Music is a human activity which involves structured and audible sounds which is used for artistic or aesthetic entertainment or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European influenced classical music: melody, harmony, rhythm, tone, color, timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody which is a succession of notes heard as some sort of unit, chord which is a simultaneity of notes heard as some sort of unit, chord progression which is a succession of chords, simultaneity succession, harmony which is the relationship between two or more pitches, counterpoint which is the simultaneity and organization of different melodies, and rhythm which is the organization of the durational aspects of music.
