Studying Aging And Social Change Conceptual And Methodological Issues

Mark Priestley

Studying Aging And Social Change Conceptual And Methodological Issues:

Studying Aging and Social Change Melissa A. Hardy, 1997-08-04 Questioning the boundaries between self and society change and stability the author includes classic treatments on generations by Karl Mannheim and Norman Ryder and presents a new theoretical contribution that explores the meaning of aging as a social process Each of the six new essays develops a central theoretical concept linking that concept to issues of research design and analysis By re examining the assumptions that underlie our approaches to the study of change this volume provides key insights into how we can understand fundamental social processes such as human development and socialization the formation of public opinion and political identity and the shaping of

think about and examine traditional frameworks regarding aging issues and the life course It introduces the discussion of the unique challenges and opportunities that older adults face while moving through this early phase of later life proposing new frameworks concepts and methods to re examine later life in the context of the era of the third age This book proposes new ways of thinking about how we conceptualize the life course think about the role of the welfare state in the lives of older people negotiate social roles in later life make meaning of our lives as we age and cultivate relationships with others during later life It brings together theoretical concepts and frameworks methodological advances and emerging themes and controversies that are redefining gerontology in the era of the Third Age Highlighting important issues that warrant further exploration and discussion this book advances our understanding of the Third Age and focuses attention on critical issues that should be addressed in future Third Age research and scholarly development Key Features Includes up to date description and analysis of the third age as a concept life phase and social status Addresses multiple perspectives to illustrate the impact of the third age on the way we examine later life Uses disciplinary perspectives such as social policy demography gerontology sociology social work anthropology and social psychology Examines mechanisms that stratify the older population in the context of the third age **The ^AStory of Sexual Identity** Phillip L. Hammack, Bertram J.

Cohler, 2009-03-06 Explores sexual identity development in cultural and historical context from an interdisciplinary paradigmatic perspective that emphasizes narrative and life story Following a general introduction in which the volume editors explain the utility of a narrative approach to the study of sexual identity the volume is organized into sections which deal with specific life span considerations of sexuality childhood and adolescence adulthood marriage and parenthood and aging *Disability and the Life Course* Mark Priestley, 2001-07-05 Disability and the Life Course first published in 2001 explores the global experience of disability using a novel life course approach The book explores how disabling societies impact on disabled people s life experiences and highlights the ways in which disabled people have acted to take more control over their own lives It provides a unique combination of analysis policy issues and autobiography offering the reader a rare opportunity to make links between the theoretical the political and the personal in a single volume The material is set in a truly international context with contributions from thirteen different countries bringing together established and emerging writers both disabled and non disabled The book bridges some important gaps in the existing disability literature by including issues relevant to disabled people of all ages and with different kinds of impairments and also by offering a unique analysis of the relationship between disability and generation in a changing world The American People Reynolds Farley, John Haaga, 2005-09-08 For more than 200 years America has turned to the decennial census to answer questions about itself More than a mere head count the census is the authoritative source of information on where people live the types of families they establish how they identify themselves the jobs they hold and much more The latest census taken at the cusp of the new millennium gathered more information than ever before about Americans and their lifestyles The American People

edited by respected demographers Reynolds Farley and John Haaga provides a snapshot of those findings that is at once analytically rich and accessible to readers at all levels The American People addresses important questions about national life that census data are uniquely able to answer Mary Elizabeth Hughes and Angela O Rand compare the educational attainment economic achievement and family arrangements of the baby boom cohort with those of preceding generations David Cotter Joan Hermsen and Reeve Vanneman find that unlike progress made in previous decades the 1990s were a time of stability and possibly even retrenchment with regard to gender equality Sonya Tafoya Hans Johnson and Laura Hill examine a new development for the census in 2000 the decision to allow people to identify themselves by more than one race They discuss how people form multiracial identities and dissect the racial and ethnic composition of the roughly seven million Americans who chose more than one racial classification Former Census Bureau director Kenneth Prewitt discusses the importance of the census to democratic fairness and government efficiency and notes how the high stakes accompanying the census count especially the allocation of Congressional seats and federal funds have made the census a lightning rod for criticism from politicians The census has come a long way since 1790 when U S Marshals set out on horseback to count the population Today it holds a wealth of information about who we are where we live what we do and how much we have changed The American People provides a rich detailed examination of the trends that shape our lives and paints a comprehensive portrait of the country we live in today A Volume in the Russell Sage Foundation Census Series **Aged by Culture** Margaret Morganroth Gullette, 2004-01-15 Reveals that aging doesn't start in our chromosomes but in midlife downsizing the erosion of workplace seniority threats to Social Security or media portrayals of aging Xers and greedy Baby Boomers To combat the forces aging us prematurely Gullette invites us to change our attitudes our life storytelling and our society An impassioned manifesto against the pernicious ideologies that steal hope from every stage of our lives publisher web site
