Retranslating the Bible and the Qur'an Pieter Boulogne, Marijke H. de Lang, Joseph Verheyden, Despite the lively scholarly discourse on retranslation and its manifest value for uncovering dynamics of cultural change interpretation and reception the retranslation of religious texts has received only fragmented attention in recent years By spanning both historical and current aspects and by treating the Bible and the Qur an together this book breaks new ground and paves the way for future research on the myriad discursive and religious aspects of retranslation This carefully curated collection of articles compellingly argues that the retranslation of canonical religious texts is a multi faceted phenomenon With cases ranging in time from the early Reformation to the present and traversing linguistic contexts from Russia to Sweden Slovenia to Saudi Arabia the essays capture diverse dimensions of retranslation work The collection demonstrates that retranslations of such texts manifest in different forms depending on the religious political and societal circumstances the targeted audiences and the status of existing translations Their reception too may vary greatly depending on those same circumstances Authored by specialists in the different fields of retranslation of the Bible and the Qur an each contribution illustrates this complexity and offers a fresh perspective and insight that help lay the groundwork for future research in this English Translation of the Holy Quran Maulana Muhammad Ali, 2011-01-19 Language updated and area of study notes abridged by the Editor The English translation of the Holy Quran with extensive explanatory footnotes by Maulana Muhammad Ali d 1951 was first published in 1917 Due to changes in the usage and teaching of English in the second half of the twentieth century such a reader today is much less familiar with certain forms and styles of literary expression used in the translation than was the case with previous generations To bring the language closer to the general readership it became necessary to replace some expressions by more modern forms This has been my aim in producing the present updated version of the translation The Our'an Abdullah Saeed, 2008-01-15 There is much more to the Our an than the selective quotations favoured by Islamic fundamentalists This book provides a student friendly guide to the many ways in which the Qur an can be read Designed for both Muslims and Western non Muslim students it examines the Qur an in Western scholarship as well as giving an overview of the rich interpretive traditions from the time of the Prophet Muhammad to the present day This guide is a concise introduction to all aspects of the Qur an history understanding and interpretation providing coverage of both pre modern and modern periods plenty of examples to illustrate key points and aid student
