**Nature in Literary and Cultural Studies** Catrin Gersdorf,Sylvia Mayer,2006 Nature in Literary and Cultural Studies is a collection of essays written by European and North American scholars who argue that nature and culture can no longer be thought of in oppositional mutually exclusive terms They are united in an effort to push the theoretical limits of ecocriticism towards a more rigorous investigation of nature s critical potential as a concept that challenges modern culture s philosophical assumptions epistemological convictions aesthetic principles and ethical imperatives This volume offers scholars and students of literature culture history philosophy and linguistics new insights into the ongoing transformation of ecocriticism into an innovative force in international and interdisciplinary literary and cultural studies      **Studies of Nature** Bernardin de Saint-Pierre,1796      **The Nature-study Review** ,1914      **A Cyclopedia of Education** Paul Monroe,1913      *Proceedings of the International Conference on Strategic and Global Studies (ICSGS 2024)* Ibrahim Kholilul Rohman,Wu Zhaoyang,Mohammad Izdiyan Muttaqin,Ismail Suardi Wekke,Irene Sondang Fitritinitia,2025-01-31 This is an open access book The pandemic turned to endemic has pushed many countries in the world to digitalize almost all sectors in order to accelerate the development Every crisis moments create momentum of opportunity to revive and reawaken the hidden potencies of nations Instead of given thought about the digital culture the social changes rapidly occurred The discourses of digital security cyber threats monetization crypto currency big data internet of things IoT artificial intelligence AI and social media had taken us concern about future generations The very existence of AI application distorts the academic world too where the difference of human and bot could hardly determine Chat GPT also opened academic eyes where the human analytics skill would perish against the advancement of technology that could provide more precise answers despite lack of wisdom Alipay has turned MSMEs to wider market and reach even small villagers to allow opportunity reach them Gojek eases the burden of stagnancy in making affordable and comfortable public transportation where at the same time

reduce the traffic frequency Would everyone be fitted with the recent situation or still some country left behind Whereas for some parts of the world the very basic needs like electricity elementary education clean water healthy food and secure shelter are still luxurious and hard to access for certain part of the world The gap disparity remains and recent world order is not everyone s favor or answer for all problems Meanwhile the attack of HAMAS to the Israeli shocked the world when the Operation Aqsa Flood launched in 7th of October 2023 days gone by the casualties mounted and the psychology of Palestinian disturbed to the extent incurable Worse things worst Iran retaliates Israel after the attack to its consulate in Syria The international society and global politics failed to show solidarity amidst the humanitarian catastrophe in Palestine where Western alliance continuously rejected the cease fire in the UNGA The US as the global power failed to show its quality as the world leader which prove the political constellation moved to the multipolarity The injustice still persists and the voice to transform world order in UN resonates The consequence lies on the transformation of global security where each nations pursue its own weaponization to ensure its national survival and well being in the face of uncertainty and unpredictable threats The opportunity arises in the sector of global halal industry The player is not only Muslim countries but non Muslim countries are taking part The industry expanded from food to banking and financial system as well as tourism and fashion Countless exhibition in regards with halal industry appeared and triggered more expansion in market as the global expense in halal industry significantly increased This conference will become the melting pot of brilliant idea and push forward the solution to the global problem by making strategic decision into useful resource for all to solve the matters
