The History of Ireland (Classic Reprint) Thomas Wright,2017-11-22 Excerpt from The History of Ireland The struggle for liberty of trade seems to have been this session carried to the other side of the channel where it was warmly debated in the English house of commons The state of Ireland had grown so calamitous and alarming that it called for immediate attention and relief There began to appear in England a strong feeling of sympathy for the sister island and the subject was alluded to on several occasions in the English house of commons until at length on the second of April lord Nugent moved that a committee of the whole house should be appointed to consider of the trade of Ireland He observed that the conduct of Great Britain towards its sister kingdom had been no less impolitic than unjust and that the present situation of public affairs called particularly on this country to enter into a revision of the Irish trade laws The only Opposition which showed itself against this measure at first originated with a few gentlemen who from their situation as representatives of manufacturing towns or counties entered into the prejudices of their constituents About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original
