**Understanding World War 2 Combat Infantrymen In the European Theater: Testing the Sufficiency of Army Research Branch Surveys and Infantry Combatant Recollections Against the Insights of Credible War Correspondents, Combat Photographers, Army Cartoonists** Peter Karsten,2020-02-03 Merriam Press World War 2 History Most scholarship on the American role in the European Theater of Operations ETO during World War II has addressed the issues of strategy campaign outcomes command leadership and logistical support Other research efforts have provided insights into the experiences of the individual combatants Karsten offers a better grasp of these latter efforts utilizing evidence that has been underutilized What he asks in this unique work is whether the media journalists broadcasters combat photographers cartoonists and artists in the ETO during WWII significantly improved our understanding of the world of the American infantryman there 57 illustrations [Dateline-Liberated Paris](#) Ronald Weber,2019-04-05 Vividly capturing the heady times in the waning months of World War II Ronald Weber follows the exploits of Allied reporters as they flooded into liberated Paris after four dark years of Nazi occupation He traces the remarkable adventures of the men and women who lived worked and played in the legendary Hotel Scribe set in a highly fashionable part of the largely undamaged city Press jeeps and trailers packed the street outside while inside the hotel was completely booked

with hundreds of correspondents The busiest spot was the dining area where the clatter of typewriters combined with shouts of correspondents needing hot water to brew coffee from military powder But the basement level bar was the hotel's top attraction where famed war correspondents like Ernie Pyle Walter Cronkite A J Liebling Ernest Hemingway Martha Gellhorn Janet Flanner Lee Miller Marguerite Higgins Irwin Shaw Edward Kennedy Charles Collingwood Robert Capa and many others held court while in the company of military censors and top brass Weber uncovers the struggles between correspondents and Allied officials over censorship and the release of information the heated press chaos surrounding the war's end and the drama of the second German surrender orchestrated by the Russians in shattered Berlin The elation of total victory was mixed with the abrupt emptiness of a task finished While work on the Continent remained for journalists it now dealt with the slog of the occupation of Germany rather than the blood and glory of war Yet Weber shows there were many reasons to carry on after VE Day in this delightfully entertaining account of the hotel where correspondents were regularly briefed on the war and its aftermath wrote their stories had them transmitted to international media outlets and rarely neglected the pleasures of a Paris reborn until December 1 1945 when the Hotel Scribe was officially vacated by the American military

*Substantive Accountability in Europe's New Economic Governance* Mark Dawson, 2023-12-07 The EU has become an increasingly powerful economic actor but we lack research on how EU economic decision makers can be held to account This book argues that the EU suffers from important substantive accountability deficits I.e. while numerous procedures exist to hold institutions like the Commission and ECB to account there are few mechanisms to contest the merit and impact of economic decisions The book combines detailed empirical research on how accountability practices are evolving across different fields of EU economic governance with a novel conceptual framework to assess where accountability deficits lie and how they might be addressed Combining leading research in law and political science this book will be of interest to scholars with an interest in the questions of accountability and economic governance arising from the budgets central banks and financial institutions of the European Union This title is Open Access

*Democracy Without Politics in EU Citizen Participation* Alvaro Oleart, 2023-10-30 How does the dominant understandings of the democratic subject in the EU and of democracy more broadly shape the EU's democratic innovations on citizen participation What are the

politically and normatively preferable alternatives both in terms of the conceptualisation of the democratic subject in the EU and in the ensuing political practices The book addresses these questions combining a political theory with a political sociology perspective contrasting the democracy without politics approach of the EU in the context of the Conference on the Future of Europe with that of ongoing transnational activist processes In doing so it develops an agonistic alternative to the people's as the political imaginary of democracy in the EU which is based on the idea of the decolonial multitude Thus the book puts forward a diagnosis of current debates on EU democratic legitimacy as well as proposing an alternative

**Mustang by Design** James Dinsmore, James Halderman, 2018-09-14 p p1 margin 0 0px 0 0px 0 0px font 12 0px Arial Without question the 1964 1 2 Mustang is one of the most important and influential cars in automotive history When Ford launched the Mustang it created an automotive revolution Award winning designer and stylist Gale Halderman was at the epicenter of the action at Ford and in fact his initial design sketch formed the basis of the new Mustang He reveals his involvement in the project as well as telling the entire story of the design and development of the Mustang Authors and Mustang enthusiasts

James Dinsmore and James Halderman go beyond the front doors at Ford into the design center testing grounds and Ford facilities to get the real unvarnished story Gale Halderman offers a unique behind the scenes perspective and firsthand account of the inception design development and production of the original Mustang With stinging losses from the Edsel fresh in minds at Ford the Mustang project was an uphill battle from day one Lee Iacocca and his assembled team had a herculean task to convince Henry Ford II to take a risk on a new concept of automobile but with the help of Hal Sperlich's detailed market research the project received the green light Henry Ford II made it clear that jobs were on the line including Iacocca's if it failed The process of taking a car from sketch to clay model to prototype to preproduction and finally finished model is retraced in insightful detail During the process many fascinating experimental cars such as the Mustang I two seater Mustang II prototype Mustang Allegro and Shorty were built But eventually the Mustang based on the existing Ford Falcon received the nod for final production In a gala event it was unveiled at the 1964 World's Fair in New York The Mustang received public accolades and critical acclaim and soon it became a runaway hit After the initial success Ford designers and Gale Halderman designed and developed the first fastback Mustangs to compliment the coupes The classic Mustang muscle cars to follow including the GT Mach 1 and others are profiled as well The Mustang changed automotive history and ushered in the pony car era as a nimble powerful and elegantly styled sports coupe But it could so easily have stumbled and wound up on the scrap pile of failed new projects This is the remarkable and dramatic story of how the Mustang came to life the demanding design and development process and ultimately the triumph of the iconic American car
