James Westfall Thompson,1914 *Sicily and the Mediterranean in the Middle Ages* Hiroshi Takayama,2019-03-22 This book is a collection of milestone articles of a leading scholar in the study of the Norman Kingdom of Sicily a crossroads of Latin Christian Greek Byzantine and Arab Islamic cultures and one of the most fascinating but also one of the most neglected kingdoms in the medieval world Some of his articles were published in influential journals such as English Historical Review Viator Mediterranean Historical Review and Papers of the British School at Rome while others appeared in hard to obtain festschriften proceedings of international conferences and so on The articles included here based on analysis of Latin Greek and Arabic documents as well as multi lingual parchments explore subjects of interest in medieval Mediterranean world such as Norman administrations multi cultural courts Christian Muslim diplomacy conquests and migrations religious tolerance and conflicts cross cultural contacts and so forth Some of them dig deep into curious specific topics while others settle disputes among scholars and correct our antiquated interpretations His attention to the administrative structure of the kingdom of Sicily whose bureaucracy was staffed by Greeks Muslims and Latins has been a particularly important part of his work where he has engaged in major debates with other scholars in the field **Money and Coinage in the Middle Ages**

,2019-02-11 Reading Medieval Sources is an exciting new series which leads scholars and students into some of the most challenging and rewarding sources from the European Middle Ages and introduces the most important approaches to understanding them Written by an international team of twelve leading scholars this volume Money and Coinage in the Middle Ages presents a set of fresh and insightful perspectives that demonstrate the rich potential of this source material to

all scholars of medieval history and culture It includes coverage of major developments in monetary history set into their economic and political context as well as innovative and interdisciplinary perspectives that address money and coinage in relation to archaeology anthropology and medieval literature Contributors are Nanouschka Myrberg Burstr m Elizabeth Edwards Gaspar Feliu Anna Gannon Richard Kelleher Bill Maurer Nick Mayhew Rory Naismith Philipp Robinson R ssner Alessia Rovelli Lucia Travaini and Andrew Woods *Symbolic Reproduction in Early Medieval England* Katharine Sykes,2024-07-12 In the early Middle Ages the conversion of the early English kingdoms acted as a catalyst for significant social and cultural change One of the most visible of these changes was the introduction of a new type of household the monastic household These reproduced through education and training rather than biological means their inhabitants practised celibacy as a lifelong state rather than as a stage in the life course Because monastic households depended on secular households to produce the next generation of recruits previous studies have tended to view them as more mutable than their secular counterparts which are implicitly regarded as natural and ahistorical Katharine Sykes charts some of the significant changes to the structure of households between the seventh to eleventh centuries as ideas of spiritual non biological reproduction first fostered in monastic households were adopted in royal households in the tenth and eleventh centuries and as ideas about kinship that were generated in secular households such as the relationship between genealogy and inheritance were picked up and applied by their monastic counterparts In place of binary divisions between secular and monastic biological and spiritual real and imagined Sykes demonstrates that different forms of kinship and reproduction in this period were intimately linked

The Just War in the Middle Ages Frederick H. Russell,1975-10-16 The first systematic attempt to reconstruct from original manuscript sources and early printed books the medieval doctrines relating to the just war the holy war and the crusade Despite the frequency of wars and armed conflicts throughout the course of western history no comprehensive survey has previously been made of the justifications of warfare that were elaborated by Roman lawyers canon lawyers and theologians in the twelfth and thirteenth century universities After a brief survey of theories of the just war in antiquity with emphasis on Cicero and Augustine and of thought on early medieval warfare the central chapters are devoted to scholastics such as Pope Innocent IV Hostiensis and Thomas Aquinas Professor Russell attempts to correlate theories of the just war with political and intellectual development in the Middle Ages His conclusion evaluates the just war in the light of late medieval and early modern statecraft and poses questions about its compatibility with Christian ethics and its validity within international law

Envisaging Heaven in the Middle Ages Carolyn Muessig,Ad Putter,2006-10-16 Envisaging Heaven in the Middle Ages deals with medieval notions of heaven in theological and mystical writings in visions of the Otherworld and in medieval art poetry and music It considers the influence of such notions in the secular literature of some of the greatest writers of the period including Chr tien de Troyes and Chaucer The coherence and beauty of these notions make heaven one of the most impressive medieval cathedrals of the mind With

contributions from experts such as A C Spearing Peter Meredith Peter Dronke and Robin Kirkpatrick this collection is essential reading for all those interested in medieval religion and culture *The English Clown Tradition from the Middle Ages to Shakespeare* Robert Hornback, 2013 A new account of medieval and Renaissance clown traditions reveals the true extent of their cultural influence From the late medieval period through to the seventeenth century English theatrical clowns carried a weighty cultural significance only to have it stripped from them sometimes violently by the close of the Renaissance when the famed license of fooling was effectively revoked This groundbreaking survey of clown traditions in the period looks both at their history and reveals their hidden cultural contexts and legacies it has far reaching implications not only for our general understanding of English clown types but also their considerable role in defining social religious and racial boundaries It begins with an exploration of previously un noted early representations of blackness in medieval psalters cycle plays and Tudor interludes arguing that they are emblematic of folly and ignorance rather than of evil Subsequent chapters show how protestants at Cambridge and at court during the reigns of Henry VIII and Edward patronised a clownish iconoclastic Lord of Misrule look at the Elizabethan puritan stage clown and move on to a provocative reconsideration of the Fool in King Lear drawing completely fresh conclusions Finally the epilogue points to the satirical clowning which took place surreptitiously in the Interregnum and the sometimes violent end of licensed folly Professor ROBERT HORNBACK teaches in the Departments of Literature and Theatre at Oglethorpe University **A Brief History of Life in the Middle Ages** Martyn Whittock, 2013-02-07 Using wide ranging evidence Martyn Whittock shines a light on Britain in the Middle Ages bringing it vividly to life in this fascinating new portrait that brings together the everyday and the extraordinary Thus we glimpse 11th century rural society through a conversation between a ploughman and his master The life of Dick Whittington illuminates the rise of the urban elite The stories of Roger the Raker who drowned in his own sewage a merman imprisoned in Orford Castle and the sufferings of the Jews of Bristol reveal the extraordinary diversity of medieval society Through these characters and events and using the latest discoveries and research the dynamic and engaging panorama of medieval England is revealed
