Problems of Canonicity and Identity Formation in Ancient Egypt and Mesopotamia Gojko

Barjamovic, Kim Ryholt, 2016-04-24 The term canonicity implies the recognition that the domain of literature and of the library is also a cultural and political one related to various forms of identity formation maintenance and change Scribes and benefactors create canon in as much as they teach analyze preserve promulgate and change canonical texts according to prevailing norms From early on texts from the written traditions of ancient Mesopotamia and Egypt were accumulated codified and to some extent canonized as various collections developed mainly in the environment of the temple and the palace These written traditions represent sets of formal and informal cultures that all speak in their own ways of canonicity normativity and other forms of cultural expertise Some forms of literature were used not only in scholarly contexts but also in political ones and they served purposes of identity formation This volume addresses the interrelations between various forms of canon and identity formation in different time periods genres regions and contexts as well as the application of contemporary conceptions of canon to ancient texts Daily Life in Ancient Egyptian Personal Correspondence Susan Thorpe, 2021-02-25 This book considers a selection of letters from the Old Kingdom up to and including the Twenty first Dynasty Under the topic headings of problems and issues daily life religious matters military and police matters it demonstrates the insight such texts can provide regarding aspects of belief relationships custom and behaviour **Mistress of the House, Mistress of Heaven** Anne K. Capel, Glenn Markoe, 1996 The first of its kind exhibit cataloged here focuses on the women of Egypt from all levels of society in works compiled strictly from American collections by American curators Because the quantity of written records is limited though enormous in comparison to most early societies there is still much guesswork involved in determining the place women held in Egyptian society It is clear that unlike most ancient and not so ancient societies Egypt conferred on women the legal right to own property and to barter their own goods which means a larger record for current study The essays here are both erudite and fascinating to read the illustrations are clear and well presented in conjunction with the text 117 colour 112 b w illustrations Accounting and Order Mahmoud Ezzamel, 2012-12-12 This book draws on ancient Egyptian inscriptions in order to theorize the relationship between accounting and order It focuses especially on the performative power of accounting in producing and sustaining order in society It explores how accounting intervened in various domains of the ancient Egyptian world the cosmos life on earth offerings to the gods taxation transportation redistribution for palace dependants mining activities work organization baking and brewing private estates and the household and private transactions in semi barter exchange and the cult of the dead The book emphasizes several possibilities through which accounting can be theorized over and above strands of theorizing that have already been explored in detail previously These additional possibilities theorize accounting as a performative ritual myth a sign system a signifier a time ordering device a spatial ordering device violence and as an archive and a cultural memory Each of these themes are summarized with further suggestions as to how theorizing might be pursued in future research in the final chapter of the book This book is of particular relevance to all accounting students and researchers

concerned with theorize accounting and also with the relevance of history to the project of contemporary theorizing of accounting

Tourism in Egypt Through the Ages Charlotte Booth, 2024-05-30 Let s go on a journey through 5 000 years of tourism in Egypt starting with the pre 2011 economic height back through the Thomas Cook cruises in the nineteenth century to the ancient Egyptians themselves making journeys down the Nile to visit Abydos and Memphis on pilgrimage or to travel for work while tourism itself is a new concept exploring the local and not so local environment is almost hardwired into human nature And considering the Giza pyramids were a thousand years old at the time of Ramses II there would have been many wonderful things to see This book explores the tourism industry and its development from selling amulets at ancient temples through manufacturing mummies for tourists to buy to adventure trips in the modern day As numbers of visitors increased so did the business of tourism including refreshments accommodation guided tours and souvenirs This book will provide a comprehensive introduction to Egypt and its attraction to tourists from the pharaonic period to the modern day while thousands of years separate us the evidence shows many traveled for the same reasons people do today

Dynamics in Human and Primate Societies Timothy A. Kohler, George J. Gumerman, 2000 With an emphasis on small scale societies in an effort to maximize realism in the modeling efforts applied to social evolution this volume is an important step toward an actor oriented cross disciplinary approach to understanding human behavior over time

