionary of Yemen Robert D.

Burrowes,2010 A small and extremely poor Islamic country Yemen is located on the edge of the Arab world in the southernmost corner of the Arabian Peninsula It was the product of the unification of the Yemen Arab Republic and the People s Democratic Republic of Yemen in May 1990 The location of the two Yemens on the world s busiest sea lane at the southern end of the Red Sea where Asia almost meets Africa gave them strategic significance from the start of the age of

imperialism through the Cold War More vital today is the fact that Yemen shares a long border with oil rich Saudi Arabia and is a key to efforts both to spread and to end global revolutionary Islam and its use of terror The second edition of the Historical Dictionary of Yemen has been thoroughly updated and greatly expanded Through its list of acronyms and abbreviations a chronology an introductory essay a bibliography and over 800 cross referenced dictionary entries greater attention has been given to foreign affairs economic institutions and policies social issues religion and politics Saudi Arabia and the Gulf Arab States Today Sebastian Maisel, John A. Shoup, 2009-02-17 This extremely timely and helpful ready reference will familiarize all students and readers with the Gulf region and Saudi Arabia Bahrain Dubai the UAE Kuwait Oman Yemen and Qatar These states are bound by the desert culture the Gulf new oil economy and Islam to name some commonalities Most Americans know something about the region such as oases dates camels oil Bedouin tribes and the legends of Lawrence of Arabia to Osama bin Laden Islamic concepts and practices are still unfamiliar On one extreme Saudi Arabia the cradle of Islam has been largely closed off to Western tourists On the other extreme Dubai courts tourist dollars as it constructs modern architectural showcases This is the first A Z encyclopedia to focus on the Gulf illuminating the land people religion culture and traditions institutions economy and much more for general readers The more than 200 essay entries have a current focus with historical context as necessary The breadth of coverage means that this resource will be of use for a wide range of researchers and browsers Besides individual entries on each state major cities and regions are also profiled The natural environment and human adaptation to it receives significant space Islamic customs and rules and various interpretations are clearly explained Essays on topics such as key public figures institutions major events politics and state structures some based on sources often not available in English make this two volume set the first choice resource for accurate information Suggestions for further reading accompany most entries a chronology selected bibliography and photos also complement the text New Arabian Studies Volume 3 B. The Red Sea from Byzantium to the Caliphate Timothy Power,2012 This book examines the historic process traditionally referred to as the fall of Rome and rise of Islam from the perspective of the Red Sea a strategic waterway linking the Mediterranean to the Indian Ocean and a distinct region incorporating Africa with Arabia The transition from Byzantium to the Caliphate is contextualized in the contestation of regional hegemony between Aksumite Ethiopia Sasanian Iran and the Islamic Hijaz The economic stimulus associated with Arab colonization is then considered including the foundation of ports and roads linking new metropolises and facilitating commercial expansion particularly gold mining and the slave trade Finally the economic inheritance of the Fatimids and the formation of the commercial networks glimpsed in the Cairo Geniza is contextualized in the diffusion of the Abbasid bourgeois revolution and resumption of the India trade under the Tulunids and Ziyadids Timothy Power's careful analysis reveals the complex cultural and economic factors that provided a fertile ground for the origins of the Islamic civilization to

take root in the Red Sea region offering a new perspective on a vital period of history
