DIRECTIONS: Review the following terms and concepts. Do not try to memorize the definitions, rather think about and understand: 1.) what the concepts mean to you, and 2.) how we have worked on physical fitness in class. Please review with a parent if possible.

What is wellness?

- Wellness is a state of excellent health which includes mental, physical, and emotional characteristics or parts. Wellness can be more easily achieved by being physically fit, eating healthy, and getting enough rest (sleep).

- Physical fitness is the capacity of the heart, lungs, and muscles to function at optimum efficiency (the human body to work at its best). It is important for health, physical performance, and mental well being. It does not mean that you are the best at a given sport or sport skill.

- Children who are physically fit have sufficient endurance to participate in moderate to vigorous activities without undue fatigue.
- These children can participate longer and play harder than those less fit.
