The History of Glasney College James Whetter, 1988 1992, חחחחח חחחחח חחחחחח חחחחח חחחחח The History of Glasney Collegiate Church, Cornwall Thurstan Collins Peter, 1903 The Life and Times of John Trevisa, **Medieval Scholar** David C. Fowler, 2016-06-01 John Trevisa ca 1342 1402 perhaps the greatest of Middle English prose translators of Latin texts into English was almost an exact contemporary of Geoffrey Chaucer Trevisa was born in Cornwall studies at Oxford and was instituted vicar of Berkeley a position he held until his death Over a period of thirty five years eminent medievalist David Fowler has pieced together an account of Trevisa's life and times by diligently seeking out documents bearing on his activities and translations This has resulted in a cultural history of fourtheenth century England that ranges from the administrative geographical and linguistic status of Cornwall to the curriculum of medieval university education and from religious and secular conflicts to the administration of a substantial provincial household and the role of its aristocratic keepers in the Hundred Years War Fowler provides an analysis of Trevis s known translations the Gospel of Nicodemus Dialogus inter Militem et Clericum FitzRalph s Defensio Curatorum the Polychronicon De Regimine Principum and De Proprietatibus Rerum He also advances the hypothesis that Trevisa was one of the scholars responsible for the first complete translation of the scriptures into English the Wycliffite Bible An appendix contains a collection of biographical and historical references designed to illustrate Fowler's contention that Trevisa may have been responsible for the revisions of Piers the Plowman now known as the B and C texts A History of Winchester College Arthur Francis Leach, 1899 Notes on the Parish of Mylor, Cornwall Hugh P. Olivey, 1907 Art and Drama on a Late Medieval Rood Screen Michael Calder, 2024-12-02 With little scholarly attention having been given to the late medieval iconography that features on rood screens in the southwest of England the significance of the figures painted at Berry Pomeroy has long been underappreciated The unlocking of their meaning by the author has led to the discovery of a unique iconographic program The gestures adopted by many of these figures belong to a common visual culture in the art and drama of the medieval church The iconography which reflects a Gothic Mannerist style of the early sixteenth century displays a marked theatricality giving expression to the mysteries of the faith in the form of a drama The narrative recorded has notable similarities to that found in a dramatic trilogy which was once performed in Cornwall called the Ordinalia This book makes an important contribution to scholarship in the genre of mysticism in art and to our understanding of popular devotional practices on the eve of the A Compendium of the History and Geography of Cornwall John Jeremiah Daniell, 1906 Reformation Handbook of Medieval Studies Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on

all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together Literature Brian Murdoch, 1993 Comparative study of Cornish literature placing it in a wider context and looking in detail at major works This admirable survey compact smoothly written easy to read and digest yet indicative throughout of profound scholarship and an obvious mastery of the field Cornish Literature provides an enduring guide to this smallbut significant genre The three Middle Cornish plays in English titles The Creation of the World Life of St Meriasekand the tripartite Ordinalia accompany a long Pascon agan Arluth a verse Passion of our Lord and the odd fragment His last chapter Survivals and Revivals is a fair but detached account covering a long 1611 to 1992 phase that will also interest sociologists The chief strength of his book is the textual analysis of the main plays placing them alongside medieval English drama as well as the larger European manifestation of religious drama and the complex question of all their biblical and quasi biblical sources There is auseful bibliography Modestly priced Brian Murdoch's scholarly and attractive guide should appeal to many beyond medievalist circles it will not be superseded for a long time THE TIMES LITERARY SUPPLEMENT BRIAN MURDOCHis head of the Department of German at Stirling University A Complete Parochial History of the County of Cornwall Joseph A History of the Diocese of Exeter Robert James Edmund Boggis, 1922 Polsue.1868 A Social History of Disability in the Middle Ages Irina Metzler, 2013 What was it like to be disabled in the Middle Ages How did people become disabled Did welfare support exist This book discusses social and cultural factors affecting the lives of medieval crippled deaf mute and blind people those nowadays collectively called disabled Although the word did not exist then many of the experiences disabled people might have today can already be traced back to medieval social institutions and cultural attitudes This volume informs our knowledge of the topic by investigating the impact medieval laws had on the social position of disabled people and conversely how people might become disabled through judicial actions ideas of work and how work could both cause disability through industrial accidents but also provide continued ability to earn a living through occupational support networks the disabling effects of old age and associated physical deteriorations and the changing nature of attitudes towards welfare provision for the disabled and the ambivalent role of medieval institutions and charity in the support and care of disabled people Lives of the bishops of Exeter, and a history of the cathedral, with an illustrative appendix.
