The History Of The Bedford Light Artillery 18611865:

The History of the Bedford Light Artillery Joseph Armstrong Graves, 1903 Confederate Artilleryman 1861-65 Philip Katcher, 2013-10-20 An illustrated exploration of what it was like to be a Confederate Artilleryman in the American Civil War In the heady days of the rush to arms in 1861 comparatively few Southern men volunteered for service in the artillery most preferred the easily accessible glory of the infantry or cavalry Yet those that did quickly earned the respect of their fellow soldiers and a reputation for being able to pull through deeper mud ford deeper springs shoot faster swear louder than any other class of men in the service Given that field artillery was invariably deployed in front of the troops that it was supporting the artillerymen were exposed to a high level of enemy fire and losses were significant This title guides the reader through the life and experiences of the Confederate cannoneer where he came from how he trained and lived how he dressed ate and was equipped and how he fought History of the Fifth Massachusetts Battery United States. Army. Massachusetts Artillery Battery, 5th (1861-1865),1902 Artillery Hell Curt Johnson, Richard Claire Anderson, 1995 Five essays detail the artillery used by both Union and Confederate forces in the Battle of Antietam near Sharpsburg Maryland in September 1862 The core essay was written in 1940 for the National Park Service but first published here Together they discuss the types and capabilities of the artillery pieces the problems faced by the commanders and what can be conjectured about their placement and engagement Also includes six reports by Union officers just after the battle Annotation copyright by Book News Inc Portland OR Confederate Artillery Organizations F. Ray Sibley, Jr., 2014-09-08 Confederate Artillery Organizations An Alphabetical Listing of the Officers and Batteries of the Confederacy 1861 1865 is a remarkable immensely useful and exceedingly rare book containing the names of the officers and every Confederate artillery unit It is so rare that most scholars in the field don't even know of its existence It was originally published as simply Confederate Artillery Organizations by the U S War Department in 1898 one of Marcus J Wright's compilation aids to help assemble and organize the massive publication that would appear as the 128 volume The War of the Rebellion A Compilation of the Official Records of the Union and Confederate Armies 1880 1901 known to researchers and students alike as simply Official Records Editor Ray Sibley spent more than a decade researching the thousands of entries correcting mistakes and adding many artillery units and additional officers unknown to the original compilers more than a century ago Sibley utilized archival records manuscripts letters diaries and other sources to verify the original work correct mistakes and add further useful information in the form of hundreds of valuable footnotes This new updated and easy to use reference work sets forth the linage of the Confederate artillery It lists in alphabetical order individual batteries to artillery regiments the names and alternate names for the batteries and the names of the men who led them Also included are the dates of acceptance into Confederate service for each unit Most companies have an annotation that includes an alternate name if there was one and the date if a unit disbanded or was merged into another organization. The annotations for officers include date of appointment date of promotion to a higher

