**The Word in Black and White** Dana D. Nelson, 1992-01-02 Dana Nelson provides a study of the ways in which Anglo American authors constructed race in their works from the time of the first British colonists through the period of the Civil War She focuses on some eleven texts ranging from widely known to little considered that deal with the relations among Native African and Anglo Americans and places her readings in the historical social and material contexts of an evolving U S colonialism and internal imperialism Nelson shows how a novel such as *The Last of the Mohicans* sought to reify the Anglo historical past and simultaneously suggested strategies that would serve Anglo Americans against Native Americans as the frontier pushed farther west Concluding her work with a reading of Harriet Jacobs's *Incidents in the Life of a Slave Girl* Nelson shows how that text undercuts the racist structures of the pre Civil War period by positing a revised model of sympathy that authorizes alternative cultural perspectives and requires Anglo Americans to question their own involvement with racism

**American Literature and Science** Robert Scholnick, 2021-10-21 Literature and science are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science's conflicting meanings as a central dimension of the nation's conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition *American Literature and Science* stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry

**Understanding Emerson** Kenneth S. Sacks, 2021-01-12 A seminal figure in American literature and philosophy Ralph Waldo Emerson is considered the apostle of self reliance fully alive within his ideas and disarmingly confident about his innermost thoughts Yet the circumstances around The American Scholar oration his first great public address and the most celebrated talk in American academic history suggest a different Emerson In *Understanding Emerson* Kenneth Sacks draws on a wealth of contemporary correspondence and diaries much of it previously unexamined to reveal a young intellectual struggling to define himself and his principles Caught up in the fierce dispute between his Transcendentalist colleagues and Harvard the secular bastion of Boston Unitarianism and the very institution he was invited to honor with the annual Phi Beta Kappa address Emerson agonized over compromising his sense of self reliance while simultaneously desiring to meet the expectations of his friends Putting aside self doubts and a resistance to controversy in the end he produced an oration of extraordinary power and authentic vision that propelled him to greater awareness of social justice set the standard for the role of the intellectual in America and continues to point the way toward educational reform In placing this singular event within its social and philosophical context Sacks opens a window into America's nineteenth century intellectual landscape as well as documenting the evolution of Emerson's idealism Engagingly written this book which includes the complete text of The American Scholar allows us to appreciate fully Emerson's brilliant rebuke of the academy and his insistence that the most important truths derive not from books and observation but from intuition within each of us Rising defiantly before friend and foe Emerson triumphed over his hesitations redirecting American thought and pedagogy and creating a personal tale of quiet heroism *American Declarations Of Love* Ann Massa, 1989-12-11 **The First Woman in the Republic** Carolyn L. Karcher, 1994 This definitive biography restores to the public an eloquent writer and reformer who embodied the best of the American democratic heritage **Understanding Emerson** Kenneth Sacks, 2003-03-30 Publisher Description

*The Cambridge History of American Literature: Volume 2, Prose Writing 1820-1865* Sacvan Bercovitch, Cyrus R. K. Patell, 1994 This is the fullest and richest account of the American Renaissance available in any literary history The narratives in this volume made for a four fold perspective on literature social cultural intellectual and aesthetic Michael D Bell describes the social conditions of the literary vocation that shaped the growth of a professional literature in the United States Eric Sundquist draws upon broad cultural patterns his account of the writings of exploration slavery and the frontier is an interweaving of disparate voices outlooks and traditions Barbara L Packer's sources come largely from intellectual history the theological and philosophical controversies that prepared the way for transcendentalism Jonathan Arac's categories are formalist he sees the development of antebellum fiction as a dialectic of prose genres the emergence of a literary mode out of the clash of national local and personal forms Together these four narratives constitute a basic reassessment of American prose writing between 1820 and 1865 It is an achievement that will remain authoritative for our time and that will set new

directions for coming decades in American literary scholarship      *Inscrutable Malice* Jonathan A. Cook,2012-12-15 In *Inscrutable Malice* Jonathan A. Cook expertly illuminates Melville's abiding preoccupation with the problem of evil and the dominant role of the Bible in shaping his best known novel Drawing on recent research in the fields of biblical studies the history of religion and comparative mythology Cook provides a new interpretation of *Moby Dick* that places Melville's creative adaptation of the Bible at the center of the work Cook identifies two ongoing concerns in the narrative in relation to their key biblical sources the attempt to reconcile the goodness of God with the existence of evil as dramatized in the book of Job and the discourse of the Christian end times involving the final destruction of evil as found in the apocalyptic books and eschatological passages of the Old and New Testaments With his detailed reading of *Moby Dick* in relation to its most important source text Cook greatly expands the reader's understanding of the moral religious and mythical dimensions of the novel Both accessible and erudite *Inscrutable Malice* will appeal to scholars students and enthusiasts of Melville's classic whaling narrative      *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson,2014-01-21 The *Encyclopedia of American Poetry: The Twentieth Century* contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States      **Journals** Herman Melville,Howard C. Horsford places each of the journals in the context of Melville's career discusses its general character and points out the later literary uses he made of it notably in *Moby Dick* Clarel and his magazine pieces The editors supply full annotations of Melville's allusions and terse entries and an exhaustive index makes available the range of his acquaintance with people places and works of art Also included are related documents illustrations maps and many pages and passages reproduced from the journals This scholarly edition aims to present a text as close to the author's intention as his difficult handwriting permits It is an Approved Text of the Center for Editions of American Authors Modern Language Association of America      **Harriet Jacobs and Incidents in the Life of a Slave Girl** Deborah M. Garfield,Rafia Zafar,1996 *Harriet Jacobs* has not until recently enjoyed sustained scholarly analysis This anthology presents a far ranging compendium of literary and cultural scholarship taking its place as the primary resource for students and teachers      *The Latest Early American Literature* R. C. De Prosopo,2016-01-21 *The Latest Early American Literature* according to readers for the University of Delaware Press is a collection of polemics and manifestoes In

