Pseudoscience and the Paranormal Terence Hines, 2010-09-30 Television the movies and computer games fill the minds of their viewers with a daily staple of fantasy from tales of UFO landings haunted houses and communication with the dead to claims of miraculous cures by gifted healers or breakthrough treatments by means of fringe medicine The paranormal is so ubiquitous in one form of entertainment or another that many people easily lose sight of the distinction between the real and the imaginary or they never learn to make the distinction in the first place In this thorough review of pseudoscience and the paranormal in contemporary life psychologist Terence Hines teaches readers how to carefully evaluate all such claims in terms of scientific evidence Hines devotes separate chapters to psychics life after death parapsychology astrology UFOs ancient astronauts cosmic collisions and the Bermuda Triangle faith healing and more New to this second edition are extended sections on psychoanalysis and pseudopsychologies especially recovered memory therapy satanic ritual abuse facilitated communication and other questionable psychotherapies There are also new chapters on alternative medicine which is now marketed in our drug stores and on environmental pseudoscience with special emphasis on the evidence that certain technologies like cell phones or environmental agents like asbestos cause cancer Finally Hines discusses the psychological causes for belief in the paranormal despite overwhelming evidence to the contrary This valuable highly interesting and completely accessible analysis critiques the whole range of current paranormal claims

Regret the Error Craig Silverman, 2010-09-10 We regret the error it's a phrase that appears in newspapers almost daily the standard notice that something went terribly wrong in the reporting editing or printing of an article From Craig Silverman the proprietor of www.RegretTheError.com one of the Internet's most popular media related websites comes a collection of funny shocking and sometimes disturbing journalistic slip ups and corrections On display are all types of media inaccuracy

from fuzzy math to obiticide printing the obituary of a person very much alive and well to complete and utter ethical lapses While some of the errors can be laugh out loud funny the book contains a sobering journey through the history of media mistakes including the outrageous hoaxes that dominated newspapers during the circulation wars of the 19th century and a serious muckraking investigation of contemporary journalism s lack of accountability to the public It shines a spotlight on the media s carelessness and the sometimes tragic and calamitous consequences of weak or non existent fact checking