grade if any date of transfers if any date dropped from rolls if any and date relieved of command if any Confederate Artillery Organizations also contains four rare and hard to find lists of Confederate artillery officers Memorandum of Artillery Officers C S A List of Officers Corps of Artillery C S Army on U S Register of 1861 Superintendents of Armories and Military Store Keeper of Ordnance These lists illustrate the ranking of each officer in his respective grade The extensive bibliography prepared by Mr Sibley is an invaluable guide to Civil War historiography Scholars researchers and students of the Civil War will be thankful Ray Sibley turned his considerable talents to this project His tireless efforts made sure this rare book got back into print including all digital formats and turned what was once a valuable rare work into a reference book that is now both widely available and absolutely indispensable The National Union Catalog, Pre-1956 Imprints Library of Congress, American Library Association. Rhodes, 1894 Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library, Research Libraries, 1979 The Soldier's Words Kenn Woods, 2015-06-17 Since I began Civil War re enacting in 1988 there have been two schools of thought regarding the uniform of the Confederate soldiers. One is that the Rebels were never ragged that was just a romantic myth started after the war The other school of thought is that the Rebels were always ragged and wore whatever they could get their hands on I decided that the best way to discover the truth is by investigating what the soldiers themselves said regarding their clothing through letters diaries and memoirs This book uses the soldiers own words regarding Confederate uniforms and includes many surprising anecdotes and some firsts regarding incidents of the Civil War **Regimental Publications & Personal** Narratives of the Civil War: Southern, Border, and Western states and territories; Federal troops; Union and Confederate biographies ,1967 Bulletin of the Public Library of the City of Boston Boston Public Library,1905 **Atlanta Campaign** David A. Powell, 2024-05-15 For scope drama and importance the Atlanta Campaign was second only to Ulysses S Grant's Overland Campaign in Virginia Despite its criticality and massive array of primary source material it has lingered in the shadows of other campaigns and has yet to receive the treatment it deserves Powell's The Atlanta Campaign Volume 1 Dalton to Cassville May 1 19 1864 the first in a proposed five volume treatment ends that oversight Once Grant decided to go east and lead the Federal armies against Robert E Lee's Army of Northern Virginia he chose William T Sherman to do the same in Georgia against Joseph E Johnston and his ill starred Army of Tennessee Sherman s base was Chattanooga Johnston's was Atlanta The grueling campaign opened on May 1 1864 While Grant and Lee grappled with one another like wrestlers Sherman and Johnston parried and feinted like fencers Johnston eschewed the offensive while hoping to lure Sherman into headlong assaults against fortified lines Sherman disliked the uncertainty of battle and preferred

maneuvering When Johnston dug in Sherman sought his flanks and turned the Confederates out of seemingly impregnable positions in a campaign noted Civil War historian Richard M McMurry dubbed the Red Clay Minuet Contrary to popular belief Sherman did not set out to capture Atlanta His orders were to move against Johnston's army to break it up and to get into the interior of the enemy's country inflicting all the damage you can against their war resources No Civil War army could survive long without its logistical base and Atlanta was vital to the larger Confederate war effort As Johnston retreated Southern fears for the city grew As Sherman advanced Northern expectations increased This first installment of The Atlanta Campaign relies on a mountain of primary source material and extensive experience with the terrain to examine the battles of Dalton Resaca Rome Crossroads Adairsville and Cassville the first phase of the long and momentous campaign While none of these engagements matched the bloodshed of the Wilderness or Spotsylvania each witnessed periods of intense fighting and key decision making The largest fight Resaca produced more than 8 000 killed wounded and missing in just two days In between these actions the armies skirmished daily in a campaign its participants would recall as the 100 days fight Like Powell's The Chickamauga Campaign trilogy this multi volume study breaks new ground and promises to be this generation's definitive treatment of one of the most important and fascinating confrontations of the entire Civil War Military Bibliography of the Civil War: Regimental publications and personal narratives: Southern, Border, and Western States and Territories; Federal troops. Union and confederate biographies Charles Emil Dornbusch, 1967 **Players Plans & Pawns** Kevin Campbell, 2016-02-23 Thousands of inkwells have been emptied documenting the Campaign and Battle of Gettysburg And while nearly all aspects of the campaign have been explored in one form or another this work attempts to weave the tapestry of the campaign from the viewpoints activities and decisions of its participants From men at the highest levels of command to those on the battle line all would play a part in the drama which unfolded in Southern Pennsylvania The persona character military bearing and skill of those who fought the greatest battle ever to occur on the North American continent would be forged not only during the war but for some many years prior to the conflict This is the opening act of their story

Gettysburg, Day Three Jeffry D. Wert,2015-05-26 Jeffry D Wert re creates the last day of the bloody Battle of Gettysburg in astonishing detail taking readers from Meade's council of war to the seven hour struggle for Culp's Hill the most sustained combat of the entire engagement Drawing on hundreds of sources including more than 400 manuscript collections he offers brief excerpts from the letters and diaries of soldiers He also introduces heroes on both sides of the conflict among them General George Greene the oldest general on the battlefield who led the Union troops at Culp's Hill A gripping narrative written in a fresh and lively style Gettysburg Day Three is an unforgettable rendering of an immortal day in our country's history Monthly Bulletin of Books Added to the Public Library of the City of Boston Boston Public Library, 1905