The Economy of Ancient Egypt Mahmoud Ezzamel, 2024-08-21 Taking ancient records as the starting point for analysis this book theorises the state administration and economy of ancient Egypt The Egyptian state is theorised as an administrative field of material and symbolic powers with emphasis upon the latter because it has received scant attention in Egyptology Maat truth fairness connective justice is theorised as symbolic power discursively authored disseminated and monitored by senior administrators who redefined its meaning to suit changes in the sociopolitical contexts The book examines the classification schemes of the Egyptian population devised by the administrative field of power and how they were used to differentiate hierarchise and fix specific individuals within clearly demarcated social and economic categories that aimed to fix the subjectivity of those assigned to each category Ancient Egyptian had a significant state economic sector and a private sector A multiplicity of sources of state economic resources are examined taxation impost war booty and tributes and gifts exchanged between the Egyptian kings and foreign kings A nuanced understanding of Polanyi s work on redistribution is used to theorise the cycle of levying collecting storing and redistributing tax revenues Exchanges of gifts between Egyptian kings and kings from Asia Minor are theorised as occurring on a stage of institutional drama war booty as an economy of force and tribute as an economy of restitution Private exchange is theorised by developing the concept of sociable markets and drawing on Maat in its various meanings as truth fairness and connective justice This book will be of interest to readers in the fields of economic history ancient Egypt and ancient history more broadly

Through Hermopolitan Lenses Wael Sherbiny, 2017-08-28 The so called Book of Two Ways is a long and complex composition containing both texts and images It reached us on the insides of

some coffins and tomb walls principally from the Hermopolitan nome in the Egyptian Middle Kingdom 2055 1650 BC Wael Sherbiny presents a pioneering study based on all the original and hitherto unpublished sources Through Hermopolitan Lenses challenges many of the traditional views related to this composition as part of the Coffin Texts It also provides an integrated pictorial and textual analysis revealing many unprecedented facts The oldest and longest leather manuscript from ancient Egypt the Cairo leather roll which Sherbiny rediscovered during his study and soon became world news features here for the first time as well

Economic Structures of Antiquity Morris Silver, 1995-02-14 The economy of the ancient Middle East and Greece is reinterpreted by Morris Silver in this provocative new synthesis Silver finds that the ancient economy emerges as a class of economies with its own laws of motion shaped by transaction costs the resources used up in exchanging ownership rights The analysis of transaction costs provides insights into many characteristics of the ancient economy such as the important role of the sacred and symbolic gestures in making contracts magical technology the entrepreneurial role of high born women the elevation of familial ties and other departures from impersonal economics reliance on slavery and adoption and the insatiable drive to accumulate trust capital The peculiar behavior patterns and mindsets of ancient economic man are shown to be facilitators of economic growth In recent years our view of the economy of the ancient world has been shaped by the theories of Karl Polanyi Silver confronts Polanyi's empirical propositions with the available evidence and demonstrates that antiquity knew active and sophisticated markets In the course of providing an alternative analytical framework for studying the ancient economy Silver gives critical attention to the economic views of the Assyriologists I M Diakonoff W F Leemans Mario Liverani and J N Postgate of the Egyptologists Jacob J Janssen and Wolfgang Helck and of the numerous followers of Moses Finley Silver convincingly demonstrates that the ancient world was not static periods of pervasive economic regulation by the state are interspersed with lengthy periods of relatively unfettered market activity and the economies of Sumer Babylonia and archaic Greece were capable of transforming themselves in order to take advantage of new opportunities This new synthesis is essential reading for economic historians and researchers of the ancient Near East and Greece

History of Ancient Egypt Erik Hornung, 1999 This volume presents an introduction to Egyptian history reflected by the author's treatment of religious developments and their relationship to current Egyptian society ethics and politics He begins his account by taking a brief look at the prehistoric era in Egypt He then focuses on political events during the period beginning with the reign of Menes and closing with the conquest by Alexander the Great Building on insights drawn from the civilization's surviving texts and monuments he also describes significant cultural developments such as changes in burial customs and the building of the Great Pyramids and Sun Temples

The Breakout Martha Lamberg-Karlovsky, 2000-05-25 In the mid 1980s Kwang chih Chang proposed that China's first civilization did not evolve according to the conventional Mesopotamian model and argued instead for a new paradigm for understanding the origins of civilization In this collection Maya and Near Eastern studies specialists engage in a stimulating debate of Chang's

thesis **Current Research in Egyptology 2014** Massimiliano S.
