The Hollywood Exiles:

The Hollywood Exiles John Baxter, 1976 Baxter describes the interaction between the American film industry and international actors and directors

The Hollywood Exiles John Baxter, 1976 Hollywood Exiles in Europe Rebecca Prime, 2014-01-14 Rebecca Prime documents the untold story of the American directors screenwriters and actors who exiled themselves to Europe as a result of the Hollywood blacklist During the 1950s and 1960s these Hollywood migrants directed wrote or starred in almost one hundred European productions their contributions ranging from crime film masterpieces like *Du rififi chez les hommes* 1955 Jules Dassin director to international blockbusters like *The Bridge on the River Kwai* 1957 Carl Foreman and Michael Wilson screenwriters and acclaimed art films like *The Servant* 1963 Joseph Losey director At once a lively portrait of a lesser known American lost generation and an examination of an important transitional moment in European cinema the book offers a compelling argument for the significance of the blacklisted migrants to our understanding of postwar American and European cinema and Cold War relations Prime provides detailed accounts of the production and reception of their European films that clarify the ambivalence with which Hollywood was regarded within postwar European culture Drawing upon extensive archival research including previously classified material *Hollywood Exiles in Europe* suggests the need to rethink our understanding of the Hollywood blacklist as a purely domestic phenomenon By shedding new light on European cinema's changing relationship with Hollywood the book illuminates the postwar shift from national to transnational cinema

Cold War Exiles in Mexico Rebecca Mina Schreiber, 2008 The onset of the Cold War in the 1940s and 1950s precipitated the exile of many U S writers artists and filmmakers to Mexico Rebecca M Schreiber illuminates the work of these cultural exiles in Mexico City and Cuernavaca and reveals how their artistic collaborations formed a vital and effective culture of resistance

Weimar in Exile Jean-Michel Palmier, 2017-01-31 A magisterial history of the artists and writers who left Weimar when the Nazis came to power In 1933 thousands of intellectuals artists writers militants and other opponents of the Nazi regime fled Germany They were in the words of Heinrich Mann the best of Germany refusing to remain citizens in this new state that legalized terror and brutality Exiled across the world they continued the fight against Nazism in prose poetry painting architecture film and theater *Weimar in Exile* follows these lives from the rise of national socialism to their return to a ruined homeland retracing

their stories struggles setbacks and rare victories The dignity in exile of Walter Benjamin Ernst Bloch Bertolt Brecht Alfred D
 blin Hanns Eisler Heinrich Mann Thomas Mann Anna Seghers Ernst Toller Stefan Zweig and many others provides a
 counterpoint to the story of Germany under the Nazis **The ^ADream Endures** Kevin Starr,2002-11-28 What we now call
 the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing
 sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits
 were all a part of the good life perhaps California s most distinctive influence of the 1930s In The Dream Endures Kevin Starr
 shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define
 American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand
 natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in Endangered
 Dreams the fourth volume of his classic history of California In The Dream Endures Starr reveals the other side of the picture
 examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs
 where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where
 Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San
 Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph
 Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California
 for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures
 Hollywood films and the society that surrounded the studios Starr offers an astute discussion of the European refugees who
 arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were
 drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht
 Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them
 attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams
 for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr
 despite the city s beauty and commercial importance San Francisco s most important achievement was the sense of well
 being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like
 Edward Weston and Ansel Adams hard boiled fiction writers or the new breed of female star Marlene Dietrich Jean Harlow
 Bette Davis Carole Lombard and the improbable Mae West The Dream Endures is a brilliant social and cultural history in
 many ways the most far reaching and important of Starr s California books **European and Latin American Social**
Scientists as Refugees, Émigrés and Return-Migrants Ludger Pries,Pablo Yankelevich,2018-10-28 During the 1930s
 thousands of social scientists fled the Nazi regime or other totalitarian European regimes mainly towards the Americas The
 New School for Social Research NSSR in New York City and El Colegio de M xico Colmex in Mexico City both were built

based on receiving exiled academics from Europe Comparing the first twenty years of these organizations this book offers a deeper understanding of the corresponding institutional contexts and impacts of emigrated exiled and refugee academics It analyses the ambiguities of scientists situations between emigration return migration and transnational life projects and examines the corresponding dynamics of application adaptation or amalgamation of travelling theories and methods these academics brought Despite its institutional focus it also deals with the broader context of forced migration of intellectuals and scientists in the second half of the last century in Europe and Latin America In so doing the book invites a deeper understanding of the challenges of forced migration for scholars in the 21st century **Michael Curtiz** Alan K.

European Writers in Exile Robert C. Hauhart,Jeff Birkenstein,2018-10-26 *European Writers in Exile* collects a series of original essays that address the writers universal existential dilemma when viewed through the lens of exile who am I where am I from and what

do I write and to whom While we often understand the term exile to refer to writers who have either been forced to leave their home country or region or chosen self exile this term need not be defined so narrowly and the contributors to this volume explore a range of interesting and evolving definitions Various countries in Europe have long been both a refuge for people and writers from many countries and a strife torn region which has forced many to flee within the continent or beyond it The phrase in exile involves writers moving across borders in multiple directions and for multiple reasons including for reasons of duress or personal quest and these themes are addressed and critiqued in these essays This volume naturally examines the cataclysmic and near universal exilic experiences relating to the world wars including essays on Thomas Mann Vladimir Nabokov Hannah Arendt and Leo Strauss Additionally essays address the unique early twentieth century experiences of Emile Zola Franz Kafka Joseph Conrad and James Joyce More contemporary essay subjects include Milan Kundera Norman Manea Eva Hoffman Caryl Phillips and W G Sebald This collection of transnational globalized European literature studies envisions understanding the intersection of our contemporary world and various writers in exile in new cultural historical spatial and epistemological frameworks How does literary production in an increasingly globalized world when seen from exile affect a view back towards a country or region left behind Or conversely how does exile push a writer to look outward to new trans nationalized space s These and other questions are important to investigate Taken in sum European Writers in Exile offers an academically rigorous important and cohesive volume
