**Studies in Aurangzib's Reign** Jadunath Sarkar, 2025-01-30 Studies in Aurangzib's Reign has a total of 18 essays Of the six new essays that have been included in the present volume three are devoted to Aurangzeb's sons Bahadur Shah I Muhammad Azam Shah and Kam Baksh one on Shah Jahan's daughter Jahanara while the other two are dedicated to trade and commerce in Aurangzeb's empire and to letters written by him The remaining 12 chapters published earlier have been thoroughly revised rewritten While the essays on Emperor Aurangzeb and his children analyse their life and times the other chapters are on the conquest of Chatgaon the efforts of Shaista Khan in Bengal and the Orissa of the seventeenth century The chapter on trade and commerce in Aurangzeb's empire deserves special mention One gets a glimpse of the trading and manufacturing climate the trade of the Dutch Company and the English Company were doing well while that of the Portuguese was by now negligible the main exports of the time and the products imported their country of origin and the trade routes The chapter on Aurangzeb's letters will be of particular interest to researchers scholars and students of Mughal India

**Warfare in Pre-British India - 1500BCE to 1740CE** Kaushik Roy, 2015-06-03 This book presents a comprehensive survey of warfare in India up to the point where the British began to dominate the sub continent It discusses issues such as how far was the relatively bloodless nature of pre British Indian warfare the product of stateless Indian society How far did technology determine the dynamics of warfare in India Did warfare in this period have a particular Indian nature and was it ritualistic The book considers land warfare including sieges naval warfare the impact of horses elephants and gunpowder and the differences made by the arrival of Muslim rulers and by the influx of other foreign influences and techniques The book concludes by arguing that the presence of standing professional armies supported by centralised bureaucratic states have been underemphasised in the history of India

The Mughals and the North-East Sajal Nag, 2023-07-17 There is a perception that the region of north east India maintained its splendid isolation and remained outside the reach of the Mughals and did not have a pre colonial past The present book is an attempt to decenter and demolish the said perceptions and asserts that north east India had a medieval past through linkage with the dominant central power in India the Mughals The eastern frontier of this Mughal Empire was constituted by a number of states like Bengal Koch Bihar Assam Manipur Dimas Jaintia Cachar Tripura Khasi confederation Chittagong Lushai and the Nagas Of these some areas like Bengal were an integral part of the Mughal Empire while others like Koch Bihar and Assam were in and out of the empire Tripura Manipur Jaintia and Cachar were frequently overrun by the Mughals whenever the State was short of revenue and withdrew soon without incorporating them in the state Despite not being a formal part of the Mughal Empire the society economy polity and culture of the north east India however had been majorly impacted by the Mughal presence The brief but effective advent of the Mughals had supplanted certain political and revenue institutions in various states It generated trade and commerce which linked it to the rest of India A number of wandering Sufi saints Islamic

missionaries imprisoned Mughal soldiers and officers were settled in various states which resulted in a substantial Muslim population growth in the region Besides the population there are numerous Islamic and syncretic institutions cultures and shrines which dot the entire region

Aurangzeb as he is known from the Masir I Alamgiri and his Anecdotes and Letters Dr. Hemantraje Gaikwad, 2025-01-28

While studying Aurangzeb the three books that intrigued me were the Masir I Alamgiri Letters of Aurangzeb and Anecdotes of Aurangzeb

The Masir i Alamgiri is a chronicle written by Saki Mustad Khan that records births marriages deaths postings promotions demotions felicitations victories and defeats of war during the reign of Aurangzeb

All three books have instructive passages from well known Persian poets and Koranic verses

Aurangzeb even quotes Plato and Aristotal

The language and style of his comments is polite sweet simple and figurative

Again a larger meaning in conveyed by a short sentence

At times there is a play of words showing Aurangzeb s mastery over Arabic literature

The Anecdotes of Aurangzeb tell us that he believed A king must work hard to reign and it is ingratitude towards God injustice and tyranny towards man to wish to reign without hard work

Gommans, 2002-08-15 Mughal Warfare offers a much needed new survey of the military history of Mughal India during the age of imperial splendour from 1500 to 1700 Jos Gommans looks at warfare as an integrated aspect of pre colonial Indian society Based on a vast range of primary sources from Europe and India this thorough study explores the wider geo political cultu

The Indian Ocean in the Making of Early Modern India Pius Malekandathil, 2016-09-13 This volume looks into the ways Indian Ocean routes shaped the culture and contours of early modern India IT shows how these and other historical processes saw India rebuilt and reshaped during late medieval times after a long age of relative stagnation isolation and backwardness Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

**Ayodhya Revisited** Kunal Kishore, 2016-01-01 This work of monumental research is a treatise on Ayodhy with utmost authenticity and absolute accuracy Based on original sources and scientific investigation it propounds a new thesis which demolishes many popular perceptions It exonerates the intrepid warrior Babur from the charge of demolishing a temple on the birthplace of R ma and constructing the mosque which has been a source of contention and dissension for long It further shows how inscriptions in the mosque were factitious and Mir Baqi of inscriptions is a fictitious person different from Baqi Tashkindi Shegawal of the Baburnama The book produces incontrovertible evidence which indubitably proves that there existed a R ma temple on the R majanmabhumi The exact birthplace of R ma was earmarked by a rectangular Bedi measuring 18.9 in length and 15 in width and was located in the inner portion of the disputed shrine The demolition of the temple and the construction of the mosque did not take place in 1528 A D but in c 1660 A D when Fedai Khan was the Governor of Aurangzeb at Ayodhy It is a historical fact that until the British takeover of Awadh administration in 1858 both the Hindus and Muslims used to perform puja and

offer Namaz respectively inside it All Mughal Emperors from Babur to Shah Jahan were magnanimous and liberal rulers and the Bair g s of Ayodhy enjoyed patronage of the first four Nawabs of Awadh However during the long rule of Aurangzeb the country was engulfed in the fire of fanaticism It has been shown in this book how an absolutely unfounded rumour in 1855 A D that the Hanumangarhi temple was constructed on the site of a mosque created cleavage between the two communities and the resultant festering wounds have not healed despite best efforts by saner elements of both the communities The book exposes many eminent historians hypocrisy and their lack of objectivity in writing history and it may be said that their presentation of contrived history on Ayodhya has caused irreparable damage to the cause of harmonizing communal relations in the country In contrast this text earnestly tries to take away the toxin from the polluted body of Indian politics For the first time a number of unexplored documents have been incorporated in this book as evidence and it may be proclaimed with pride that this book contains much more information on Ayodhy than available hitherto Justice G B Patnaik a former Chief Justice of India after going through the manuscript has endorsed the author s thesis in his Foreword It is hoped that the book will put a quietus to the long standing dispute

Faruqi,2012-08-27 For more than 200 years the Mughal emperors ruled supreme in northern India How was it possible that a Muslim ethnically Turkish Persian speaking dynasty established itself in the Indian subcontinent to become one of the largest and most dynamic empires on earth In this rigorous new interpretation of the period Munis D Faruqi explores Mughal state formation through the pivotal role of the Mughal princes In a challenge to previous scholarship the book suggests that far from undermining the foundations of empire the court intrigues and political backbiting that were features of Mughal political life and that frequently resulted in rebellions and wars of succession actually helped spread deepen and mobilise Mughal power through an empire wide network of friends and allies This engaging book which uses a vast archive of European and Persian sources takes the reader from the founding of the empire under Babur to its decline in the 1700s