valuable genealogical source is not overlooked The author traveled to each of the Confederate and border states to determine exactly what Confederate records are to be found in those state archives and libraries Introd **Guide to Missouri** Confederate Units, 1861-1865 James E. McGhee, 2011-07 Tracing the origins and history of Missouri Confederate units that served during the Civil War is nearly as difficult as comprehending the diverse politics that produced them Deeply torn by the issues that caused the conflict some Missourians chose sides enthusiastically others reluctantly while a number had to choose out of sheer necessity for fence straddling held no sway in the state after the fighting began The several thousand that sided with the Confederacy formed a variety of military organizations some earning reputations for hard fighting exceeded by few other states North or South Unfortunately the records of Missouri's Confederate units have not been adequately preserved officially or otherwise until now James E McGhee is a highly respected and widely published authority on the Civil War in Missouri the scope of this book is startling the depth of detail gratifying its reliability undeniable and the unit narratives highly readable McGhee presents accounts of the sixty nine artillery cavalry and infantry units in the state as well as their precedent units and those that failed to complete their organization Relying heavily on primary sources such as rosters official reports order books letters diaries and memoirs he weaves diverse materials into concise narratives of each of Missouri s Confederate organizations He lists the field grade officers for battalions and regiments companies and company commanders and places of origin for each company when known In addition to listing all the commanding officers in each unit he includes a bibliography germane to the unit while a supplemental bibliography provides the other sources used in preparing this unique and comprehensive resource The Maps of Spotsylvania Through Cold Harbor Bradley M. Gottfried, 2023-01-04 The Maps of Spotsylvania through Cold Harbor continues Bradley M Gottfried's efforts to study and illustrate the major campaigns of the Civil War s Eastern Theater This is the ninth book in the ongoing Savas Beatie Military Atlas Series After three years of bloody combat in Virginia President Abraham Lincoln promoted Ulysses S Grant to general in chief in early 1864 Grant immediately went to work planning a comprehensive strategy to bring an end to the war He hungered to remain with the Western armies but realized his place was in Washington Unwilling to be stuck in an office Grant joined George Meade's Army of the Potomac His presence complicated Meade's ability to direct his army but Grant promised to stay out of his way and give only strategic directives This arrangement lasted through the Wilderness Campaign the first action in what is now referred to as the Overland Campaign This book continues the actions of both armies through the completion of the Overland Campaign After the Wilderness fighting the Army of the Potomac attempted to swing around the right flank of Gen Robert E Lee's Army of Northern Virginia and shoot straight for Richmond The Confederate capital was never the goal the move was intended to force Lee out into the open where the larger and well stocked Union army could destroy it The head of Lee's army blunted the enemy at Spotsylvania Court House where both sides dug in Days and men were wasted on fruitless attacks until Col Emery Upton designed an audacious strike that temporarily penetrated Lee s

works A much larger offensive against the Mule Shoe two days later tore the line open destroyed a Rebel division and triggered a long day of fighting More fighting convinced Grant of the folly of further attempts to crush Lee at Spotsylvania and again he swung around the Rebel right flank The march ignited almost continuous fighting at the North Anna Bethesda Church and Cold Harbor where this volume ends This study includes the various cavalry actions including those at Spotsylvania Court House Yellow Tavern Haw s Tavern and Matadequin Creek The Maps of Spotsylvania through Cold Harbor breaks down the entire operation into thirty five map sets or action sections enriched with 134 detailed full page color maps These cartographic originals bore down to the regimental and battery level and include the march to and from the battlefields and virtually every significant event in between At least two and as many as ten maps accompany each map set Keyed to each piece of cartography is a full facing page of detailed footnoted text describing the units personalities movements and combat including quotes from eyewitnesses depicted on the accompanying map all of which make the Spotsylvania story come alive This unique presentation allows readers to easily and quickly find a map and text on any portion of the campaign from the march to Spotsylvania to Cold Harbor Serious students will appreciate the extensive and authoritative endnotes and complete order of battle Everyone will want to take the book along on trips to these battlefields Perfect for the easy chair or for stomping the hallowed ground The Maps of Spotsylvania through Cold Harbor is a seminal work that belongs on the bookshelf of every serious student of the battle