it R C De Prospro bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prospro proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America s lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard s semiotics its synchronic differend Closer to earth De Prospro tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of The Latest Early American Literature what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer

**Women of Color and the Multicultural Curriculum** Liza Fiol-Matta, Mariam Chamberlain, 1994 A A A The product of 13 curriculum projects that involved several hundred educators nationwide this volume provides faculty and administrators with a guide to multicultural curricular change especially with respect to women While womenA represent over halfA of the college students on campus they are still represented only minimally in the allegedly mainstream curriculum Women of color are far less visible in the curriculum than white women A A A Both the process and the results of a Ford Foundation funded project are presented here in a format that allows browsing and promotes reading straight through The volume is divided into three major sections the first of which highlights the actual process of faculty transformation and administrative support essential to curricular changes as it occurred on two of the participating campuses U C L A and George Washington University Extensive multidisciplinary faculty development syllabi are provided A A A Section Two contains 37 transformed undergraduate course syllabi for courses in sociology American history and literature and more with brief essays describing professors encounters with teaching the new texts Section Three is an invaluable interdisciplinary guide to teaching about Puerto Rican women prepared by a team of scholars at SUNY Albany It provided information about Puerto Rican women inside and outside Puerto Rico as well as teaching strategies for integrating such information into the traditional curriculum A A A This volume shows that essential educational change to meet the diversity of U S students may be somewhat slower than one would wish and more difficult but it is complex challenging and intellectually exciting

**The Characteristic Theology of Herman Melville** Bradley A. Johnson, 2011-11-03 What becomes of theology when we think of it aesthetically What becomes of aesthetics when we think of it theologically These are the guiding questions that inform both the method and the conclusions of this volume's exploration into the literary world of Herman Melville's characteristic theology Far from a specialist work that simply seeks to flesh out the religious disposition and myriad influences of one particular literary giant Johnson's focus in this volume is instead the identification of a philosophically robust aesthetic conception of theology at its most politically and contemporarily relevant By way of the Masquerade it sets in motion and in which it fully participates from its beginning to its very end this book uses Melville's fiction as vehicle for a radical aesthetic engagement with the theological bases of subjectivity and sovereignty Through this exploration Johnson conceives the creatively duplicitous character of a materialistic theology whose aim is nothing less than the fashioning of a new heaven and a new earth

**Reinventing the Peabody Sisters** Monika M. Elbert, Julie E. Hall, Katharine Rodier, 2006-04 Whether in the public realm as political activists artists teachers biographers editors and writers or in the more traditional role of domestic nurturing women Elizabeth Peabody Mary Peabody Mann and Sophia Peabody Hawthorne subverted rigid nineteenth century definitions of women's limited realm of influence Reinventing the Peabody Sisters seeks to redefine this dynamic trio's relationship to the literary and political movements of the mid nineteenth century Previous scholarship has romanticized vilified or altogether erased their influences and literary productions or viewed these individuals solely in light of their relationships to other nineteenth century luminaries particularly men Ralph Waldo Emerson Nathaniel Hawthorne Horace Mann This collection underscores that each woman was a creative force in her own right Despite their differences and sibling conflicts all three sisters thrived in the rarefied if economically modest atmosphere of a childhood household that glorified intellectual and artistic pursuits This background allowed each woman to negotiate the nineteenth century literary marketplace and in the process redefine its scope Elizabeth Mary and Sophia remained linked throughout their lives encouraging complementing and sometimes

challenging each other's endeavors while also contributing to each other's literary work. The essays in this collection examine the sisters' confrontations with and involvement in the intellectual movements and social conflicts of the nineteenth century, including Transcendentalism, the Civil War, the role of women, international issues, slavery, Native American rights, and parenting. Among the most revealing writings that the sisters left behind, however, are those which explore the interlaced relationship that continued throughout their remarkable lives.
