Magbaily Fyle, 1988 [The Paradoxes of History and Memory in Post-Colonial Sierra Leone](#) Sylvia Ojukutu-Macauley, Ismail Rashid, 2013-10-10 This anthology reflects the complex processes in the production of historical knowledge and memory about Sierra Leone and its diaspora since the 1960s The processes while emblematic of experiences in other parts of Africa contain their own distinctive features The fragments of these memories are etched in the psyche bodies and practices of Africans in Africa and other global landscapes and on the other hand are embedded in the various discourses and historical narratives about the continent and its peoples Even though Africans have reframed these discourses and narratives to reclaim and re center their own worldviews agency and experiences since independence they remained until recently heavily sedimented with Western colonialist and racist ideas and frameworks This anthology engages and interrogates the differing frameworks that have informed the different practices professional as well as popular of retelling the Sierra Leonean past In a sense therefore it is concerned with the familiar outline of the story of the making and unmaking of an African nation and its constituent race ethnic class and cultural fragments from colonialism to the present Yet Sierra Leone the oldest and quintessential British colony and most Pan African country in the continent provides interesting twists to this familiar outline The contributors to this volume who consist of different generations of very accomplished and prominent scholars of Sierra Leone in Africa the United States and Europe provide their own distinctive reflections on these twists based on their research interests which cover ethnicity class gender identity formation nation building resistance and social conflict Their contributions engage various paradoxes and transformative moments in Sierra Leone and West African history They also reflect the changing modes of historical practice and perspectives over the last fifty years of independence [Sierra Leone](#) Bankole Kamara Taylor, 2014-02 This work looks at Sierra Leone its people and history Other subjects are also covered to provide a general introduction to the country It is not intended for academic specialists and it is not an in

depth study of the country It is written from the perspective of a layman or general reader who simply wants to know some important things about this West African country Sierra Leone is one of the oldest countries in Africa And before it won independence in 1961 it was also one of the oldest colonies on the continent Only two African countries won independence in 1961 both from the same colonial power Great Britain They were Sierra Leone on 27 April and Tanganyika on 9 December The history of Sierra Leone is also one of the most tragic But Sierra Leone still is one of the most fascinating countries on the continent in spite of the horrendous tragedy it went through during the civil war in the 1990s The fact that it emerged intact from that brutal conflict is strong testimony to the resilience of the Sierra Leonean people against overwhelming odds which could have broken weaker souls
