**Studies in Roman History** E. G. Hardy, 2014-03 This Is A New Release Of The Original 1906 Edition **Studies in Roman History** Ernest George Hardy, 2015-06-12 Excerpt from Studies in Roman History When I found that the time had come for a second edition of Christianity and the Roman Government I at first intended merely to republish that little book in its original form Wisely or unwisely however I have determined to incorporate in the same volume a few other essays on more or less special subjects in Roman History which whatever their own intrinsic value had cost me considerable labour in past years To republish old work perhaps may be taken as a sign that either the ability or the interest to produce anything new has ceased to exist In my case I think I may fairly say that it is the ability and not the interest which has changed Fruitful or original work in Roman History is not possible when inscriptions can no longer be decyphered nor classical texts studied and compared All that I can do now on the subject which formerly occupied most of my time is to appreciate by means of other eyes such notable contributions towards the scientific study of Roman History as those which Mr Strachan Davidson Dr Greenidge and Mr Henderson have made and are making contributions which promise to render less indispensable in the future a knowledge of German works and the German language at least for Oxford students of the subject The following studies are presented almost exactly in their original form I have contrived to remove a few obvious mistakes and inconsistencies and I have added a few pages to The Movements of the Legions from a paper on The German Army and Frontier written before conditions became unfavourable and now probably never to be published About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Studies in Roman History (Classic Reprint)* Ernest George Hardy, 2017-11-21 Excerpt from Studies in Roman History Finally I wish to express my great obligations to my friend Mr Rolfe without whose assistance this volume could never have been prepared He has not only care fully gone through all the essays preparing them for press but has undertaken the entire work of correcting the proofs a task of no small difficulty considering the intricate nature of the notes I am convinced that through his care the remediable and accidental errors have been reduced to a minimum About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections
